20TH YEAR. NO. 6. EAST LIVERPOOL, O., THURSDAY, JANUARY 8, 1903. TWO CENTS.

THE EAST END BADLY OFF FOR A WATER SUPPLY

Manufacturers Propose to Loan Money to Water Works Trustees to Improve the Service There.

THE INSURANCE COMPANIES DECLINING RISKS

The question of water supply for the East End has become of vast moment to the manufacturing interests of that portion of the city and measures for relief must be taken at once. That entire section is supplied with water from an 8-inch main along the river front and it is held to be insufficient for effective use in case of fire. The Western Factory Insurance association, which represents, with scarcely an exception, the companies writing special hazard risks in this city, has informed the owners of several East End enterprises that the insurance companies have been cautioned about doing any business in that part of town.

At the meeting of the water works trustees last evening Messrs. Joseph G. Lee, representing the Potters' Milling and Mining company; and Ben Harker, and F. T. Kitchell, representing the Homer Laughlin China company, appeared and petitioned the trustees to provide a more adequate water service. The trustees were told of the stand taken by the insurance companies and the menace to the East End industries was pointed out to them. The request was made that another water main be laid from the reservoir along Pennsylvania avenue to the East End. A 12-inch main was asked for.

Letters from several insurance companies who have risks in the affected district were read to the board. All these letters were of the same general tone and to the effect all new business was being declined and that the risks now carried would not be taken again after the expiration of the present policies. The reason for this action is given as a vital lack of protection. A strong appeal was made to the trustees to grant the relief prayed for, but they declined to aid in the matter, stating there were no funds with which to meet the cost of providing the additional main.

SECRETARY ROOT, WHO MAY SOON LEAVE THE CABINET.

It is said that Elihu Root, secretary of war, will soon resign from President Roosevelt's cabinet and that he will be succeeded by William H. Taft, governor of the Philippines. Secretary Root will resume the practice of law in New York.

BOYD, HOT ON THE TRAIL OF THE STREET RAILROAD, FILES LIST OF GRIEVANCES

Wellsville Solicitor Petitions For Vacation of Franchise—Mandamus on Commissioners to Be Sought.

After one day's solid work, City Solicitor Boyd, of Wellsville, has at last prepared a petition which he will file some time today in common pleas court against the East Liverpool Railway company and the United Power company, to compel them to vacate their franchise.

The petition is a long one and states many grievances which the city of Wellsville holds against the two companies. Attached to the petition is a copy of the ordinance which was passed by the council which granted the street railway company a franchise to maintain and operate a line through the city. The main points of the petition follow:

According to the franchise the street railway company was to furnish steel girder rails of the most improved pattern, the rails to have a three inch flange. The rails which the street railway company have laid through the city streets are steel girder rails, but are not the most improved pattern and do not have the required three inch flange.

Much complaint has been made, during the past two years, to council, about the rails by citizens who have occasion to drive vehicles through the streets along which the street railway track is laid. Vehicles cannot safely ride in the tracks, a matter that could be avoided with three inch flange rails.

The franchise calls for the most modern and improved street cars with first class trucks. These have not been furnished by the street railway company.

The street cars, according to the terms of the franchise are to run as often as the public convenience, or the city council may demand, a clause which has been totally ignored by the street railway company. City Solicitor Boyd believes that in order for the company to fully comply with this clause an all night service should be maintained for the accommodation of the railroad men and the mill men who are in need of the cars at all hours.

It is alleged that the street railway company has violated the terms of another clause in the franchise in

UNIONS TO FIGHT DESERT LAND LAW

Trades Council Took Favorable Action On an Appeal Last Night.

WILL APPEAL TO CONGRESS

Label Committee Will Advertise the Unfair List of the American Federation of Labor Each Month in the Future.

When the plan suggested by the label committee of Trades Council at the meeting last night has been put into execution, there will be no excuse for any one who believes in buying fair goods made by fair workmen failing to do so.

For some time past the committee has been very active, and noting the growing tendency on the part of some unionists to purchase non-union goods and the indifference of many others in matters of this character, the members resolved upon a plan and it was adopted.

The list of unfair concerns issued by the American Federation of Labor each month will be reproduced in circular form and circulated among the union men of the city through the secretaries of the several unions. From one month to another this list will be revised and a new issue made. If the plan as it was suggested by the committee is carried out there will be a small amount of non-union merchandise sold in East Liverpool.

The meeting was one of the most interesting held in many months. There were but two new delegates to be taken in, they being Harry F. Jeanguenat, from Bartenders' union No. 431, and Mr. Donahue, from the barbers.

Under the head of communications and bills a circular letter was received from local union No. 5, Wall Paper Makers, of New Brunswick, N. J. where a strike is in progress. The concern had treated its employes badly and agreements had been broken with impunity. The letter stated the fight was on in dead earnest, and the union requested that a committee be appointed to call upon local dealers and endeavor to induce them to refrain from patronizing the firm in question. The appeal was granted and Fred Pennington, of No. 25; E. E. Spivey, of the Carpenters, and Mr. Hatton, from the Painters' local, were appointed on the committee.

This committee will not only urge the local wallpaper men to quit handling the product, but will bring the matter to the attention of the painters' and paper hangers' union with the request that its members refuse to hang the stuff.

The following communication, which fully explains itself, was received from the Chicago Federation of Labor:

"Dear Sir and Brother:

"There is a fight on in congress now which we ought to take hold of quick and strong.

"We got the National irrigation law through in the last session of congress, and there is now over $10,000,000 in the treasury to build government irrigation works.

"But the land thieves are stealing the government land so fast under the

BOOM STARTED FOR J. C. WELTY

Stark County Man Put Forward As a Democratic Candidate For Governor.

HERRICK STOCK IS RISING

His Friends Are Very Confident—No Such Office As City Engineer Under the New Code—Present o State Flag to Lisbon Teacher.

From a Staff Correspondent.

Columbus, January 8. — Senator Hurst, of Tuscarawas county started a boom for the Democratic nomination for governor for Hon. John C. Welty, of Canton, who, he says, can get the support of eastern Ohio as a starter. The announcement is believed to be a feeler. It has become the custom for aspirants for political preferment to have it announced from an indirect source they are candidates for office so in case it develops they cannot win they can say their reported candidacy was a mistake and thereby escape the humiliation of defeat. Welty has tried several times to get the nomination but was never able to make the riffle. Were he the only candidate in eastern Ohio he could doubtless get the solid support of that part of the state. Hon. James A. Rice, of Canton, has also been mentioned as a gubernatorial possibility, but he has given no intimation that he will run. Colonel Kilbourne, of Columbus, who was the Democratic candidate for governor two years ago is being urged to be a candidate for mayor of this city. He is very popular here.

The political stock of Myron T. Herrick, of Cleveland, is booming. Word has been received here that both Stark and Mahoning counties are for Herrick, and a gentleman from the former county prominent in official and political circles, said in this city yesterday he would not be surprised if all opposition to Herrick would vanish long before the time for the convention. State Labor Commissioner M. D. Ratchford, who has returned from Stark county, says the persons he talked to there were strongly in favor of Herrick. He stated, however, the other candidates also had friends in Stark county. They regard Herrick as a near neighbor.

Replying to a query from Attorney W. A. Snediker, of Wellsville, Special Counsel Smith W. Bennett, of the attorney general's department, rendered an opinion that there would be no such officer as civil engineer under the new code, but that under section 145 the board of public works could appoint an engineer who would be an employ but not an officer.

Mrs. Charles Gore and son, Carl, have gone to Kensington to spend two weeks at the home of Mrs Gore's mother, Mrs. Robert George.

State Librarian C. B. Galbreath secured and sent to Miss Rena Cullen, a teacher at Negley, Columbiana county, a flag of Ohio which will be unfurled at a celebration to be held at her school. It is probably the first flag to go to Columbiana county. The law creating a state flag was passed by the legislature last spring. State Librarian Galbreath thinks it would be in keeping with the spirit of patriotism if all schools would use the state flag along with the national banner.

HEATER FIXINGS CARRIED AWAY

Rival of the Man Who Stole a Hot Stove Operated at Robert Burford's House.

QUICK CESSATION OF HEAT

Led to an Investigation And the Discovery That the Heating Apparatus Had Been Stripped of Everything That Could Be Moved.

One of the most daring and peculiar robberies reported to the police for some time was reported to Mayor Davidson at noon today.

Thieves last night entered the basement of the residence of Robert Burford, on Sixth street, and carried away almost every attachment belonging to a large hot water heater which is located in that part of the house. Tongs had been used extensively in their work, as it was necessary to disconnect almost every piece of the huge heater so that it could be carried conveniently.

The family had no knowledge of the presence of the thieves until nearly morning when the house became cold very suddenly. Thinking that there was perhaps something wrong with the heater Mr. Burford arose and going to the basement was startled to find that every available piece of brass and iron pipe attached to the boiler had suddenly disappeared, and there was absolutely no trace of where they had gone. He soon discovered that thieves had done the work, as the rear door was standing open, through which they had effected an entrance.

Before starting on the work of dismantling the heater the gas had been turned out and the water shut off, after which it was an easy matter, with the aid of a pair of tongs, to disconnect every piece of valuable pipe which the thieves desired to take with them.

Mr. Burford places his loss at from $100 to $200. The work was evidently done by junk thieves, as it is entirely out of the line of the ordinary robber who enters a house for the purpose of securing valuables.

The matter was reported to the mayor today and Officer Morris was detailed to work on the case. Every junk shop in this city and Wellsville will be searched, but it is feared that the thieves made goood their escape and will not attempt to dispose of the material here. They covered up their tracks completely and there is absolutely no clue for the police to work on.

DAMAGES AWARDED TO J. W. PHILLIPS

HE IS THE MAN WHO SUED THE ADAMS EXPRESS COMPANY.

Judge Hole Refused to Grant a Wellsville Man's Petition For a Divorce.

Lisbon, January 8.—(Special)—A special venire was issued yesterday for a jury to hear a case while the jury was out in the case of J. W. Phillips against the Adams Express company. After being out about three hours the jury in the latter case brought in a verdict for the plaintiff awarding damages in the sum of $144.66.

Owen Roberts, the Wellsville incorrigible, was yesterday afternoon sentenced to the reform school at Lancaster, with sentence suspended during good behavior. Friends of Ernest Seal will make an effort to pay his fine which with the costs amounts to about $26.

In the case of John Hawke, of Wellsville, against Narcissa Hawke Judge Hole yesterday afternoon refused to allow a decree of divorce. The testimony showed that the defendant had left her husband 17 years ago on account of his drunkenness and that proceedings for alimony brought at that time were settled for $4,000. The husband based his petition for divorce on the assertion that his wife had been guilty of wilful absence, which he justified by setting up that he had reformed five years ago and that Mrs. Hawke refused to live with him.

In the damage case of Mary Law against the village of East Palestine a motion requiring the plaintiff to secure the costs of action has been sustained.

IMPERILED COAL BOAT WAS RESCUED TODAY

Tug Boat Ford City at Walker Today for This Purpose—Movements of the Packets.

The tug boat Ford City reached Walker from Pittsburg this morning to rescue the coal boat sunk Monday evening by the Frank Gilmore. The coal boat sprung a leak some miles above here and in spite of the constant use of the pumps it was impossible to keep it afloat. It was run close to shore by the Gilmore, who went on with the balance of the tow. Several thousand bushels of coal were lost, but the boat can be repaired with very little cost.

The river is falling today with 10 feet in the channel here. Business is getting better in spite of the poor facilities for getting freight to the wharf boat. The Greenwood is due at 6 o'clock tonight from Charleston and the Ben Hur from Pittsburg for Parkersburg at 9 o'clock.

TWO DAYS' STRIKE AT AKRON POTTERY

RESULTED FROM THE DISCHARGE OF A PIECE WORKER.

His Successor An East Liverpool Man And Trouble Was Caused By Hiring Him.

Akron, January 8.—(Special.)—A strike, which has been on for two days at the plant of the Akron China company, has been called off and the employes returned to work yesterday morning.

The trouble between the employes and the company resulted indirectly it is said, from the discharge of James Shane, a potter, who had been with the company for several years.

Between the company and the union to which the potters belong, there is an agreement that before any employe is discharged he shall be given two weeks' notice. It is also a part of the agreement that before any member of the union leaves the employ of the company he must give two weeks notice to the company. When Shane was discharged this agreement was lived up to by the company, it is said.

The trouble came over the hiring of a successor to Shane. The latter had charge of what is known as the decorating kilns and his work was "piece work." His successor, who was a potter from East Liverpool, started in to do his work by the day instead of by the piece. The members of the union opposed this change and the strike resulted Monday morning. The differences have been adjusted, however, and work was resumed Wednesday. It is understood that the East Liverpool potter will be discharged and that the work will be done by the piece as formerly.

When seen yesterday by a reporter Manager J. G. Ingalls, of the company said that he did not care to say anything about the strike. It had been settled, he said, and the trouble had been over the discharge of an employe. Beyond this he refused to make any statement.

Victim of Stupid Joke.

Miss Grace McDevitt who boards on Sixth street, and is one of the most highly respected yound ladies in the city, having came to this city from West Point, some time ago, called at the News Review today and stated the announcement made in a local paper this morning to the effect that she was to be married to Charles McDermott, on January 15, was untrue. Miss McDevitt believes she is the victim of a practical joker.

It leads—the News Review.

THE TOUGH GANGS ARE BROKEN UP

City Well Rid of Many Who Have Disturbed the Peace in the Past.

FEW ARRESTS NOWADAYS

The Mayor Says People Are So Busy That the Troublesome Element Has No Chance to Get Disorderly—Jail Empty.

When Mayor Davidson reached his office this morning for the purpose of dealing out justice to the several offenders that had probably been locked up during the night, he was agreeably surprised to find that not a single arrest has been made.

The general good order of the city is better than it has been for years and but very few arrests have been made during the past month, which speaks volumes for the police department and for the general prosperity of the people as well.

When speaking of the matter this morning to a News Review reporter Mayor Davidson said:

"We have less trouble with the element that are inclined to be disorderly when times are good than we do when work is scarce. This does not seem reasonable, but it is a fact. When the factories are idle this element, which I refer to, will congregate in different parts of the city and as a usual thing a disturbance of some kind is started almost every day. When we have work we are not bothered with this nuisance, and the general good order of the city is such that the officers have very little to do in the way of making arrests. In years gone by there were several bad gangs that gave the police almost continual trouble, but they have nearly all been broken up, and the most of them are either in the Canton workhouse or giving this city a wide berth, as the majority of them have no love for the Canton institution. Crip Cain was about the last bad character we have had to deal with, and I do not believe that he will return to this city while I am mayor. I do not propose that the people of this town shall be bothered with any one who will not obey the law."

For several years there was a bad gang that made the old glass house their headquarters. They made their living principally by petty thieving and begging, and but very few of them were ever convicted of a felony. This gang became such a nuisance to the police and the people of the town as well that a vigorous campaign was started last summer by the mayor

20TH YEAR. NO. 6. EAST LIVERPOOL, O., THURSDAY, JANUARY 8, 1903. TWO CENTS.

THE EAST END BADLY OFF FOR A WATER SUPPLY

Manufacturers Propose to Loan Money to Water Works Trustees to Improve the Service There.

THE INSURANCE COMPANIES DECLINING RISKS

The question of water supply for the East End has become of vast moment to the manufacturing interests of that portion of the city and measures for relief must be taken at once. That entire section is supplied with water from an 8-inch main along the river front and it is held to be insufficient for effective use in case of fire. The Western Factory Insurance association, which represents, with scarcely an exception, the companies writing special hazard risks in this city, has informed the owners of several East End enterprises that the insurance companies have been cautioned about doing any business in that part of town.

At the meeting of the water works trustees last evening Messrs. Joseph G. Lee, representing the Potters' Milling and Mining company; and Ben Harker, and F. T. Kitchell, representing the Homer Laughlin China company, appeared and petitioned the trustees to provide a more adequate water service. The trustees were told of the stand taken by the insurance companies and the menace to the East End industries was pointed out to them. The request was made that another water main be laid from the reservoir along Pennsylvania avenue to the East End. A 12-inch main was asked for.

Letters from several insurance companies who have risks in the affected district were read to the board. All these letters were of the same general tone and to the effect all new business was being declined and that the risks now carried would not be taken again after the expiration of the present policies. The reason for this action is given as a vital lack of protection. A strong appeal was made to the trustees to grant the relief prayed for, but they declined to aid in the matter, stating there were no funds with which to meet the cost of providing the additional main.

SECRETARY ROOT, WHO MAY SOON LEAVE THE CABINET.

It is said that Elihu Root, secretary of war, will soon resign from President Roosevelt's cabinet and that he will be succeeded by William H. Taft, governor of the Philippines. Secretary Root will resume the practice of law in New York.

BOYD, HOT ON THE TRAIL OF THE STREET RAILROAD, FILES LIST OF GRIEVANCES

Wellsville Solicitor Petitions For Vacation of Franchise—Mandamus on Commissioners to Be Sought.

After one day's solid work, City Solicitor Boyd, of Wellsville, has at last prepared a petition which he will file some time today in common pleas court against the East Liverpool Railway company and the United Power company, to compel them to vacate their franchise.

The petition is a long one and states many grievances which the city of Wellsville holds against the two companies. Attached to the petition is a copy of the ordinance which was passed by the council which granted the street railway company a franchise to maintain and operate a line through the city. The main points of the petition follow:

According to the franchise the street railway company was to furnish steel girder rails of the most improved pattern, the rails to have a three inch flange. The rails which the street railway company have laid through the city streets are steel girder rails, but are not the most improved pattern and do not have the required three inch flange.

Much complaint has been made, during the past two years, to council, about the rails by citizens who have occasion to drive vehicles through the streets along which the street railway track is laid. Vehicles cannot safely ride in the tracks, a matter that could be avoided with three inch flange rails.

The franchise calls for the most modern and improved street cars with first class trucks. These have not been furnished by the street railway company.

The street cars, according to the terms of the franchise are to run as often as the public convenience, or the city council may demand, a clause which has been totally ignored by the street railway company. City Solicitor Boyd believes that in order for the company to fully comply with this clause an all night service should be maintained for the accommodation of the railroad men and the mill men who are in need of the cars at all hours.

It is alleged that the street railway company has violated the terms of another clause in the franchise in

UNIONS TO FIGHT DESERT LAND LAW

Trades Council Took Favorable Action On an Appeal Last Night.

WILL APPEAL TO CONGRESS

Label Committee Will Advertise the Unfair List of the American Federation of Labor Each Month in the Future.

When the plan suggested by the label committee of Trades Council at the meeting last night has been put into execution, there will be no excuse for any one who believes in buying fair goods made by fair workmen failing to do so.

For some time past the committee has been very active, and noting the growing tendency on the part of some unionists to purchase non-union goods and the indifference of many others in matters of this character, the members resolved upon a plan and it was adopted.

The list of unfair concerns issued by the American Federation of Labor each month will be reproduced in circular form and circulated among the union men of the city through the secretaries of the several unions. From one month to another this list will be revised and a new issue made. If the plan as it was suggested by the committee is carried out there will be a small amount of non-union merchandise sold in East Liverpool.

The meeting was one of the most interesting held in many months. There were but two new delegates to be taken in, they being Harry F. Jeanguenat, from Bartenders' union No. 431, and Mr. Donahue, from the barbers.

Under the head of communications and bills a circular letter was received from local union No. 5, Wall Paper Makers, of New Brunswick, N. J. where a strike is in progress. The concern had treated its employes badly and agreements had been broken with impunity. The letter stated the fight was on in dead earnest, and the union requested that a committee be appointed to call upon local dealers and endeavor to induce them to refrain from patronizing the firm in question. The appeal was granted and Fred Pennington, of No. 25; E. E. Spivey, of the Carpenters, and Mr. Hatton, from the Painters' local, were appointed on the committee.

This committee will not only urge the local wallpaper men to quit handling the product, but will bring the matter to the attention of the painters' and paper hangers' union with the request that its members refuse to hang the stuff.

The following communication, which fully explains itself, was received from the Chicago Federation of Labor:

"Dear Sir and Brother:

"There is a fight on in congress now which we ought to take hold of quick and strong.

"We got the National irrigation law through in the last session of congress, and there is now over $10,000,000 in the treasury to build government irrigation works.

"But the land thieves are stealing the government land so fast under the

BOOM STARTED FOR J. C. WELTY

Stark County Man Put Forward As a Democratic Candidate For Governor.

HERRICK STOCK IS RISING

His Friends Are Very Confident—No Such Office As City Engineer Under the New Code—Present o State Flag to Lisbon Teacher.

From a Staff Correspondent.

Columbus, January 8. — Senator Hurst, of Tuscarawas county started a boom for the Democratic nomination for governor for Hon. John C. Welty, of Canton, who, he says, can get the support of eastern Ohio as a starter. The announcement is believed to be a feeler. It has become the custom for aspirants for political preferment to have it announced from an indirect source they are candidates for office so in case it develops they cannot win they can say their reported candidacy was a mistake and thereby escape the humiliation of defeat. Welty has tried several times to get the nomination but was never able to make the riffle. Were he the only candidate in eastern Ohio he could doubtless get the solid support of that part of the state. Hon. James A. Rice, of Canton, has also been mentioned as a gubernatorial possibility, but he has given no intimation that he will run. Colonel Kilbourne, of Columbus, who was the Democratic candidate for governor two years ago is being urged to be a candidate for mayor of this city. He is very popular here.

The political stock of Myron T. Herrick, of Cleveland, is booming. Word has been received here that both Stark and Mahoning counties are for Herrick, and a gentleman from the former county prominent in official and political circles, said in this city yesterday he would not be surprised if all opposition to Herrick would vanish long before the time for the convention. State Labor Commissioner M. D. Ratchford, who has returned from Stark county, says the persons he talked to there were strongly in favor of Herrick. He stated, however, the other candidates also had friends in Stark county. They regard Herrick as a near neighbor.

Replying to a query from Attorney W. A. Snediker, of Wellsville, Special Counsel Smith W. Bennett, of the attorney general's department, rendered an opinion that there would be no such officer as civil engineer under the new code, but that under section 145 the board of public works could appoint an engineer who would be an employ but not an officer.

Mrs. Charles Gore and son, Carl, have gone to Kensington to spend two weeks at the home of Mrs Gore's mother, Mrs. Robert George.

State Librarian C. B. Galbreath secured and sent to Miss Rena Cullen, a teacher at Negley, Columbiana county, a flag of Ohio which will be unfurled at a celebration to be held at her school. It is probably the first flag to go to Columbiana county. The law creating a state flag was passed by the legislature last spring. State Librarian Galbreath thinks it would be in keeping with the spirit of patriotism if all schools would use the state flag along with the national banner.

HEATER FIXINGS CARRIED AWAY

Rival of the Man Who Stole a Hot Stove Operated at Robert Burford's House.

QUICK CESSATION OF HEAT

Led to an Investigation And the Discovery That the Heating Apparatus Had Been Stripped of Everything That Could Be Moved.

One of the most daring and peculiar robberies reported to the police for some time was reported to Mayor Davidson at noon today.

Thieves last night entered the basement of the residence of Robert Burford, on Sixth street, and carried away almost every attachment belonging to a large hot water heater which is located in that part of the house. Tongs had been used extensively in their work, as it was necessary to disconnect almost every piece of the huge heater so that it could be carried conveniently.

The family had no knowledge of the presence of the thieves until nearly morning when the house became cold very suddenly. Thinking that there was perhaps something wrong with the heater Mr. Burford arose and going to the basement was startled to find that every available piece of brass and iron pipe attached to the boiler had suddenly disappeared, and there was absolutely no trace of where they had gone. He soon discovered that thieves had done the work, as the rear door was standing open, through which they had effected an entrance.

Before starting on the work of dismantling the heater the gas had been turned out and the water shut off, after which it was an easy matter, with the aid of a pair of tongs, to disconnect every piece of valuable pipe which the thieves desired to take with them.

Mr. Burford places his loss at from $100 to $200. The work was evidently done by junk thieves, as it is entirely out of the line of the ordinary robber who enters a house for the purpose of securing valuables.

The matter was reported to the mayor today and Officer Morris was detailed to work on the case. Every junk shop in this city and Wellsville will be searched, but it is feared that the thieves made goood their escape and will not attempt to dispose of the material here. They covered up their tracks completely and there is absolutely no clue for the police to work on.

DAMAGES AWARDED TO J. W. PHILLIPS

HE IS THE MAN WHO SUED THE ADAMS EXPRESS COMPANY.

Judge Hole Refused to Grant a Wellsville Man's Petition For a Divorce.

Lisbon, January 8.—(Special.)—A special venire was issued yesterday for a jury to hear a case while the jury was out in the case of J. W. Phillips against the Adams Express company. After being out about three hours the jury in the latter case brought in a verdict for the plaintiff awarding damages in the sum of $144.66.

Owen Roberts, the Wellsville incorrigible, was yesterday afternoon sentenced to the reform school at Lancaster, with sentence suspended during good behavior. Friends of Ernest Seal will make an effort to pay his fine which with the costs amounts to about $26.

In the case of John Hawke, of Wellsville, against Narcissa Hawke Judge Hole yesterday afternoon refused to allow a decree of divorce. The testimony showed that the defendant had left her husband 17 years ago on account of his drunkenness and that proceedings for alimony brought at that time were settled for $4,000. The husband based his petition for divorce on the assertion that his wife had been guilty of wilful absence, which he justified by setting up that he had reformed five years ago and that Mrs. Hawke refused to live with him.

In the damage case of Mary Law against the village of East Palestine a motion requiring the plaintiff to secure the costs of action has been sustained.

IMPERILED COAL BOAT WAS RESCUED TODAY

Tug Boat Ford City at Walker Today for This Purpose—Movements of the Packets.

The tug boat Ford City reached Walker from Pittsburg this morning to rescue the coal boat sunk Monday evening by the Frank Gilmore. The coal boat sprung a leak some miles above here and in spite of the constant use of the pumps it was impossible to keep it afloat. It was run close to shore by the Gilmore, who went on with the balance of the tow. Several thousand bushels of coal were lost, but the boat can be repaired with very little cost.

The river is falling today with 10 feet in the channel here. Business is getting better in spite of the poor facilities for getting freight to the wharf boat. The Greenwood is due at 6 o'clock tonight from Charleston and the Ben Hur from Pittsburg for Parkersburg at 9 o'clock.

TWO DAYS' STRIKE AT AKRON POTTERY

RESULTED FROM THE DISCHARGE OF A PIECE WORKER.

His Successor An East Liverpool Man And Trouble Was Caused By Hiring Him.

Akron, January 8.—(Special.)—A strike, which has been on for two days at the plant of the Akron China company, has been called off and the employes returned to work yesterday morning.

The trouble between the employes and the company resulted indirectly it is said, from the discharge of James Shane, a potter, who had been with the company for several years.

Between the company and the union to which the potters belong, there is an agreement that before any employe is discharged he shall be given two weeks' notice. It is also a part of the agreement that before any member of the union leaves the employ of the company he must give two weeks notice to the company. When Shane was discharged this agreement was lived up to by the company, it is said.

The trouble came over the hiring of a successor to Shane. The latter had charge of what is known as the decorating kilns and his work was "piece work." His successor, who was a potter from East Liverpool, started in to do his work by the day instead of by the piece. The members of the union opposed this change and the strike resulted Monday morning. The differences have been adjusted, however, and work was resumed Wednesday. It is understood that the East Liverpool potter will be discharged and that the work will be done by the piece as formerly.

When seen yesterday by a reporter Manager J. G. Ingalls, of the company said that he did not care to say anything about the strike. It had been settled, he said, and the trouble had been over the discharge of an employe. Beyond this he refused to make any statement.

Victim of Stupid Joke.

Miss Grace McDevitt who boards on Sixth street, and is one of the most highly respected yound ladies in the city, having came to this city from West Point, some time ago, called at the News Review today and stated the announcement made in a local paper this morning to the effect that she was to be married to Charles McDermott, on January 15, was untrue. Miss McDevitt believes she is the victim of a practical joker.

It leads—the News Review.

THE TOUGH GANGS ARE BROKEN UP

City Well Rid of Many Who Have Disturbed the Peace in the Past.

FEW ARRESTS NOWADAYS

The Mayor Says People Are So Busy That the Troublesome Element Has No Chance to Get Disorderly—Jail Empty.

When Mayor Davidson reached his office this morning for the purpose of dealing out justice to the several offenders that had probably been locked up during the night, he was agreeably surprised to find that not a single arrest has been made.

The general good order of the city is better than it has been for years and but very few arrests have been made during the past month, which speaks volumes for the police department and for the general prosperity of the people as well.

When speaking of the matter this morning to a News Review reporter Mayor Davidson said:

"We have less trouble with the element that are inclined to be disorderly when times are good than we do when work is scarce. This does not seem reasonable, but it is a fact. When the factories are idle this element, which I refer to, will congregate in different parts of the city and as a usual thing a disturbance of some kind is started almost every day. When we have work we are not bothered with this nuisance, and the general good order of the city is such that the officers have very little to do in the way of making arrests. In years gone by there were several bad gangs that gave the police almost continual trouble, but they have nearly all been broken up, and the most of them are either in the Canton workhouse or giving this city a wide berth, as the majority of them have no love for the Canton institution. Crip Cain was about the last bad character we have had to deal with, and I do not believe that he will return to this city while I am mayor. I do not propose that the people of this town shall be bothered with any one who will not obey the law."

For several years there was a bad gang that made the old glass house their headquarters. They made their living principally by petty thieving and begging, and but very few of them were ever convicted of a felony. This gang became such a nuisance to the police and the people of the town as well that a vigorous campaign was started last summer by the mayor

Continued on Eighth Page.

WITH THE WORKMEN IN THE CLAY PLANTS

THE NEW AGREEMENT.

"The agreement now in force among the companies comprising the Natural Glass company has been a good thing for them during the last three years," said a prominent boss potter to a News Review reporter, "and there is no reason why it should not be as beneficial to us. In surely will be," he continued. "The News Review has given the people a very clear idea of the purpose of the new association and was right when it stated that it was not the intention to advance prices. But for my part I think the manufacturers deserve a small increase and the trade can stand it. If you will stop a minute to think all manufactured articles have advanced in prices, except pottery products. This advance has no doubt been brought about by the increased demand and the higher wages paid to the workmen. There has been an advance in the price of lead, coal is higher, in fact nearly everything necessary in the making of ware costs more now than ever before and we are getting no more for our product. It is true that we are handicapped by the manner in which the tariff is circumvented by some importers. Their goods are undervalued for custom house purposes but the original value is restored for the market. As long as this practice continues I'm afraid there is no show for better prices.

"The amount of money that will accumulate in the hands of the treasurer of the association perhaps will be loaned to local brokers. It may be that bids will be asked for for its use. The amount may reach $100,000 in a year's time and the interest on it is calculated to pay the operating expenses of the association. There will be very little expense outside the salaries of the actuary and treasurer. The new management promises to be beneficial not only to the manufacturer but to the trade generally and there seems to be no doubt that it will work as well with us as with the glass people, though we have more competition."

A RICH FIND.

An important field of potters' clay is reported from drilling tests just made on the Herrold farm, about three miles east of Akron, and just south of the Mogadore road. For richness of color and quantity, the clay is said to equal anything heretofore found in Ohio. The vein, it is reported, will average a mean thickness of 10 feet over the whole farm of 100 acres. The importance of this find can best be appreciated by knowing that the average royalty paid to owners of such land in this territory is seldom less than 2(cents per ton in the ground; yet by cutting that sum down to 10 cents per ton, and the vein to half its depth, the value of the clay alone, which would equal at least 10,000 tons to the acre is $100,000.

FEMALE LABOR WELL PAID.

When F. A. Sebring was asked about the alleged statement by Labor Commissioner Ratchford that the female laborers of Sebring and East Liverpool were paid less wages for their work in the potteries than was paid in other cities, he simply said the statement was incorrect; that the average pay per day in the Sebring potteries to women wage earners exceeded $1.25. This would mean $7.50 per week. Deducting board at $3.50 per week would show $4 as the net earnings per week, exclusive of board. The manner of gathering statistics by the superintendent is not satisfactory. Had he desired to be fair he could have seen the books of the potteries, and from them have been able to have given a correct statement. In the place of this, however, a lady agent interviewed some of their workers, and from their statement drew the conclusion furnished the public.

AT THE GOODWIN.

The Goodwin plant has entered into the new year with the brightest of prospects and every indication points toward a steady run of work. The spring offerings are up to its usual high standard and its new creations are already proving to be trade winners. During the holiday vacation the necessary pipes were laid and the connections made for the use of gas on the four biscuit kilns. All the kilns, glost and biscuit, are now provided with gas. A new crown was built on glost kiln No. 6 and other necessary improvements were made.

TREASURER NOT SELECTED.

The meeting of the Western and Eastern branches of the executive committee of the Potters' Association of America is at an end and the selection of the treasurer has not yet been announced. From a reliable source it is learned that the selection has not yet been made and just who will be the lucky individual is a matter of conjecture. The official will be heavily bonded, will have the accounting of an immense amount of money but will be handsomely remunerated.

OFFICERS OF NO. 45.

Sanitary Pressers' local No. 45, of the National Brotherhood of Operative Potters, of Trenton, has elected officers as follows: President, Louis Phale; vice president, James Horan; recording secretary, George M. Martin; financial secretary, A. T. Potts; collector Elmer Johns; treasurer, Charles Fulton; inspector, George Bleinstein; guard, William Parker; statistician Joseph T. Catton; trustee, James Meliff; delegates to the Central Labor union, Stephen Helwig, John Gannon and Clarence Pope.

BUSINESS GOOD.

F. W. Fowler, of the Union Potteries company, was here from Pittsburg yesterday on business matters pertaining to company's plant in this city. He was accompanied by General Manager Thomas Price, of New Cumberland. They left at noon today for New Cumberland. Mr. Fowler is highly pleased with the trade outlook for the year. "Business was never better at all three of our plants," said he, "and the prospects are that this condition will prevail during the entire year."

PUGGING AT SALINEVILLE.

Workmen at the Dresden China companies plant at Salineville pugged their first clay Monday morning for making saggers. The plant expects to begin making ware before February 1. Each morning, noon and night the large whistle can be heard. Many potters who have been employed are in town ready to begin work as soon as the plant is ready.

A SLEIGHING PARTY.

Misses Kate O'Brien, Anna Conley, Anna Ward, Stella Muncey, Ida Hymes, Ada L. Robbins, Thelma Latinski and Rose Gotham, of the decorating department at Goodwin's, enjoyed a sleigh ride to Richmond recently. They report a most enjoyable trip.

CONDITION STILL SERIOUS.

Charles Llewellyn, the decorating kilnman at Goodwin's, who was stricken with paralysis about a month ago, is still in a serious condition at his home on Pennsylvania avenue. His wife, who has also been seriously ill, is reported much better.

ELECTION BY NO. 10.

Local union No. 10, turners and handlers, has elected the following officers: President, D. E. Vanfossan; vice president, H. Huff; recording secretary, J. L. Rigby; financial secretary, A. Jewell; one per cent secretary, H. Headley; inspector, J. Gibson; guard, F. Elkin; trustee, C. Martin.

AMONG THE POTTERS.

Charles Garrison has left the warehouse at Goodwin's for a similar job at the Standard.

Miss Katherine Shaffer, of the decorating department at Goodwin's, has returned from a visit to Rochester.

Greenwood Firth, the bowl jiggerman at Goodwin's, has a new finisher D. Bower, recently of the Buckeye.

Porter Kays, of the glost end at the Union, is confined to his home, corner Washington and Third street, by illness.

Albert Van Dyne returned yesterday from a visit to Wheeling and is at work again in the decorating room at Goodwin's.

TERRIBLE EXPOSURE MAY CAUSE DEATH

Boy Near Canton Tramped in Snow Three Days And Two Nights Without Food.

Canton, January 8.—After a terrible experience of three days and two nights without food, thinly clad and tramping in the snow, Edward Buffenmeyer, aged 17 years, son of Mr. and Mrs. Daniel Buffenmeyer, residing about four miles northwest of this city, was found Monday evening lying on a pile of rails in a corn field back of his home, almost frozen to death.

Early Sunday morning young Buffenmeyer left home with his hunting dog. The lad failed to come home Saturday evening and the parents becoming alarmed organized a party of neighbors and instituted a search for him. The party tracked the boy and his dog into a deserted coal mine about seven miles from his home, near Millport, but the lad had evidently left before the party arrived.

Monday afternoon the hunting dog which had accompanied Buffenmeyer appeared at the home and acted in a very peculiar manner. The father of the boy, renewing his hopes, followed the dog and found the boy in an unconscious condition. It is feared he will die.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo-Quinine Tablets. This signature on every box. 25c. E. W. Grove

On account of the great expense of traveling, many cannot go abroad to avail themselves of the Traubenkur treatment for stomach trouble, constipation, etc., established along the River Rhine, in Germany, but with Mull's Grape Tonic at a nominal cost of 50 cents per bottle, you have a Traubenkur at your door, at Hodson's Drug Store.

Mrs. Austin's quick raising Buckwheat makes tender, crispy, brown cakes. Your grocer can tell all about it. 27

The usefulness of the Grape diet, or Traubenkur, is beyond question an effective agent in the cure of wasting diseases, and in the cure of Stomach Trouble and Nervousness, Kidney and Liver Troubles. Mull's Grape Tonic Laxative, based on the famouns Traubenkurs, of Germany, can now be had at Hodson's Drug Store.

For the real good old buckwheat flavor, buy Mrs. Austin's Buckwheat, and don't forget the name. 27

NOT EASY AT THE START

Amateurs in Automobiling Find Themselves Beset With Numerous Difficulties.

An automobile in the hands of an inexperienced man is a dangerous as well as a provoking piece of machinery. The beginner in the art of learning to propel one is best with all kinds of difficulties. The auto is liable to go in just the opposite direction from that which you desire. A little excitement will also cause it to cut all kinds of didos and often gets the owner in ludicrous situations.

Recently two new machines were received in this city and since their arrival the owners have been practising on the various streets of the city. The slippery condition of the streets has been another detriment to good automobile driving. Messrs. Knowles and Taylor are the two gentlemen who recently procured these machines, and no doubt before they have fully mastered them will have their trials and tribulations.

A day or two ago Mr. Knowles was driving his machine in the direction of Chester and attempted to cross the bridge. The day was cold and disagreeable and he was anxious to cross the bridge in a hurry. When he had reached about the middle of the bridge the machine suddenly refused to go any further. Twists and turns of the propeller had no effect on the machine. It had balked. Mr. Knowles worked for fully a half hour trying to extricate himself from his predicament. Finally he left the machine on the bridge to keep itself company and wended his way up town to find some one who would be able to make it more docile. When a machinist was secured the auto yielded to treatment rapidly and was soon under the control of Mr. Knowles, who proceeded again on his way rejoicing.

COURT CALENDAR

Assignment of Cases for the First Week of the January Term.

Lisbon, January 8.—(Special.)—The following is the assignment of cases for the first week of the January term of court, opening next Monday at 10 a. m.:

Monday—Impanelling grand jury; opinions in cases submitted; Joseph C. Atterholt, administrator, versus Kate M. Springer; Mamie Rigby versus Frank Rigby; city of East Liverpool vs. the Pennsylvania company et al; Hugh A. McNicol vs. the Pennsylvania company et al.

Tuesday—Matthew Degnan vs. Richard Degnan et al; Mary A. McCoy vs Aaron McCoy; Mary A. Wernet et a vs. William A. Wernet; George Wymer, guardian, vs. Joseph Wernet.

Wednesday—J. Cal Taggert vs. C. P Rothwell et al; Casper C. Tritt vs Fred G. Baker; Maggie Orr, administrator, vs. Helen Johnson et al.

Grove's Black Root Liver Pill

Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No griping, no sick stomach. Will cure chronic constipation. Price 25 cents. 17

Very Low Colonists' Rates to the West And Southwest.

The Missouri Pacific Railway and Iron Mountain Route will sell one way colonists' tickets to points in Kansas, Colorado, Nebraska, Missouri, Arkansas, Indian and Oklahoma Territories, Louisiana, Texas, and New Mexico, on the first and third Tuesdays of each month from November 4th to April 31st, at on-half fare the standard first-class fare, plus $2. For further information write Jno. R. James, Central Passenger Agent, 905 Park Bldg Pittsburg, Pa. 251-eod-tf

Do You Expect

your teeth to care for themselves? Your teeth must of necessity be sound. Think of the work they do!

Three Meals a Day

Say one thousand and ninety-five meals a year. Can poor teeth ever stand it long? We will make poor teeth GOOD TEETH for little money, so do not delay, but call and hear our prices—prices to suit the pocketbook. All examinations and consultation free, and all work guaranteed. We are the SOLE MAKERS of Seamless Crowns and Bridgework in East Liverpool. Let us show you the difference.

Important Announcement.

JANUARY 13, 14, 15. 16 AND 17, TUESDAY, WEDNESDAY, THURSDAY, FRIDAY and SATURDAY, of next week, we repeat our offer of a few weeks ago, and will extract teeth ABSOLUTELY WITHOUT PAIN, or no charge. As a result of our last offer, we removed 228 teeth in the two days that the offer lasted, and never had one complaint. Remember for FIVE DAYS ONLY we will extract teeth at twenty-five (25c) per tooth, same of time. to apply on bridge or plate work if ordered at this time. Don't forget the dates as there will be no extension

BAR-BEN

THE GREAT RESTORATIVE

WILL CURE YOU.

We want all men and women who are weak to know that Bar-Ben is truly and without any exception the greatest one treatment for lost vitality and its kindred affections.

BAR-BEN is a true nerve tonic and blood purifier. It puts new vigor and perfect health into the weak nerves and broken down system. It makes the appetite keen, the digestion perfect and promotes refreshing sleep; brain and nerves are built up rapidly under its use. BAR-BEN is the scientific, natural and positive cure for all nervous diseases, lost vitality, nightly emissions and excesses, the effects of over work, worry, brain fatigue, the excessive use of tobacco, opium or liquor. No matter what has caused your trouble, Bar-Ben will bring you back to health. Don't wait another day. Get some Bar-Ben and begin taking it. The sooner you commence the sooner your weakness will vanish.

All druggists, 50 cents or mailed on receipt of price. Write for free sample.

BAR-BEN REMEDIES CO., Cleveland, O.

For sale by C. G. Anderson, Will Reed and at Hodson's drug store.

WITH THE WORKMEN IN THE CLAY PLANTS

THE NEW AGREEMENT.

"The agreement now in force among the companies comprising the Natural Glass company has been a good thing for them during the last three years," said a prominent boss potter to a News Review reporter, "and there is no reason why it should not be as beneficial to us. In surely will be," he continued. "The News Review has given the people a very clear idea of the purpose of the new association and was right when it stated that it was not the intention to advance prices. But for my part I think the manufacturers deserve a small increase and the trade can stand it. If you will stop a minute to think all manufactured articles have advanced in prices, except pottery products. This advance has no doubt been brought about by the increased demand and the higher wages paid to the workmen. There has been an advance in the price of lead, coal is higher, in fact nearly everything necessary in the making of ware costs more now than ever before and we are getting no more for our product. It is true that we are handicapped by the manner in which the tariff is circumvented by some importers. Their goods are undervalued for custom house purposes but the original value is restored for the market. As long as this practice continues I'm afraid there is no show for better prices.

"The amount of money that will accumulate in the hands of the treasurer of the association perhaps will be loaned to local brokers. It may be that bids will be asked for for its use. The amount may reach $100,000 in a year's time and the interest on it is calculated to pay the operating expenses of the association. There will be very little expense outside the salaries of the actuary and treasurer. The new management promises to be beneficial not only to the manufacturer but to the trade generally and there seems to be no doubt that it will work as well with us as with the glass people, though we have more competition."

A RICH FIND.

An important field of potters' clay is reported from drilling tests just made on the Herrold farm, about three miles east of Akron, and just south of the Mogadore road. For richness of color and quantity, the clay is said to equal anything heretofore found in Ohio. The vein, it is reported, will average a mean thickness of 10 feet over the whole farm of 100 acres. The importance of this find can best be appreciated by knowing that the average royalty paid to owners of such land in this territory is seldom less than 20 cents per ton in the ground; yet by cutting that sum down to 10 cents per ton, and the vein to half its depth, the value of the clay alone, which would equal at least 10,000 tons to the acre is $100,000.

FEMALE LABOR WELL PAID.

When F. A. Sebring was asked about the alleged statement by Labor Commissioner Ratchford that the female laborers of Sebring and East Liverpool were paid less wages for their work in the potteries than was paid in other cities, he simply said the statement was incorrect; that the average pay per day in the Sebring potteries to women wage earners exceeded $1.25. This would mean $7.50 per week. Deducting board at $3.50 per week would show $4 as the net earnings per week, exclusive of board. The manner of gathering statistics by the superintendent is not satisfactory. Had he desired to be fair he could have seen the books of the potteries, and from them have been able to have given a correct statement. In the place of this, however, a lady agent interviewed some of their workers, and from their statement drew the conclusion furnished the public.

AT THE GOODWIN.

The Goodwin plant has entered into the new year with the brightest of prospects and every indication points toward a steady run of work. The spring offerings are up to its usual high standard and its new creations are already proving to be trade winners. During the holiday vacation the necessary pipes were laid and the connections made for the use of gas on the four biscuit kilns. All the kilns, glost and biscuit, are now provided with gas. A new crown was built on glost kiln No. 6 and other necessary improvements were made.

TREASURER NOT SELECTED.

The meeting of the Western and Eastern branches of the executive committee of the Potters' Association of America is at an end and the selection of the treasurer has not yet been announced. From a reliable source it is learned that the selection has not yet been made and just who will be the lucky individual is a matter of conjecture. The official will be heavily bonded, will have the accounting of an immense amount of money but will be handsomely remunerated.

OFFICERS OF NO. 45.

Sanitary Pressers' local No. 45, of the National Brotherhood of Operative Potters, of Trenton, has elected officers as follows: President, Louis Phale; vice president, James Horan; recording secretary, George M. Martin; financial secretary, A. T. Potts; collector Elmer Johns; treasurer, Charles Fulton; inspector, George Bleinstein; guard, William Parker; statistician Joseph T. Catton; trustee, James Meliff; delegates to the Central Labor union, Stephen Helwig, John Gannon and Clarence Pope.

BUSINESS GOOD.

F. W. Fowler, of the Union Potteries company, was here from Pittsburg yesterday on business matters pertaining to company's plant in this city. He was accompanied by General Manager Thomas Price, of New Cumberland. They left at noon today for New Cumberland. Mr. Fowler is highly pleased with the trade outlook for the year. "Business was never better at all three of our plants," said he, "and the prospects are that this condition will prevail during the entire year."

PUGGING AT SALINEVILLE.

Workmen at the Dresden China companies plant at Salineville pugged their first clay Monday morning for making saggers. The plant expects to begin making ware before February 1. Each morning, noon and night the large whistle can be heard. Many potters who have been employed are in town ready to begin work as soon as the plant is ready.

A SLEIGHING PARTY.

Misses Kate O'Brien, Anna Conley, Anna Ward, Stella Muncey, Ida Hymes, Ada L. Robbins, Thelma Latinski and Rose Gotham, of the decorating department at Goodwin's, enjoyed a sleigh ride to Richmond recently. They report a most enjoyable trip.

CONDITION STILL SERIOUS.

Charles Llewellyn, the decorating kilnman at Goodwin's, who was stricken with paralysis about a month ago, is still in a serious condition at his home on Pennsylvania avenue. His wife, who has also been seriously ill, is reported much better.

ELECTION BY NO. 10.

Local union No. 10, turners and handlers, has elected the following officers: President, D. E. Vanfossan; vice president, H. Huff; recording secretary, J. L. Rigby; financial secretary, A. Jewell; one per cent secretary, H. Headley; inspector, J. Gibson; guard, F. Elkin; trustee, C. Martin.

AMONG THE POTTERS.

Charles Garrison has left the warehouse at Goodwin's for a similar job at the Standard.

Miss Katherine Shaffer, of the decorating department at Goodwin's, has returned from a visit to Rochester.

Greenwood Firth, the bowl jigger-man at Goodwin's, has a new finisher D. Bower, recently of the Buckeye.

Porter Kays, of the glost end at the Union, is confined to his home, corner Washington and Third street, by illness.

Albert Van Dyne returned yesterday from a visit to Wheeling and is at work again in the decorating room at Goodwin's.

TERRIBLE EXPOSURE MAY CAUSE DEATH

Boy Near Canton Tramped in Snow Three Days And Two Nights Without Food.

Canton, January 8.—After a terrible experience of three days and two nights without food, thinly clad and tramping in the snow, Edward Buffenmeyer, aged 17 years, son of Mr. and Mrs. Daniel Buffenmeyer, residing about four miles northwest of this city, was found Monday evening lying on a pile of rails in a corn field back of his home, almost frozen to death.

Early Sunday morning young Buffenmeyer left home with his hunting dog. The lad failed to come home Saturday evening and the parents becoming alarmed organized a party of neighbors and instituted a search for him. The party tracked the boy and his dog into a deserted coal mine about seven miles from his home, near Millport, but the lad had evidently left before the party arrived.

Monday afternoon the hunting dog which had accompanied Buffenmeyer appeared at the home and acted in a very peculiar manner. The father of the boy, renewing his hopes, followed the dog and found the boy in an unconscious condition. It is feared he will die.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo-Quinine Tablets. This signature on every box, 25c. E. W. Grove

On account of the great expense of traveling, many cannot go abroad to avail themselves of the Traubenkur treatment for stomach trouble, constipation, etc., established along the River Rhine, in Germany, but with Mull's Grape Tonic at a nominal cost of 50 cents per bottle, you have a Traubenkur at your door, at Hodson's Drug Store.

Mrs. Austin's quick raising Buckwheat makes tender, crispy, brown cakes. Your grocer can tell all about it. 27

The usefulness of the Grape diet, or Traubenkur, is beyond question an effective agent in the cure of wasting diseases, and in the cure of Stomach Trouble and Nervousness, Kidney and Liver Troubles. Mull's Grape Tonic Laxative, based on the famouns Traubenkurs, of Germany, can now be had at Hodson's Drug Store.

For the real good old buckwheat flavor buy Mrs. Austin's Buckwheat, and don't forget the name. 27

NOT EASY AT THE START

Amateurs in Automobiling Find Themselves Beset With Numerous Difficulties.

An automobile in the hands of an inexperienced man is a dangerous as well as a provoking piece of machinery. The beginner in the art of learning to propel one is best with all kinds of difficulties. The auto is liable to go in just the opposite direction from that which you desire. A little excitement will also cause it to cut all kinds of didos and often gets the owner in ludicrous situations.

Recently two new machines were received in this city and since their arrival the owners have been practising on the various streets of the city. The slippery condition of the streets has been another detriment to good automobile driving. Messrs. Knowles and Taylor are the two gentlemen who recently procured these machines, and no doubt before they have fully mastered them will have their trials and tribulations.

A day or two ago Mr. Knowles was driving his machine in the direction of Chester and attempted to cross the bridge. The day was cold and disagreeable and he was anxious to cross the bridge in a hurry. When he had reached about the middle of the bridge the machine suddenly refused to go any further. Twists and turns of the propeller had no effect on the machine. It had balked. Mr. Knowles worked for fully a half hour trying to extricate himself from his predicament. Finally he left the machine on the bridge to keep itself company and wended his way up town to find some one who would be able to make it more docile. When a machinist was secured the auto yielded to treatment rapidly and was soon under the control of Mr Knowles, who proceeded again on his way rejoicing.

COURT CALENDAR

Assignment of Cases for the First Week of the January Term.

Lisbon, January 8.—(Special.)—The following is the assignment of cases for the first week of the January term of court, opening next Monday at 10 a. m.:

Monday—Impanelling grand jury, opinions in cases submitted; Joseph C. Atterholt, administrator, versus Kate M. Springer; Mamie Rigby versus Frank Rigby; city of East Liverpool vs. the Pennsylvania company et al; Hugh A. McNicol vs. the Pennsylvania company et al.

Tuesday—Matthew Degnan vs. Richard Degnan et al; Mary A. McCoy vs Aaron McCoy; Mary A. Wernet et a vs. William A. Wernet; George Wymer, guardian, vs. Joseph Wernet.

Wednesday—J. Cal Taggert vs. C. P Rothwell et al; Casper C. Tritt vs Fred G. Baker; Maggie Orr, administrator, vs. Helen Johnson et al.

Grove's Black Root Liver Pill

Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No griping, no sick stomach. Will cure chronic constipation. Price 25 cents. 17

Very Low Colonists' Rates to the West And Southwest.

The Missouri Pacific Railway and Iron Mountain Route will sell one way colonists' tickets to points in Kansas Colorado, Nebraska, Missouri, Arkansas, Indian and Oklahoma Territories Louisiana, Texas, and New Mexico, on the first and third Tuesdays of each month from November 4th to April 31st, at on-half fare the standard first-class fare, plus $2. For further information write Jno. R. James, Central Passenger Agent, 905 Park Bldg Pittsburg, Pa. 251-eod-tf

Do You Expect your teeth to care for themselves? Your teeth must of necessity be sound. Think of the work they do!

Three Meals a Day

Say one thousand and ninety-five meals a year. Can poor teeth ever stand it long? We will make poor teeth GOOD TEETH for little money, so do not delay, but call and hear our prices—prices to suit the pocketbook. All examinations and consultation free, and all work guaranteed. We are the SOLE MAKERS of Seamless Crowns and Bridgework in East Liverpool. Let us show you the difference.

Important Announcement.

JANUARY 13, 14, 15. 16 AND 17, TUESDAY, WEDNESDAY, THURSDAY, FRIDAY and SATURDAY, of next week, we repeat our offer of a few weeks ago, and will extract teeth ABSOLUTELY WITHOUT PAIN, or no charge. As a result of our last offer, we removed 228 teeth in the two days that the offer lasted, and never had one complaint. Remember for FIVE DAYS ONLY we will extract teeth at twenty-five (25c) per tooth, same to apply on bridge or plate work if ordered at this time. Don't forget the dates as there will be no extension of time.

sale of furs.

Only a few of the ones we offered last week at $1 left. Still a few near seal muffs, a few scarfs and collarettes at the same price, $1.00.

This week we offer a much better lot. About 25 collarettes and scarfs—the collarettes at one time were $5.00 to $15; the scarfs $4 to $7.50—sale price $2.00.

All other furs at a discount of 20 per cent. One fine black lynx long scarf, was $25, now $20.

Fox scarfs that were $15, now $12.

One long bear boa, formerly $35, now $28.

$22.50 mink cluster scarfs, $18.00.

$10.00 mink scarfs, $8.00.

Three mink scarfs, streamer tails, from last season, were $15 and $18, sale price $8.00.

$5.00 marten scarfs, $4.00.

$7.50 marten scarfs, $6.00.

$10 marten scarfs, 8.00.

fur coats.

One size 34 electric seal coat, $15.00.

A few sizes in $25 electric seal coats, $20.00.

Fine near seal coats, were $50, now $42.50.

children's coats.

All at one-fourth less than regular price.

Very low prices on suits, skirts and misses' and ladies' cloaks.

dress goods.

We offer our entire stock of woolen dress goods at 20 per cent less than regular price. Don't you think it a good time to buy? Most all of these are just such things as we will offer in the spring, stylish, staple goods.

waists.

Small lot of silk waists at $3.00 each.

All flannel and velvet waists at 20 per cent less than regular price.

Dressing sacques and kimonas at half price.

BAR-BEN

THE GREAT RESTORATIVE

WILL CURE YOU.

We want all men and women who are weak to know that Bar-Ben is truly and without any exception the greatest one treatment for lost vitality and its kindred affections.

BAR-BEN is a true nerve tonic and blood purifier. It puts new vigor and perfect health into the weak nerves and broken down system. It makes the appetite keen, the digestion perfect and promotes refreshing sleep; body, brain and nerves are built up rapidly under its use. BAR-BEN is the scientific, natural and positive cure for all nervous diseases, lost vitality, night emissions and excesses, the effects of over work, worry, brain fatigue, the excessive use of tobacco, opium or liquor. No matter what has caused your trouble, Bar-Ben will bring you back to health. Don't wait another day. Get some Bar-Ben and begin taking it. The sooner you commence the sooner your weakness will vanish.

All druggists, 50 cents or mailed on receipt of price. Write for free sample.

BAR-BEN REMEDIES CO., Cleveland, O.

For sale by C. G. Anderson, Will Reed and at Hodson's drug store.

EAST END

MORTGAGE BURNING

Program For a Joyous Event At Second U. P. Church Tomorrow Night.

The services tomorrow night at the Second U. P. church in the East End, will be especially enjoyable to the members of the congregation. It is the occasion of the burning of the note and mortgage on the church building. In the past year the members of the church have been working hard to raise money to pay this indebtedness and have been successful. The program of the services has been arranged as follows:

Sermon, Rev. Dr. Taggart, of the First U. P. church.

History of the church from its organization as a mission till the time of the building of the new church began, Charles Hanley, Sr.

History of the building of the new church and of the troubles and difficulties in raising funds by the building committee, D. F. White.

Response in behalf of the trustees, J. H. Smith.

Work of the Ladies' Missionary society in helping build the church, Mrs. Martha Puttinger.

Work on the Junior society, Mrs. Elmer Stevenson.

After this the mortgage and note will be burned and the church will join fervently in singing the doxology. Rev. D. W. McQuiston will preside during the evening and will also make a short address.

Boer Soldier Living Here.

Charles Enke, the Boer soldier whose arrival in town was noted by the News Review, has become a resident of the city. He is now working quietly at the power house of the East Liverpool Street Railway company. He has been employed there nearly a month. The story of his life in the past few years is full of hardships. The war deprived him of home, wife and children. He leads a rather lonely existence. After a time he expects to return to his native country and end his days among his own countrymen.

Klondike Ready to Start.

The Klondike pottery will start again Monday. The employes of this plant have had a loaf amounting to nearly three weeks. The officials of the pottery took advantage of the time of the Christmas holidays to begin placing a new water tank in position. The old tank which had been used for a long time was getting dangerous and a new steel tank was purchased. The size is much larger and from now on the plant will have ample water facilities.

Dixon Not in the Race.

The name of Samuel R. Dixon, of the East End, has been spoken of quite prominently as a candidate for member of the board of public service. It was urged that he was a man eminently qualified for the position and he was given the assurance of hearty support by many friends. However, Mr. Dixon never announced his candidacy and this morning said that he was not a candidate in any sense of the word.

Crawford-Dobbs.

A quiet wedding took place last night at the home of Henry McDaniels of Ohio street, in the East End. The contracting parties were Robert Dobbs, a plasterer, and Amy Crawford, who has been employed in one of the potteries in the East End. Rev. Crowe performed the ceremony which took place at 9 o'clock. The couple will make their home in the East End and will commence housekeeping in the spring.

EAST END AFFAIRS.

Burr Wright, a kiln hand at the Globe pottery, is confined to the house on account of sickness.

Ben Conklin left this morning for Salineville, where he will be employed as a sagger maker in one of the potteries.

The dance given last night by the Oakland Athletic club at the Larkins & Ferguson hall was attended by a large number and was a very pleasant affair.

Mrs. Austin's Buckwheat has a world-wide reputation on account of its purity and general Buckwheat flavor. Don't forget the name. 27

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

BOYD HOT ON THE TRAIL

Continued from First Page.

which they agree to charge but five cents to carry passengers either way between the West End of the city of Wellsville to the East End of the city of East Liverpool.

Several citizens have complained recently of having to pay 10 cents to ride from Wellsville to East Liverpool. They would get on a car and the conductor would collect 5 cents and carry them only to the mill where the passengers would have to wait for the next car which would charge an extra 5 cents to carry them the balance of the way.

According to the franchise all street cars are to be properly lighted and heated. This section in the franchise is also being violated as the cars running through Wellsville are not properly lighted, by any means, and several of the cars are not properly heated. Much complaint has been made about these matters.

Another grievance mentioned in the petition is about the digging up of the city streets by the street railway company who have not replaced the pavement, nor left the streets as they found them before tearing up. The streets along the line of route of the street railway tracks are in a very bad condition, particularly on Main street, between Sixth and Tenth streets. Manager Healy's attention was called to this matter by city officials several times and at last Mr. Healy ordered Street Inspector M. Dalton to have the street repaired and the expense of the work charged to the street railway company. At that time the street inspector gave the matter his immediate attention and hired men to do the work. The work was not fairly started until Mr. Healy interfered and said that he would not pay for the work.

At the time that a franchise was granted the street railway company in 1901, Manager Healy promised council that he would have a car barn placed in the West End and would start one car from the barn at an early hour every morning for the accommodation of the working people. This promise has not been lived up to.

The fact that council last May compelled the street railway company to take down its feed wires counts for nothing in giving good service, as after that time the street cars were run as before on the 12-minute schedule. It has only been a few weeks since the half hour schedule was started.

On December 20, Chief of Police Houser served a notice on Mr. Healy, calling his attention to all of these matters. Mr. Healy paid no attention to the notice and treated it as of little consequence.

Councilmen have repeatedly called Mr. Healy's attention to all of these grievances, but nothing has ever been done toward remedying them.

It is now asserted that a taxpayer of the city of Wellsville will bring suit at once against the county commissioners to do their duty and to bring the street railroad people to time. A large crowd of Wellsville citizens, and several people residing in the country between Wellsville and East Liverpool, gathered at Wellsville at city hall in anticipation of seeing the county commissioners and making complaints to them. Several of the councilmen were also on hand. Matters are waxing very warm at Wellsville.

Lisbon, January 8.—(Special)—The commissioners decided not to go to Wellsville today to investigate the street car troubles as they have come to the conclusion that it is not for them to move in the matter.

Good News.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

No chance for disappointment if you serve Mrs. Austin's famous Pancakes. All grocers sell it. 27

THE EAST END BADLY OFF

Continued from First Page.

The gentlemen representing the plants named above then made a proposal to the trustees to advance the money necessary to pay for the work, it to be refunded to them in water rents. The work is to be done under the supervision of the trustees, and they have estimated the cost at about $16,000.

The proposal was not made in definite form last night, as it is desired to have other East End industries become parties to it and unless they consent it is not likely that anything can be done. The East End plant of the East Liverpool Potteries company, the Electric Porcelain works and the sewer pipe works are the companies referred to.

If the proposal is accepted each of these companies will advance a pro rata part of the money necessary and will be credited with the amount of their water rents each month until it is refunded.

It is learned that the Western Insurance association has been investigating the physical conditions of the East End for some time. A number of their inspectors have been here, and every one has made an adverse report as to the water supply. A recording gauge was placed in one of the East End potteries, and the records show an extremely irregular pressure, dropping at times to below 20 pounds. Following this Albert Blauvelt, superintendent of surveys, and W. E. Higbee, manager of the association, visited here the latter part of December and tested the delivering power of the eight inch main. All computations by insurance companies take a standard hose stream as a unit and this in turn is based on the rating of the regulation fire pump, or 250 gallons per minute for each hose stream.

The smallest acceptable pump for a plant the size of the one tested is 1,000 gallons per minute, which is rated as four hose streams. When the flow from this main, adjusted to 500 gallons per minute, was tested and checked by three different gauges, it was found that pressure fell from 102 to 30 pounds. This small volume of water under such low pressure, is held by the companies to be unsuited to serve the needs of the fire department and cannot at the same time furnish water for the sprinkler systems within the buildings. The drop in the pressure could not be accounted for by these officials, even by the hydraulic tables published by leading authorities. Superintendent Morley was asked to locate the difficulty, and promised his best efforts.

The water mains in the city proper are estimated to have a delivering power equal to 20 to 25 hose streams, under full pressure. The East End is regarded as having less than 10 per cent. of this hydraulic pressure.

The result of these investigations was that the officials reported to the insurance companies comprising the association that insurance, particularly with regard to sprinkled risks, cannot be conducted on a conservative basis in the East End until such a time as it may have volume of water and pressure something like that of the city proper. The insurance companies carrying the risks have already notified all the larger plants that the risks will not be renewed. The policies would be canceled were it not for the fact that most of them expire in a short time. The risks will not be accepted again even at an advanced rate.

ALL WORK DONE BY WHITE BROS., RUSSEL & CO. IS UNFAIR AND IS SO DECLARED BY LOCAL 328. BY ORDER OF LOCAL. 292-t-f

NATIONAL CONGRESS.

Senate Discussed Reorganization of the Militia and the Statehood Bills.

QUAY CRITICIZES RESOLUTIONS.

House Passes Senate Bill for the Redemption of Silver Coinage of the Hawaiian Islands and Its Recoinage Into United States Coin.

Washington, Jan. 8.—The senate yesterday discussed the bill for the reorganization of the militia and also the statehood bill. Mr. Mallory, of Florida, led the Democratic senators in opposition to the section of the militia bill providing for a reserve force of trained men, the contention being that it not only infringed the rights of several states, but also increased the standing army by a hundred thousand men.

When the statehood bill came up Mr. Beveridge had read a number of resolutions adopted at a recent convention in Oklahoma, favoring single statehood with Indian territory.

Mr. Quay, who is leading the fight for the admission of Oklahoma, Arizona and New Mexico, criticized the resolutions, saying the people who adopted them had not acted intelligently, because the single statehood bill had been withdrawn. He further charged that they did not represent the sentiment of a majority of the people of Oklahoma.

Mr. Nelson, of Minnesota, continued, but did not conclude his remarks in opposition to the omnibus statehood bill.

At 4:20 p. m. the senate went into executive session. It adjourned shortly thereafter.

In the House.

Washington, Jan. 8.—The session of the house yesterday lasted a little more than two hours. The senate bill for the redemption of the silver coinage of the Hawaiian islands and its recoinage into United States coin was passed after an hour's debate. It provides for the redemption of silver coins by being received either in Hawaii or the United States in the payment of dues. Standard silver coins of the United States may be exchanged for coin of Hawaii at their face value. Hawaiian silver coins will be legal tender until Jan. 1, 1904; Hawaiian silver certificates shall be redeemed before Jan. 1, 1905, and thereafter they cannot lawfully circulate as money. Several bills of minor importance also were passed. The Philippine constabulary bill was made a special order for today.

At 2:15 p. m. the house adjourned.

NATIONAL CAPITAL NOTES.

The indications are that the United States will satisfy itself by claiming only one coaling station in Cuba, namely, at Guantanamo.

Senator Quay yesterday introduced a bill prohibiting persons not members of societies composed of soldiers in the recent American wars to wear the insignia of members.

Senator Hoar yesterday introduced a second trust bill. It provides especially for the expediting of suits in equity brought under the provisions of the present anti-trust law.

The house committee on military affairs yesterday concluded the preparation of the army appropriation bill, which will carry an appropriation of $72,538,337, about $5,000,000 less than the estimate.

The Cuban reciprocity treaty was considered at some length yesterday by the senate committee on foreign relations, but action upon it was postponed in order to afford an opportunity for the presentation of the views of the beet sugar industry.

President Roosevelt had a conference yesterday with Speaker Henderson and Representative Grosvenor, of Ohio, with regard to proposed anti-trust legislation. It is understood the president impressed upon his callers his desire that some legislation dealing with the trust question should be enacted at the present session of congress.

The senate committee on foreign relations yesterday authorized Senator Lodge to report favorably the general international arbitration treaty recommended by the Pan-American conference held at the City of Mexico last winter. The treaty is on the lines of The Hague treaty, but applies only to the republics of the western hemisphere.

The sub-committee of the house judiciary committee resumed consideration yesterday of the anti-trust bills. Suggestions made by Attorney General Knox in his communication of Tuesday were discussed in connection with the various bills before the committee. The sub-committee expects to get a bill in shape to report to the full committee by Friday.

Representative Morrell, of Pennsylvania, offered a joint resolution yesterday authorizing the president to appoint a commission, to consist of the secretary of the treasury, the comptroller of the currency and such others, number not stated, as the president may deem necessary, to investigate existing financial laws and to devise a financial system which will remedy whatever faults they may find in the existing system. The resolution provides for a report to congress at the next session.

There's nothing so bad for a cough as coughing!
There's nothing so good for a cough as Ayer's Cherry Pectoral!

A cough means a great deal to a young person, when there is a family history of weak lungs, with perhaps a case of consumption itself. Coughs weaken the tissues, congest the membranes, and prevent healing. Ayer's Cherry Pectoral controls the congestion and inflammation, and the cough disappears. Your doctor will explain, for we give all doctors the formula.

J. C. Ayer Co., Lowell, Mass.

"We have used Ayer's Cherry Pectoral in our family for over 25 years. For all lung troubles I am sure there is no medicine its equal."—MRS. A. POMEROY, Appleton, Minn.

A large crowd of Wellsville citizens, and several people residing in the country between Wellsville and East Liverpool, gathered at Wellsville at city hall in anticipation of seeing the county commissoners and making complaints to them. Several of the councilmen were also on hand. Matters are waxing very warm at Wellsville.

Lisbon, January 8.—(Special)—The commissioners decided not to go to Wellsville today to investigate the street car troubles as they have come to the conclusion that it is not for them to move in the matter.

Good News.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

No chance for disappointment if you serve Mrs. Austin's famous Pancakes. All grocers sell it. 27

THE EAST END BADLY OFF

Continued from First Page.

The gentlemen representing the plants named above then made a proposal to the trustees to advance the money necessary to pay for the work, it to be refunded to them in water rents. The work is to be done under the supervision of the trustees, and they have estimated the cost at about $16,000.

The proposal was not made in definite form last night, as it is desired to have other East End industries become parties to it and unless they consent it is not likely that anything can be done. The East End plant of the East Liverpool Potteries company, the Electric Porcelain works and the sewer pipe works are the companies referred to.

If the proposal is accepted each of these companies will advance a pro rata part of the money necessary and will be credited with the amount of their water rents each month until it is refunded.

It is learned that the Western Insurance association has been investigating the physical conditions of the East End for some time. A number of their inspectors have been here, and every one has made an adverse report as to the water supply. A recording gauge was placed in one of the East End potteries, and the records show an extremely irregular pressure, dropping at times to below 20 pounds. Following this Albert Blauvelt, superintendent of surveys, and W. E. Higbee, manager of the association, visited here the latter part of December and tested the delivering power of the eight inch main. All computations by insurance companies take a standard hose stream as a unit and this in trun is based on the rating of the regulation fire pump, or 250 gallons per minute for each hose stream.

The smallest acceptable pump for a plant the size of the one tested is 1,000 gallons per minute, which is rated as four hose streams. When the flow from this main, adjusted to 500 gallons per minute, was tested and checked by three different gauges, it was found that pressure fell from 102 to 30 pounds. This small volume of water under such low pressure, is held by the companies to be unsuited to serve the needs of the fire department and cannot at the same time furnish water for the sprinkler systems within the buildings. The drop in the pressure could not be accounted for by these officials, even by the hydraulic tables published by leading authorities. Superintendent Morley was asked to locate the difficulty, and promised his best efforts.

The water mains in the city proper are estimated to have a delivering power equal to 20 to 25 hose streams, under full pressure. The East End is regarded as having less than 10 per cent. of this hydraulic pressure.

The result of these investigations was that the officials reported to the insurance companies comprising the association that insurance, particularly with regard to sprinkled risks, cannot be conducted on a conservative basis in the East End until such a time as it may have volume of water and pressure something like that of the city proper. The insurance companies carrying the risks have already notified all the larger plants that the risks will not be renewed. The policies would be canceled were it not for the fact that most of them expire in a short time. The risks will not be accepted again even at an advanced rate.

NATIONAL CONGRESS.

Senate Discussed Reorganization of the Militia and the Statehood Bills.

QUAY CRITICIZES RESOLUTIONS.

House Passes Senate Bill for the Redemption of Silver Coinage of the Hawaiian Islands and Its Recoinage Into United States Coin.

Washington, Jan. 8.—The senate yesterday discussed the bill for the reorganization of the militia and also the statehood bill. Mr. Mallory, of Florida, led the Democratic senators in opposition to the section of the militia bill providing for a reserve force of trained men, the contention being that it not only infringed the rights of several states, but also increased the standing army by a hundred thousand men.

When the statehood bill came up Mr. Beveridge had read a number of resolutions adopted at a recent convention in Oklahoma, favoring single statehood with Indian territory.

Mr. Quay, who is leading the fight for the admission of Oklahoma, Arizona and New Mexico, criticized the resolutions, saying the people who adopted them had not acted intelligently, because the single statehood bill had been withdrawn. He further charged that they did not represent the sentiment of a majority of the people of Oklahoma.

Mr. Nelson, of Minnesota, continued, but did not conclude his remarks in opposition to the omnibus statehood bill.

At 4:20 p. m. the senate went into executive session. It adjourned shortly thereafter.

In the House.

Washington, Jan. 8.—The session of the house yesterday lasted a little more than two hours. The senate bill for the redemption of the silver coinage of the Hawaiian islands and its recoinage into United States coin was passed after an hour's debate. It provides for the redemption of silver coins by being received either in Hawaii or the United States in the payment of dues. Standard silver coins of the United States may be exchanged for coin of Hawaii at their face value. Hawaiian silver coins will be legal tender until Jan. 1, 1904; Hawaiian silver certificates shall be redeemed before Jan. 1, 1905, and thereafter they cannot lawfully circulate as money. Several bills of minor importance also were passed. The Philippine constabulary bill was made a special order for today.

At 2:15 p. m. the house adjourned.

NATIONAL CAPITAL NOTES.

The indications are that the United States will satisfy itself by claiming only one coaling station in Cuba, namely, at Guantanamo.

Senator Quay yesterday introduced a bill prohibiting persons not members of societies composed of soldiers in the recent American wars to wear the insignia of members.

Senator Hoar yesterday introduced a second trust bill. It provides especially for the expediting of suits in equity brought under the provisions of the present anti-trust law.

The house committee on military affairs yesterday concluded the preparation of the army appropriation bill, which will carry an appropriation of $72,538,337, about $5,000,000 less than the estimate.

The Cuban reciprocity treaty was considered at some length yesterday by the senate committee on foreign relations, but action upon it was postponed in order to afford an opportunity for the presentation of the views of the beet sugar industry.

President Roosevelt had a conference yesterday with Speaker Henderson and Representative Grosvenor, of Ohio, with regard to proposed anti-trust legislation. It is understood the president impressed upon his callers his desire that some legislation dealing with the trust question should be enacted at the present session of congress.

The senate committee on foreign relations yesterday authorized Senator Lodge to report favorably the general international arbitration treaty recommended by the Pan-American conference held at the City of Mexico last winter. The treaty is on the lines of The Hague treaty, but applies only to the republics of the western hemisphere.

The sub-committee of the house judiciary committee resumed consideration yesterday of the anti-trust bills. Suggestions made by Attorney General Knox in his communication of Tuesday were discussed in connection with the various bills before the committee. The sub-committee expects to get a bill in shape to report to the full committee by Friday.

Representative Morrell, of Pennsylvania, offered a joint resolution yesterday authorizing the president to appoint a commission, to consist of the secretary of the treasury, the comptroller of the currency and such others, number not stated, as the president may deem necessary, to investigate existing financial laws and to devise a financial system which will remedy whatever faults they may find in the existing system. The resolution provides for a report to congress at the next session.

There's nothing so bad for a cough as coughing!
There's nothing so good for a cough as Ayer's Cherry Pectoral!

A cough means a great deal to a young person, when there is a family history of weak lungs, with perhaps a case of consumption itself. Coughs weaken the tissues, congest the membranes, and prevent healing. Ayer's Cherry Pectoral controls the congestion and inflammation, and the cough disappears. Your doctor will explain, for we give all doctors the formula.

J. C. Ayer Co., Lowell, Mass.

EAST END

MORTGAGE BURNING

Program For a Joyous Event At Second U. P. Church Tomorrow Night.

The services tomorrow night at the Second U. P. church in the East End, will be especially enjoyable to the members of the congregation. It is the occasion of the burning of the note and mortgage on the church building. In the past year the members of the church have been working hard to raise money to pay this indebtedness and have been successful. The program of the services has been arranged as follows:

Sermon, Rev. Dr. Taggart, of the First U. P. church.

History of the church from its organization as a mission till the time of the building of the new church began, Charles Hanley, Sr.

History of the building of the new church and of the troubles and difficulties in raising funds by the building committee, D. F. White.

Response in behalf of the trustees, J. H. Smith

Work of the Ladies' Missionary society in helping build the church, Mrs. Martha Pittinger.

Work on the Junior society, Mrs. Elmer Stevenson.

After this the mortgage and note will be burned and the church will join fervently in singing the doxology. Rev. D. W. McQuiston will preside during the evening and will also make a short address.

Boer Soldier Living Here.

Charles Enke, the Boer soldier whose arrival in town was noted by the News Review, has become a resident of the city. He is now working quietly at the power house of the East Liverpool Street Railway company. He has been employed there nearly a month. The story of his life in the past few years is full of hardships. The war deprived him of home, wife and children. He leads a rather lonely existence. After a time he expects to return to his native country and end his days among his own countrymen.

Klondike Ready to Start.

The Klondike pottery will start again Monday. The employes of this plant have had a loaf amounting to nearly three weeks. The officials of the pottery took advantage of the time of the Christmas holidays to begin placing a new water tank in position. The old tank which had been used for a long time was getting dangerous and a new steel tank was purchased. The size is much larger and from now on the plant will have ample water facilities.

Dixon Not in the Race.

The name of Samuel R. Dixon, of the East End, has been spoken of quite prominently as a candidate for member of the board of public service. It was urged that he was a man eminently qualified for the position and he was given the assurance of hearty support by many friends. However, Mr. Dixon never announced his candidacy and this morning said that he was not a candidate in any sense of the word.

Crawford-Dobbs.

A quiet wedding took place last night at the home of Henry McDaniels of Ohio street, in the East End. The contracting parties were Robert Dobbs, a plasterer, and Amy Crawford, who has been employed in one of the potteries in the East End. Rev. Crowe performed the ceremony which took place at 9 o'clock. The couple will make their home in the East End and will commence housekeeping in the spring.

EAST END AFFAIRS.

Burr Wright, a kiln hand at the Globe pottery, is confined to the house on account of sickness.

Ben Conklin left this morning for Salineville, where he will be employed as a sagger maker in one of the potteries.

The dance given last night by the Oakland Athletic club at the Larkins & Ferguson hall was attended by a large number and was a very pleasant affair.

Mrs. Austin's Buckwheat has a world-wide reputation on account of its purity and general Buckwheat flavor. Don't forget the name. 27

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

GRAIN-O
THE PURE GRAIN COFFEE

In comparing Grain-O and coffee remember that while the taste is the same Grain-O gives health and strength while coffee shatters the nervous system and breeds disease of the digestive organs. Thinking people prefer Grain-O and its benefits.

BOYD HOT ON THE TRAIL

Continued from First Page.

which they agree to charge but five cents to carry passengers either way between the West End of the city of Wellsville to the East End of the city of East Liverpool.

Several citizens have complained recently of having to pay 10 cents to ride from Wellsville to East Liverpool. They would get on a car and the conductor would collect 5 cents and carry them only to the mill where the passengers would have to wait for the next car which would charge an extra 5 cents to carry them the balance of the way.

According to the franchise all street cars are to be properly lighted and heated. This section in the franchise is also being violated as the cars running through Wellsville are not properly lighted, by any means, and several of the cars are not properly heated. Much complaint has been made about these matters.

Another grievance mentioned in the petition is about the digging up of the city streets by the street railway company who have not replaced the pavement, nor left the streets as they found them before tearing up. The streets along the line of route of the street railway tracks are in a very bad condition, particularly on Main street, between Sixth and Tenth streets. Manager Healy's attention was called to this matter by city officials several times and at last Mr. Healy ordered Street Inspector M. Dalton to have the street repaired and the expense of the work charged to the street railway company. At that time the street inspector gave the matter his immediate attention and hired men to do the work. The work was not fairly started until Mr. Healy interfered and said that he would not pay for the work.

At the time that a franchise was granted the street railway company in 1901, Manager Healy promised council that he would have a car barn placed in the West End and would start one car from the barn at an early hour every morning for the accommodation of the working people. This promise has not been lived up to.

The fact that council last May compelled the street railway company to take down its feed wires counts for nothing in giving good service, as after that time the street cars were run as before on the 12-minute schedule. It has only been a few weeks since the half hour schedule was started.

On December 20, Chief of Police Houser served a notice on Mr. Healy, calling his attention to all of these matters. Mr. Healy paid no attention to the notice and treated it as of little consequence.

Councilmen have repeatedly called Mr. Healy's attention to all of these grievances, but nothing has ever been done toward remedying them.

It is now asserted that a taxpayer of the city of Wellsville will bring suit at once against the county commissioners to do their duty and to bring the street railroad people to time. A large crowd of Wellsville citizens, and several people residing in the country between Wellsville and East Liverpool, gathered at Wellsville at city hall in anticipation of seeing the county commissoners and making complaints to them. Several of the councilmen were also on hand. Matters are waxing very warm at Wellsville.

Lisbon, January 8.—(Special)—The commissioners decided not to go to Wellsville today to investigate the street car troubles as they have come to the conclusion that it is not for them to move in the matter.

Good News.

ALLIED PRINTING TRADES UNION LABEL COUNCIL E. LIVERPOOL, O.

THURSDAY, JANUARY 8, 1903.

Farmers opportunities for making their business profitable are constantly multiplying. The fruit growing industry especially has assumed important proportions and made rapid strides in recent years. As population increases the demand will continue to grow. Many are learning that a very poor quality of soil can be made to produce an excellent quality of fruit. Stony hillsides, that are now unprofitable, can be made to blossom with each returning spring. The grape will grow on soils that refuse nourishment to cereal crops, and the blackberry is successfully grown on the lightest sands. With all the boast of the west there is not a state in the union that averages the net net profit per acre that New Jersey does with her small fruits. Lands that will not grow a blade of grass pay the owner in pears, blackberries and raspberries, and the better qualities of soil produce the best of strawberries. If there is a failure in growing fruit it is due to carelessness of the grower. Trees and vines, like anything else, must receive the care and attention of the grower, must be properly cultivated, pruned and the fruit judiciously prepared for market. The curculio must be fought the borer killed and the miller and caterpillar destroyed. If the work is well done and the grower patient his reward will surely come, for there can be no failure in fruit growing if he understands his calling.

Carnegie says he has built 730 libraries and expects to double the number. The wirld needs this form of philanthropy and few localities are likely to refuse his offers. Mr. Carnegie has this to say of his particular hobby: "The library is the palace of the republic of letters—a hierarchy in which the supreme masters, almost without exception, have come from the cottage of the poor, not from the palace of the rich. The free library, maintained by all the people, knows neither rank nor birth within its walls. Even the holder of the highest position on earth, the elected of the majority of the English-speaking race, has no privilege within those walls which is not the right of his poorest and humblest fellow citizen. Free libraries are cradles of democracy and their spread never fails to extend and strengthen the democratic idea, the equality of the citizen, the equality of man."

Columbus, after a gread deal of talk and apparently very little real effort, has raised $25,000, which, added to the $25,000 appropriated by the legislature, ensures the erection of a McKinley memorial on the state capitol grounds. It is most appropriate that the capital city of this great state should thus honor the memory of one of the greatest Ohioans as well as one of the greatest Americans.

The immigration laws need to be strengthened. There is no doubt whatever that the contract labor law is constantly being violated. Neither is there any doubt that persons are constantly allowed to land who should not have that privilege under the law. Commissioner Williams, of New York says that an organized effort is being made in Europe to rush emigrants here before a new law can take effect. Several hundred immigrants arrived the other day on a German ship and gave addresses in New York city. An investigation has developed the fact that 52 per cent of those addresses were fictitious.

The department of agriculture announces that it has discovered a method of killing off grasshoppers and locusts. A fungus or bacterial disease will be circulated among the pests by means of culture germs and that will be the end of them. If the experiment proves a success it will mean the saving of millions to the farmers.

The president is right when he says an appropriation of $3,000,000 for the relief of distress in the Philippines would be practical evidence of the interest this government takes in the welfare of the islanders. Money talks in a way that even the childlike brown people can understand.

The western railroads propose an increase in freight rates that will increase their earnings $100,000,000 during the year. There are some things that the railroads can get through with a rush, even if they are unable to handle their freight in that way.

Governor Taft, of the Philippines, is scheduled to succeed Associate Justice Shiras, of the supreme court, when he retires next month. The appointment could fall to no man more capable or patriotic.

It has been judicially decided in Missouri that the mule is "a treacherous and vicious animal." Constantly we see the time of courts taken up with questions any fool could answer.

If, as Democrats assert, the anti trust bill will be made up of "glittering generalities" and totally useless why are the trusts so much afraid of it?

The reason old Winter relaxed his grip for a few days was evidently to obtain a firmer hold.

Congress cannot eradicate trust evils by talking about them. It must get down to work.

WOODMEN'S ELECTION

Head Physician Smith Coming Here Soon to Talk on Woodcraft.

At the meeting of the Modern Woodmen of America, held last night, a communication was received from Dr. F. A. Smith, of Zanesville, who is the head physician of the lodge of this district, announcing that he will be in the city January 21, when he will give a talk on woodcraft in the Jr. O. U. A. M. hall.

Three applications for membership were acted upon and the following officers were elected:

Venerable counsel, W. S. Culp; worthy advisor, William Hassel; banker, John Mitchell; clerk, Thomas Simpson; escort, Josiah Ford; watchman, Frank Cavitt; sentry John Stoffel; manager, Joseph Smith; camp physician, W. A. Hobbs.

AT THE THEATER

"In Convict Stripes" which will be produced at the Grand Saturday night, it is considered one of the best plays ever presented at popular prices. The scenery and effects are all new and taken from photographs from the exact location in South Carolina. Act I shows "A Country School House." Act II "The Exterior of a Southern Home." Act III "The Convict Stone Quarry" and Act IV, "The Interior of the Quarry Guard House."

We have taken inventory this week. Watch and wait for bargains.

RAILWAY TO SALEM BY 4TH OF JULY

WHAT THE GOODMAN ROAD PROMOTERS ARE PROMISING.

Street Railway Men Talk Flatteringly of Prospects of the New Line.

Salem, January 8.—Max G Goodman, of Cleveland, and W. H. Spence, of Lisbon, who are interested in the project for the construction of a suburban electric railway through this section, were both in town yesterday. They drove to the country southeast of the city, near the Lisbon road, where they are closing up certain rights of way for the line. Mr. Goodman left for Cleveland last evening. He talked of some length of his plans, the chief topic concerning the route between Canfield and Salem.

Mr. Goodman has given the Leetonia village council assurance that his company will build the main line of the road through that village, coming down by way of Calla, Greenford and Washingtonville. This would leave Salem out, or put it on a spur of the road.

Mr. Goodman, according to his statement yesterday, has an ingenious plan to put both Salem and Leetonia on the main line, by simply making Salem the headquarters of the traffic department of the company. The spur which will be built to Salem from Franklin Square would be used by all cars on the system, every car having to run up through Salem whether the passenger was bound for Salem or not. The general offices and waiting rooms of the company will be established here, and the complete road divided into two divisions the northern, including the system from Salem to Franklin Square, Leetonia, Washingtonville, Calla and Youngstown; and the southern, to include the portion of the road from Salem to Lisbon, and thence south to the river at East Liverpool. All cars pass through Salem, and the business of the company would be brought here, placing Salem in the position of the center of the system.

Mr. Goodman intimated that in time the road would be extended north, but said that plans regarding this were too indefinite at present to announce. He even thought that eventually the other line, running direct from Salem to Canfield, would be built and operated, but at present he practically conceded that the Leetonia route would be chosen.

Mr. Spence, on his arrival here, said that by July 4 the Salem people could hold a celebration and invite Lisbon people to come up here on Goodman street cars.

E. R. Merrill, right of way man of the Stark electric railway, was in this city last evening. He states it is the intention of this company to run cars to Salem by November 1, 1903.

RETURNING BY TRAIN INSTEAD OF HORSEBACK

The Laugh Is on Director Stephens Who Proposed Riding Here from Akron.

The favorite exercise of Rev. Dr Pratt is horseback riding. In fact it is the only form of exercise he indulges in, and while at Akron he purchased a Kentucky thoroughbred saddle horse and took daily rides until he came to this city. Lately he has been longing for a renewal of this invigorating exercise and set about to have the animal brought to this city.

Physical Director Stephens, of the Y. M. C. A., agreed to undertake the task and left the city several days ago for Akron, intending to ride across the country. Before leaving he made the assertion that he could make the return trip in a day, and led his friends to believe that he is an expert horseman. Last evening Dr. Pratt was surprised to receive a telephone message from him at Alliance, stating that he would reach here on a train, probably this evening. Instead of doing the entire distance in a day he had traveled only about 20 miles. It is not known at this time whether the spirited animal proved too much for the rider or the severe cold weather caused him to resort to the railroad. At any rate those who heard his assertions are "laying" for him.

Dr. Pratt feels in such great need of this exercise that he will begin it at once and will ride during the early morning hours, in spite of the biting weather.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croup cough appears, will prevent the attack. It never fails, and is pleasant and safe to take For sale by Alvin H. Bulger, druggist.

FRIENDS AND VISITORS

Mrs. Thomas Bailey, of Fourth street, is ill.

C. C. McCoy, the oil man, is a business visitor in this city.

Mrs. M. O'Brien, of Walnut street, is threatened with fever.

James Rayl, Jr., is laid up with an attack of catarrhal fever.

Rollin B. Heaton, of Salem, was a business visitor here yesterday.

Esther Pennybaker, of Church alley, is suffering with catarrhal fever.

Justice H. P. McCarron was a business visitor in Pittsburg last night.

George Perrine, of lower Jackson street, is ill with typhoid pneumonia.

Mrs. Martha Jolly, of Denver street is very ill, suffering from pneumonia.

Miss Georgia Harker and Rachel Newell were Pittsburg visitors yesterday.

City Clerk Willis Davidson was a visitor in Pittsburg yesterday evening.

Lyman Earl has moved from Seventh street to his new home in the East End.

Gilbert Everson has gone to Calhoun county, W. Va., where he will spend the winter.

Miss Margaret Hamil left yesterday morning for Villa Angela, Nottingham, O., to resume studies.

J. A. Knorr, salesman for the East Liverpool Potteries company, is back from a visit to Rochester.

Miss Maude Steele returned yesterday evening from a visit with her brotner at Waynesburg Pa.

Mr. and Mrs. John Short are visiting the latter's parents, Mr. and Mrs. Harry Mountford, of Derry, Pa.

The condition of Mrs. William H. Thompson, of Fourth street, who is ill of pneumonia, is not improved.

Miss Pauline Baxter, little daughter of Mr. and Mrs. Harry Baxter, of Elm street, is ill with gastro enteritis.

Mrs. H. H. Blythe and daughter Margaret spent yesterday in Pittsburg and in the evening attended the theater.

Joseph Watson, a former resident of this city, has returned to his home at Baltimore after a visit of a week here.

Miss Hilda Sarvoy, of McKeesport, Pa., is the guest of her sister, Mrs. Fred Smedberg, of Indiana avenue, Chester.

Olga, the seven-year-old daughter of Mr. and Mrs. Clarence Allison, of Fourth street, is confined to her home with catarrhal fever.

William Banfield, formerly district manager of the Chester tin mill, was a visitor here yesterday. He returned to his home in Beaver last evening.

Mrs. Alice Work, called here from Joplin, Mo., by the death of her mother, Mrs. Alice Booth, is visiting relatives at Mineral Point, O., before returning to her home.

Alfred Harries will leave this week to be in attendance at the annual convention of the Bricklayers' and Masons' International union. The convention will be held at Memphis, Tenn.

James Tuten, of Chester, left today for Carnegie, Pa., where he will spend a few days with his sister. He will return home tomorrow and on Saturday expects to leave for Pine Grove, W. Va., where he is employed in the oil fields.

CLEARS MRS. D. O. HAZELRIGG.

Mrs. Laura Stackhouse Arrested for Using the Mails for Fraudulent Purposes.

Marietta, O., Jan. 8.—Mrs. Laura Stackhouse, alias Laura Miller, alias Irene Mouselle, of this city, was arrested yesterday for using the mails for fraudulent purposes in advertising that she was seeking a husband and extorting money from applicants. Her business has been extensive throughout the United States, and government officials say that it has netted her thousands of dollars.

The arrest of Mrs. Stackhouse clears Mrs. D. O. Hazelrigg, wife of a prominent oil operator of Williamstown, W. Va., who had been held under surveillance since Monday by mistake. The women are said to be "doubles," having been mistaken for each other on trains and at meetings, as well as at the postoffice. Mrs. Hazelrigg was never arrested, but both women were under surveillance until the one was caught yesterday [illegible].

Killed Three and Wounded Three.

Salt Lake, Utah, Jan. 8.—A special from Eureka, Nev., says: J. A. Traylor, manager of the York and Nevada Copper company's mine near Ely, White Pine county, was attacked yesterday in the company's office, at Keystone, by 12 men, said to be members of the miners' union, who intended running him out of town. They caught Traylor and threw him down, but he managed to break away and commenced shooting, killing James Staggs, Sam Johnson and J. S. Smith and wounding three other members of the party. A strike has been on against the company for several weeks on account of a reduction in wages ordered by Manager Traylor.

TROUBLESOME TIME FOR THE CARE LINES

SNOW OF LAST NIGHT CAUSED GREAT INCONVENIENCE.

Though the Snow Plows Were Out It Was Impossible to Run on Anything Like a Schedule.

The snow, which fell at intervals all of yesterday and last night caused endless trouble to the street car lines. The high wind which raged, especially after nightfall, caused the snow to drift upon the tracks, making it exceedingly difficult for the cars to run.

It was no uncommon occurrence for a car to jump the track as the snow was damp and seemed to stick to the rails as it fell, causing more trouble than it has this year.

On the Washington and Franklin street hills, of the East Liverpool & Wellsville line, the snow drifted so badly that it was necessary to put sweepers on the track so that the cars could get through. It was a common sight to see two and three cars traveling together as it was impossible for them to run on anything like schedule time. The public suffered but little inconvenience last night by the snow blockade as the travel was exceedingly light.

This morning, however, it was almost impossible for the workmen employed in the river and East End potteries to reach their work on time.

The first cars between this city and Wellsville were almost an hour late getting through and the schedule between Jethro and the East End was badly mixed up during the early hours of the morning. By 9 o'clock, however, the snow was broken pretty well and nearly all of the cars on this line were on schedule time.

On the East Liverpool and Rock Springs line but very little trouble was experienced. Several of its cars are equipped with the new patent snow plows which were fastened to the car directly over the rail and the drifting snow did not bother them much.

There has been snow falling during the day, but the service during the afternoon on all of its lines was as good as could be expected.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

RAILWAY TO SALEM BY 4TH OF JULY

WHAT THE GOODMAN ROAD PROMOTERS ARE PROMISING.

Street Railway Men Talk Flatteringly of Prospects of the New Line.

Salem, January 8.—Max G Goodman, of Cleveland, and W. H. Spence, of Lisbon, who are interested in the project for the construction of a suburban electric railway through this section, were both in town yesterday They drove to the country southeast of the city, near the Lisbon road, where they are closing up certain rights of way for the line. Mr. Goodman left for Cleveland last evening. He talked of some length of his plans, the chief topic concerning the route between Canfield and Salem.

Mr. Goodman has given the Leetonia village council assurance that his company will build the main line of the road through that village, coming down by way of Calla, Greenford and Washingtonville. This would leave Salem out, or put it on a spur of the road.

Mr. Goodman, according to his statement yesterday, has an ingenious plan to put both Salem and Leetonia on the main line, by simply making Salem the headquarters of the traffic department of the company. The spur which will be built to Salem from Franklin Square would be used by all cars on the system, every car having to run up through Salem whether the passenger was bound for Salem or not. The general offices and waiting rooms of the company will be established here, and the complete road divided into two divisions the northern, including the system from Salem to Franklin Square, Leetonia, Washingtonville, Calla and Youngstown; and the southern, to include the portion of the road from Salem to Lisbon, and thence south to the river at East Liverpool. All cars pass through Salem, and the business of the company would be brought here, placing Salem in the position of the center of the system.

Mr. Goodman intimated that in time the road would be extended north, but said that plans regarding this were too indefinite at present to announce. He even thought that eventually the other line, running direct from Salem to Canfield, would be built and operated, but at present he practically conceded that the Leetonia route would be chosen.

Mr. Spence, on his arrival here, said that by July 4 the Salem people could hold a celebration and invite Lisbon people to come up here on Goodman street cars.

E. R. Merrill, right of way man of the Stark electric railway, was in this city last evening. He states it is the intention of this company to run cars to Salem by November 1, 1903.

RETURNING BY TRAIN INSTEAD OF HORSEBACK

The Laugh Is on Director Stephens Who Proposed Riding Here from Akron.

The favorite exercise of Rev. Dr Pratt is horseback riding. In fact it is the only form of exercise he indulges in, and while at Akron he purchased a Kentucky thoroughbred saddle horse and took daily rides until he came to this city. Lately he has been longing for a renewal of this invigorating exercise and set about to have the animal brought to this city.

Physical Director Stephens, of the Y. M. C. A., agreed to undertake the task and left the city several days ago for Akron, intending to ride across the country. Before leaving he made the assertion that he could make the return trip in a day, and led his friends to believe that he is an expert horseman. Last evening Dr. Pratt was surprised to receive a telephone message from him at Alliance, stating that he would reach here on a train, probably this evening. Instead of doing the entire distance in a day he had traveled only about 20 miles. It is not known at this time whether the spirited animal proved too much for the rider or the severe cold weather caused him to resort to the railroad At any rate those who heard his assertions are "laying" for him.

Dr. Pratt feels in such great need of this exercise that he will begin it at once and will ride during the early morning hours, in spite of the biting weather.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croup cough appears, will prevent the attack. It never fails, and is pleasant and safe to take For sale by Alvin H. Bulger, druggist.

FRIENDS AND VISITORS

Mrs. Thomas Bailey, of Fourth street, is ill.

C. G. McCoy, the oil man, is a business visitor in this city.

Mrs. M. O'Brien, of Walnut street, is threatened with fever.

James Rayl, Jr., is laid up with an attack of catarrhal fever.

Rollin B. Heaton, of Salem, was a business visitor here yesterday.

Esther Pennybaker, of Church alley, is suffering with catarrhal fever.

Justice H. P. McCarron was a business visitor in Pittsburg last night.

George Perrine, of lower Jackson street, is ill with typhoid pneumonia.

Mrs. Martha Jolly, of Denver street is very ill, suffering from pneumonia

Miss Georgia Harker and Rachel Newell were Pittsburg visitors yesterday.

City Clerk Willis Davidson was a visitor in Pittsburg yesterday evening.

Lyman Earl has moved from Seventh street to his new home in the East End.

Gilbert Everson has gone to Calhoun county, W. Va., where he will spend the winter.

Miss Margaret Hamil left yesterday morning for Villa Angela, Nottingham, O., to resume studies.

J. A. Knorr, salesman for the East Liverpool Potteries company, is back from a visit to Rochester.

Miss Maude Steele returned yesterday evening from a visit with her brotner at Waynesburg Pa.

Mr. and Mrs. John Short are visiting the latter's parents, Mr. and Mrs. Harry Mountford, of Derry, Pa.

The condition of Mrs. William H. Thompson, of Fourth street, who is ill of pneumonia, is not improved.

Miss Pauline Baxter, little daughter of Mr. and Mrs. Harry Baxter, of Elm street, is ill with gastro enteritis.

Mrs. H. H. Blythe and daughter Margaret spent yesterday in Pittsburg and in the evening attended the theater.

Joseph Watson, a former resident of this city, has returned to his home at Baltimore after a visit of a week here.

Miss Hilda Sarvoy, of McKeesport, Pa., is the guest of her sister, Mrs. Fred Smedberg, of Indiana avenue, Chester.

Olga, the seven-year-old daughter of Mr. and Mrs. Clarence Allison, of Fourth street, is confined to her home with catarrhal fever.

William Banfield, formerly district manager of the Chester tin mill, was a visitor here yesterday. He returned to his home in Beaver last evening.

Mrs. Alice Work, called here from Joplin, Mo., by the death of her mother, Mrs. Alice Booth, is visiting relatives at Mineral Point, O., before returning to her home.

Alfred Harries will leave this week to be in attendance at the annual convention of the Bricklayers' and Masons' International union. The convention will be held at Memphis, Tenn.

James Tuten, of Chester, left today for Carnegie, Pa., where he will spend a few days with his sister. He will return home tomorrow and on Saturday expects to leave for Pine Grove, W. Va., where he is employed in the oil fields.

CLEARS MRS. D. O. HAZELRIGG.

Mrs. Laura Stackhouse Arrested for Using the Mails for Fraudulent Purposes.

Marietta, O., Jan. 8.—Mrs. Laura Stackhouse, alias Laura Miller, alias Irene Mouselle, of this city, was arrested yesterday for using the mails for fraudulent purposes in advertising that she was seeking a husband and extorting money from applicants. Her business has been extensive throughout the United States, and government officials say that it has netted her thousands of dollars.

The arrest of Mrs. Stackhouse clears Mrs. D. O. Hazelrigg, wife of a prominent oil operator of Williamstown, W. Va., who had been held under surveillance since Monday by mistake. The women are said to be "doubles," having been mistaken for each other on trains and at meetings, as well as at the postoffice. Mrs. Hazelrigg was never arrested, but both women were under surveillance until the one was caught yesterday [illegible] postoffice.

Killed Three and Wounded Three.

Salt Lake, Utah, Jan. 8.—A special from Eureka, Nev., says: J. A. Traylor, manager of the York and Nevada Copper company's mine near Ely, White Pine county, was attacked yesterday in the company's office, at Keystone, by 12 men, said to be members of the miners' union, who intended running him out of town. They caught Traylor and threw him down, but he managed to break away and commenced shooting, killing James Staggs, Sam Johnson and J. S. Smith and wounding three other members of the party. A strike has been on against the company for several weeks on account of a reduction in wages ordered by Manager Traylor.

TROUBLESOME TIME FOR THE CARE LINES

SNOW OF LAST NIGHT CAUSED GREAT INCONVENIENCE.

Though the Snow Plows Were Out It Was Impossible to Run on Anything Like a Schedule.

The snow, which fell at intervals all of yesterday and last night caused endless trouble to the street car lines. The high wind which raged, especially after nightfall, caused the snow to drift upon the tracks, making it exceedingly difficult for the cars to run.

It was no uncommon occurrence for a car to jump the track as the snow was damp and seemed to stick to the rails as it fell, causing more trouble than it has this year.

On the Washington and Franklin street hills, of the East Liverpool & Wellsville line, the snow drifted so badly that it was necessary to put sweepers on the track so that the cars could get through. It was a common sight to see two and three cars traveling together as it was impossible for them to run on anything like schedule time. The public suffered but little inconvenience last night by the snow blockade as the travel was exceedingly light.

This morning, however, it was almost impossible for the workmen employed in the river and East End potteries to reach their work on time.

The first cars between this city and Wellsville were almost an hour late getting through and the schedule between Jethro and the East End was badly mixed up during the early hours of the morning. By 9 o'clock, however, the snow was broken pretty well and nearly all of the cars on this line were on schedule time.

On the East Liverpool and Rock Springs line but very little trouble was experienced. Several of its cars are equipped with the new patent snow plows which were fastened to the car directly over the rail and the drifting snow did not bother them much.

There has been snow falling during the day, but the service during the afternoon on all of its lines was as good as could be expected.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ALLIED PRINTING TRADES UNION LABEL COUNCIL E. LIVERPOOL, O.

THURSDAY, JANUARY 8, 1903.

Farmers opportunities for making their business profitable are constantly multiplying. The fruit growing industry especially has assumed important proportions and made rapid strides in recent years. As population increases the demand will continue to grow. Many are learning that a very poor quality of soil can be made to produce an excellent quality of fruit. Stony hillsides, that are now unprofitable, can be made to blossom with each returning spring. The grape will grow on soils that refuse nourishment to cereal crops, and the blackberry is successfully grown on the lightest sands. With all the boast of the west there is not a state in the union that averages the net net profit per acre that New Jersey does with her small fruits. Lands that will not grow a blade of grass pay the owner in pears, blackberries and raspberries, and the better qualities of soil produce the best of strawberries. If there is a failure in growing fruit it is due to carelessness of the grower. Trees and vines, like anything else, must receive the care and attention of the grower, must be properly cultivated, pruned and the fruit judiciously prepared for market. The curculio must be fought the borer killed and the miller and caterpillar destroyed. If the work is well done and the grower patient his reward will surely come, for there can be no failure in fruit growing if he understands his calling.

Carnegie says he has built 730 libraries and expects to double the number. The wirld needs this form of philanthropy and few localities are likely to refuse his offers. Mr. Carnegie has this to say of his particular hobby: "The library is the palace of the republic of letters—a hierarchy in which the supreme masters, almost without exception, have come from the cottage of the poor, not from the palace of the rich. The free library, maintained by all the people, knows neither rank nor birth within its walls. Even the holder of the highest position on earth, the elected of the majority of the English-speaking race, has no privilege within those walls which is not the right of his poorest and humblest fellow citizen. Free libraries are cradles of democracy and their spread never fails to extend and strengthen the democratic idea, the equality of the citizen, the equality of man."

Columbus, after a gread deal of talk and apparently very little real effort, has raised $25,000, which, added to the $25,000 appropriated by the legislature, ensures the erection of a McKinley memorial on the state capitol grounds. It is most appropriate that the capital city of this great state should thus honor the memory of one of the greatest Ohioans as well as one of the greatest Americans.

The immigration laws need to be strengthened. There is no doubt whatever that the contract labor law is constantly being violated. Neither is there any doubt that persons are constantly allowed to land who should not have that privilege under the law. Commissioner Williams, of New York says that an organized effort is being made in Europe to rush emigrants here before a new law can take effect. Several hundred immigrants arrived the other day on a German ship and gave addresses in New York city. An investigation has developed the fact that 52 per cent of those addresses were fictitious.

The department of agriculture announces that it has discovered a method of killing off grasshoppers and locusts. A fungus or bacterial disease will be circulated among the pests by means of culture germs and that will be the end of them. If the experiment proves a success it will mean the saving of millions to the farmers.

The president is right when he says an appropriation of $3,000,000 for the relief of distress in the Philippines would be practical evidence of the interest this government takes in the welfare of the islanders. Money talks in a way that even the childlike brown people can understand.

The western railroads propose an increase in freight rates that will increase their earnings $100,000,000 during the year. There are some things that the railroads can get through with a rush, even if they are unable to handle their freight in that way.

Governor Taft, of the Philippines, is scheduled to succeed Associate Justice Shiras, of the supreme court, when he retires next month. The appointment could fall to no man more capable or patriotic.

It has been judicially decided in Missouri that the mule is "a treacherous and vicious animal." Constantly we see the time of courts taken up with questions any fool could answer.

If, as Democrats assert, the anti-trust bill will be made up of "glittering generalities" and totally useless why are the trusts so much afraid of it?

The reason old Winter relaxed his grip for a few days was evidently to obtain a firmer hold.

Congress cannot eradicate trust evils by talking about them. It must get down to work.

WOODMEN'S ELECTION

Head Physician Smith Coming Here Soon to Talk on Woodcraft.

At the meeting of the Modern Woodmen of America, held last night, a communication was received from Dr. F. A. Smith, of Zanesville, who is the head physician of the lodge of this district, announcing that he will be in the city January 21, when he will give a talk on woodcraft in the Jr. O. U. A. M. hall.

Three applications for membership were acted upon and the following officers were elected:

Venerable counsel, W. S. Culp; worthy advisor, William Hassel; banker, John Mitchell; clerk, Thomas Simpson; escort, Josiah Ford; watchman, Frank Cavitt; sentry John Stoffel; manager, Joseph Smith; camp physician, W. A. Hobbs.

There has been snow falling during the day, but the service during the afternoon on all of its lines was as good as could be expected.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

WELLSVILLE

THE POSTMASTERSHIP

Several Candidates to Succeed Mr. Snowden, Whose Term Expires February 3.

On February 3 Postmaster T. R. Snowden's time as postmaster of the city will be up, and it is said that he is not to be reappointed. Several candidates for the office are in the field, and it would be a hard matter to state which of the candidates have the best chance of being appointed.

Squire A. G. MacKenzie, John F. McQueen, Charles R. MacGregor, Jr., and James Nolan are mentioned as candidates for the office. It has also been rumored that Mayor Fogo is after the appointment. James Nolan, editor of the Wellsville Record, will no doubt be a strong factor in the race.

Unclaimed Letters.

Postmaster T. F. Snowden has given out the following list of unclaimed letters for the week ending January 3 which if not called for will be returned to the sender or sent to the dead letter office: C. L. Bixler, J. T. Byers, I. R. Bennett, R. I. Andrews, E. T. Race, John Burchard, Jas. Barry, Mrs. Laura Bechler (2), Wm. Combes, Miss Mabel Darrah, Mrs. Mary C. Howk, Miss Lina Herter, Miss Mattie Johnson, Commander K. O. T. M., Grigg Mary, Miss Myrtle McLain, Mrs. G. Washer, Lynn White, John A. Wagner, T. R. Wilkinson, Mrs. Marion Williams, Jack Elwyn (2), G. A. Grim, W. J. W. Gealey, Judson N. Keck, H. Keck Co., William S. Koontz, Mrs. Samuel Polem, James E. Ryan, W. Ridgely (2), L. F. Tumbler, L. Smith, L. E. Tucker.

Big Coal Deal Completed.

A big coal deal has recently been consummated in which 17,000 acres of land in Jefferson and adjoining counties have been either leased or purchased outright for the purpose of mining coal. All of the particulars of the deal have not as yet been learned. It is understood that Thomas Bracken prominent New York attorney, representing a big New York coal company is responsible for the deal. It is known that the plant of the Smith Coal company, at Irondale, has been purchased and will be taken possession of about the first of next April. New mines will be opened up soon.

WELLSVILLE SHORT STORIES.

H. Crago, of Cleveland, was in the city on business.

The regular meeting of local union No. 384, Brotherhood of Painters, Decorators and Paperhangers of America was held last evening in Potters' hall. Routine work occupied the evening.

STATION AGENT QUITS WITHOUT NOTICE

Sudden Strange Disappearance of J. P. Huffman Is Town Talk at Brilliant.

Brilliant, January 8.—The talk of the town is the strange disappearance of W. & L. E. R. R. Agent J. P. Huffman, Tuesday the auditor of the railroad arrived and commenced an investigation. The agent went out to collect accounts and later was seen going away on the street cars. He has not returned and a man from the Steubenville office is in charge of the office. The auditor went around among the merchants and it is said he told one merchant there was a shortage of about $200. The friends of Huffman hope he will appear and explain everything satisfactory. His family is still here. Huffman was quite popular as an agent and regarded as honest and what has come over him is not known.

The W. & L. E. agency here is regarded as a hodoo. It has been bad luck for every man who ever took the job, as misfortune of one kind or the other has overtaken every mother's son of them, as far as known. The railroad officials expect a man for a small pay to be on deck from 5 a. m. until 11 p. m. The office is badly out of repair and the front door is nailed shut because the company will not put on a new latch.

ONE CANDIDATE HAS BEEN FOUND

An East End Citizen Willing to Run For Mayor On the Democratic Ticket.

While there is considerable scramble among the aspirants for the Republican nomination for mayor in this city, there has been heard but little in regard to the Democratic nomination. The formality of even putting up a candidate has often been neglected by that party. However, this year, it is likely that they will have a candidate.

At least one man has said that he is a candidate for the nomination and as he has been a lifelong Democrat, it is presumed that he seeks the nomination from that source. The political Moses who seeks to lead the shattered hosts of Democracy of this city is Joseph B. McKinnon, the East End baker. He has formally announced his candidacy and says he is in the race to win.

PROBATE MATTERS

Order For Another Committment to the Massillon Asylum—Executors Named.

UWILLSEE SHADE ADJUSTER.

SOUTH SIDE

A MAN FROM WHEELING

Whom the Chester Police Are Asked to Arrest for Theft of Valuable Jewelry.

The local police force is looking for a man from Wheeling who is supposed to have stolen a considerable amount of jewelry. Chief Allison yesterday afternoon received a letter from Chief Ritz, of Wheeling, asking him to be on the lookout for a suspicious character, who had robbed T. M. Darrah of considerable valuable jewelry.

The articles secured by the thief were a three-karat diamond ring, another half-karat diamond, an amethyst ring with initials engraved inside, a Scottish Rite emblem, a gold band ring and a large Shriners emblem with one star missing. The theft was committed a couple of days ago and the miscreant made his escape before the jewelry was missed.

Logan-Roxwell.

Rev. C. E. Lindsey, of the M. E church of Chester, officiated last night at the wedding of two well known young people of Chester. The parties were Miss Lucy A. Logan, of Carolina avenue, and William R. Roxwell. The wedding occurred about 8 o'clock at the home of the bride's parents. The young couple will live for a time with the groom's parents, but expect to commence housekeeping in the spring.

Interesting Revival Services.

The revival meetings which are being conducted at the Asbury M. E. church by Rev. E. C. Lindsey are growing in interest every night. Several persons have joined the church and a number of conversions have been reported. Last night Prof. George Allison, of the Chester schools, occupied the pulpit for Rev. Mr. Lindsey and preached a very interesting sermon. These meetings will continue all next week and probably longer.

Presiding Elder Coming.

Next Saturday and Sunday the quarterly meeting services will be held at the Chester M. E. church. Presiding Elder James Mechen will preach Saturday afternoon at 1:30, which will be followed by the quarterly conference. Sunday morning the pastor, Rev. E. C. Lindsey, will preach and in the evening the presiding elder will again preach and afterwards communion services will be held.

Upset in the Snow.

Oscar Evans and Logan Wells, of Chester, had an unpleasant experience in the snow last night. While returning home from Asbury church they attempted to pass another sleigh, but got too near the edge of the road, with the result that the sleigh upset, throwing both young men out in the snow. Fortunately no one was hurt and no damage was done to the sleigh.

Council Meeting Tonight.

Tonight the first meeting of the Chester council for this year will be held. It is not expected that any amount of important business will be transacted. A number of questions will be brought up for a speedy settlement however, after the new council takes charge of affairs. The new members will not receive their oath of office until the next meeting and will not take their seats till the first of February. This year promises many important developments in local affairs and the council will have its hands full looking after the town's interest.

Valuable Dog Killed.

A fifty dollar dog was killed this morning by car No. 15 in charge of Motorman Joe Davis, of the Rock Springs street car line near Sixth street. The dog belonged to Charles Cochran and was considered very valuable by the owner.

A Sledload of Fifteen.

A sledload of 15 young ladies of Chester expect to attend the services at the M. E. church at Asbury tonight. Large crowds are attending these services and many from Chester are also in attendance.

CHESTER NOTES.

Mrs. J. A. McDonald is recovering from a severe attack of neuralgia.

John Tinson's two children are confined to the house with an attack of mumps.

The little son of Robert Allison, near Chester, has been seriousiy ill since the holidays.

Ralph, the little son of Dall Allison near Asbury, is confined to the house with sickness.

Lloyd Priest, of Middle Run, who has been ill for several weeks, is reported to be considerably worse.

Mrs. J. W. Moore, of Carolina avenue, is confined to her residence on account of a serious illness with tonsilitis.

Samuel Ferguson, formerly of Chester, but now of Pittsburg, is the guest of J. S. Skinner, of the Panhandle railroad.

Hugh Newell will leave in a few days for Los Angeles, Cal., and New Mexico, where he will spend the balance of the winter.

Horse Stunned by a Fall.

Jim Corbett, Pete Milliron's speedy pacer, fell on Fifth street last night, and was badly stunned. Mr. Milliron was driving the horse along the street at a lively gait when his feet suddenly flew out from under and it fell heavily to the pavement. The horse was badly stunned by the fall and it was several minutes before it was able to get up. The horse is all right today with the exception of being a little stiff and sore.

UNIONS TO FIGHT DESERT LAND LAW

Continued from First Page.

old Desert Land act and Commutation clause of the Homestead act that at the rate they are going the government will soon have no land left to reclaim.

"The land grabbers and speculators are robbing the people of the public lands at the rate of over 2,000,000 acres a month. Just think of that!

"Will you not get in and help us to to repeal the Desert Land law and the Commutation clause of the Homestead act in this session of congress. Unless this is done the very choicest tracts of public land will be stolen before congress meets again.

"Will you not have your organization pass strong resolutions demanding the repeal in this session of congress of the Desert Land act and the Commutation clause of the Homestead act, as the president recommended in his message to congress and send copies of your resolution as quickly as you can to your senators and representatives in congress.

"Please let me know when you write them and send me a copy of your resolution.

"Fraternally yours,
"WALTER CORMODY,
"Secretary."

The letter asked that the matter be placed in the hands of a committee whose duty it should be to draw up a set of strong resolutions to be forwarded to our representatives in both branches of the national house. The committee is composed of Messrs. F. B. Martindale, of the Typographical union; John Gilson, No. 17, and Wash Williams, of No. 25, and they will act at once.

The organization committee reported on a matter which had been placed in its hands some time ago and which they had attended to satisfactorily.

Chairman Veith, of the grievance committee, reported that an important matter, recently referred to it, had not yet been disposed of. He stated that a meeting of the committee would be held immediately after the adjournment of the regular council meeting.

The solicitors who had been active in the securing of stock for the co-operative store made a report, most satisfactory to the council, and as their work had been completed a request was made that they be discharged. This was done with the thanks of the council.

Mr. King, who was elected temporary chairman of the co-operative store company at a recent meeting, stated that the affairs of the company were at present in excellent condition, and though the concern was yet new the prospects for making a success of the enterprise were good. He said an impression had got out that it was the intention of the officers to collect the full amount of each subscription at the meeting to be held next Monday. He desired to correct this, and in order that all might understand just what was to be done said all the legal preliminary steps had been taken toward the securing of a charter. The stockholders would be asked to pay but 2 per cent of the amount of stock subscribed; they would be asked to sign up the stock books, and in connection with these matters the election of stockholders would be held. After this latter formality had been gone through permanent officers would be chosen. Mr. King's report was well received, and when it was accepted he asked that the committee be discharged. The request was complied with.

Organizer Charles Kontnier, of the American Federation of Labor, reported that through his efforts and those of the organization committee two new unions had recently been organized—the teamsters and engineers. While these organizations were both in a flourishing condition considering their age, he would request the members of Trades Council interest themselves to the extent of giving encouragement to the youngsters and see that all men who were eligible to either found a place in their ranks.

Organizer Kontnier read a letter from headquarters which contained the information that the organization of a building trades council in East Liverpool would not interfere in any way with the workings of the central body. The American Federation of Labor does not charter building trades councils, and they were subordinate at all times to the central body. The question once raised a long discussion was indulged in upon the subject. It was the universal belief that an organization of this character would be of incalculable benefit to the building trades and all other unionists in this locality. By the employment of a business agent innumerable small matters could be attended to which now demand the attention of committees, thus saving time to the employer and avoiding annoyance for the men. Those having building done would also be protected, since it was one of the main objects of the council to see to it that all work was performed by competent union men, and also to demand that it be done right.

After a statement from the hod carriers' union with reference to a certain question involving their trade and which was left in the hands of the proper parties for settlement, the meeting adjourned.

We have taken inventory this week. Watch and wait for bargains.

A MAN FROM WHEELING

Whom the Chester Police Are Asked to Arrest for Theft of Valuable Jewelry.

The local police force is looking for a man from Wheeling who is supposed to have stolen a considerable amount of jewelry. Chief Allison yesterday afternoon received a letter from Chief Ritz, of Wheeling, asking him to be on the lookout for a suspicious character, who had robbed T. M. Darrah of considerable valuable jewelry.

The articles secured by the thief were a three-karat diamond ring, another half-karat diamond, an amethyst ring with initials engraved inside, a Scottish Rite emblem, a gold band ring and a large Shriners emblem with one star missing. The theft was committed a couple of days ago and the miscreant made his escape before the jewelry was missed.

Logan-Roxwell.

Rev. C. E. Lindsey, of the M. E church of Chester, officiated last night at the wedding of two well known young people of Chester. The parties were Miss Lucy A. Logan, of Carolina avenue, and William R. Roxwell. The wedding occurred about 8 o'clock at the home of the bride's parents. The young couple will live for a time with the groom's parents, but expect to commence housekeeping in the spring.

Interesting Revival Services.

The revival meetings which are being conducted at the Asbury M. E. church by Rev. E. C. Lindsey are growing in interest every night. Several persons have joined the church and a number of conversions have been reported. Last night Prof. George Allison, of the Chester schools, occupied the pulpit for Rev. Mr. Lindsey and preached a very interesting sermon These meetings will continue all next week and probably longer.

Presiding Elder Coming.

Next Saturday and Sunday the quarterly meeting services will be held at the Chester M. E. church. Presiding Elder James Mechen will preach Saturday afternoon at 1:30, which will be followed by the quarterly conference. Sunday morning the pastor, Rev. E. C. Lindsey, will preach and in the evening the presiding elder will again preach and afterwards communion services will be held.

Upset in the Snow.

Oscar Evans and Logan Wells, of Chester, had an unpleasant experience in the snow last night. While returning home from Asbury church they attempted to pass another sleigh, but got too near the edge of the road, with the result that the sleigh upset, throwing both young men out in the snow. Fortunately no one was hurt and no damage was done to the sleigh.

Council Meeting Tonight.

Tonight the first meeting of the Chester council for this year will be held. It is not expected that any amount of important business will be transacted. A number of questions will be brought up for a speedy settlement however, after the new council takes charge of affairs. The new members will not receive their oath of office until the next meeting and will not take their seats till the first of February. This year promises many important developments in local affairs and the council will have its hands full looking after the town's interest.

Valuable Dog Killed.

A fifty dollar dog was killed this morning by car No. 15 in charge of Motorman Joe Davis, of the Rock Springs street car line near Sixth street. The dog belonged to Charles Cochran and was considered very valuable by the owner.

A Sledload of Fifteen.

A sledload of 15 young ladies of Chester expect to attend the services at the M. E. church at Asbury tonight. Large crowds are attending these services and many from Chester are also in attendance.

CHESTER NOTES.

Mrs. J. A. McDonald is recovering from a severe attack of neuralgia.

John Tinson's two children are confined to the house with an attack of mumps.

The little son of Robert Allison, near Chester, has been seriousiy ill since the holidays.

Ralph, the little son of Dall Allison near Asbury, is confined to the house with sickness.

Lloyd Priest, of Middle Run, who has been ill for several weeks, is reported to be considerably worse.

Mrs. J. W. Moore, of Carolina avenue, is confined to her residence on account of a serious illness with tonsilitis.

Samuel Ferguson, formerly of Chester, but now of Pittsburg, is the guest of J. S. Skinner, of the Panhandle railroad.

Hugh Newell will leave in a few days for Los Angeles, Cal., and New Mexico, where he will spend the balance of the winter.

Horse Stunned by a Fall.

Jim Corbett, Pete Milliron's speedy pacer, fell on Fifth street last night, and was badly stunned. Mr. Milliron was driving the horse along the street at a lively gait when his feet suddenly flew out from under and it fell heavily to the pavement. The horse was badly stunned by the fall and it was several minutes before it was able to get up. The horse is all right today with the exception of being a little stiff and sore.

UNIONS TO FIGHT DESERT LAND LAW

Continued from First Page.

old Desert Land act and Commutation clause of the Homestead act that at the rate they are going the government will soon have no land left to reclaim.

"The land grabbers and speculators are robbing the people of the public lands at the rate of over 2,000,000 acres a month. Just think of that!

"Will you not get in and help us to to repeal the Desert Land law and the Commutation clause of the Homestead act in this session of congress. Unless this is done the very choicest tracts of public land will be stolen before congress meets again.

"Will you not have your organization pass strong resolutions demanding the repeal in this session of congress of the Desert Land act and the Commutation clause of the Homestead act, as the president recommended in his message to congress and send copies of your resolution as quickly as you can to your senators and representatives in congress.

"Please let me know when you write them, and send me a copy of your resolution.

"Fraternally yours,
"WALTER CORMODY,
"Secretary."

The letter asked that the matter be placed in the hands of a committee whose duty it should be to draw up a set of strong resolutions to be forwarded to our representatives in both branches of the national house. The committee is composed of Messrs. F. B. Martindale, of the Typographical union; John Gilson, No. 17, and Wash Williams, of No. 25, and they will act at once.

The organization committee reported on a matter which had been placed in its hands some time ago and which they had attended to satisfactorily.

Chairman Veith, of the grievance committee, reported that an important matter, recently referred to it, had not yet been disposed of. He stated that a meeting of the committee would be held immediately after the adjournment of the regular council meeting.

The solicitors who had been active in the securing of stock for the co-operative store made a report, most satisfactory to the council, and as their work had been completed a request was made that they be discharged This was done with the thanks of the council.

Mr. King, who was elected temporary chairman of the co-operative store company at a recent meeting, stated that the affairs of the company were at present in excellent condition, and though the concern was yet new the prospects for making a success of the enterprise were good. He said an impression had got out that it was the intention of the officers to collect the full amount of each subscription at the meeting to be held next Monday. He desired to correct this, and in order that all might understand just what was to be done said all the legal preliminary steps had been taken toward the securing of a charter. The stockholders would be asked to pay but 2 per cent of the amount of stock subscribed; they would be asked to sign up the stock books, and in connection with these matters the election of stockholders would be held. After this latter formality had been gone through permanent officers would be chosen. Mr. King's report was well received, and when it was accepted he asked that the committee be discharged. The request was complied with.

Organizer Charles Kontnier, of the American Federation of Labor, reported that through his efforts and those of the organization committee two new unions had recently been organized—the teamsters and engineers. While these organizations were both in a flourishing condition considering their age, he would request the members of Trades Council interest themselves to the extent of giving encouragement to the youngsters and see that all men who were eligible to either found a place in their ranks.

Organizer Kontnier read a letter from headquarters which contained the information that the organization of a building trades council in East Liverpool would not interfere in any way with the workings of the central body. The American Federation of Labor does not charter building trades councils, and they were subordinate at all times to the central body. The question once raised a long discussion was indulged in upon the subject. It was the universal belief that an organization of this character would be of incalculable benefit to the building trades and all other unionists in this locality. By the employment of a business agent innumerable small matters could be attended to which now demand the attention of committees, thus saving time to the employer and avoiding annoyance for the men. Those having building done would also be protected, since it was one of the main objects of the council to see to it that all work was performed by competent union men, and also to demand that it be done right.

After a statement from the hod carriers' union with reference to a certain question involving their trade and which was left in the hands of the proper parties for settlement, the meeting adjourned.

We have taken inventory this week. Watch and wait for bargains.

WELLSVILLE

THE POSTMASTERSHIP

Several Candidates to Succeed Mr. Snowden, Whose Term Expires February 3.

On February 3 Postmaster T. R. Snowden's time as postmaster of the city will be up, and it is said that he is not to be reappointed. Several candidates for the office are in the field, and it would be a hard matter to state which of the candidates have the best chance of being appointed.

Squire A. G. MacKenzie, John F. McQueen, Charles R. MacGregor, Jr., and James Nolan are mentioned as candidates for the office. It has also been rumored that Mayor Fogo is after the appointment. James Nolan, editor of the Wellsville Record, will no doubt be a strong factor in the race.

Unclaimed Letters.

Postmaster T. F. Snowden has given out the following list of unclaimed letters for the week ending January 3 which if not called for will be returned to the sender or sent to the dead letter office: C. L. Bixler, J. T. Byers, I. R. Bennett, R. I. Andrews, E. T. Pierce, John Burchard, Jas. Barry, Mrs. Clara Bechler (2), Wm. Combes, Miss Mabel Darrah, Mrs. Mary C. Howk, Miss Lina Herter, Miss Mattie Johnson, Commander K. O. T. M., Grigg Bakery, Miss Myrtle McLain, Mrs. G. Washer, Lynn White, John A. Wagner, T. R. Wilkinson, Mrs. Marion Williams, Jack Elwyn (2), G. A. Grim & Co., J. W. Gealey, Judson N. Keck, H. Keck Co., William S. Koontz, Mrs. Samuel Polem, James E. Ryan & Co., W. Ridgely (2), L. F. Tumbler, L. Smith, L. E. Tucker.

Big Coal Deal Completed.

A big coal deal has recently been consummated in which 17,000 acres of land in Jefferson and adjoining counties have been either leased or purchased outright for the purpose of mining coal. All of the particulars of the deal have not as yet been learned. It is understood that Thomas Bracken a prominent New York attorney, representing a big New York coal company is responsible for the deal. It is known that the plant of the Smith Coal company, at Irondale, has been purchased and will be taken possession of about the first of next April. New mines will be opened up soon.

WELLSVILLE SHORT STORIES.

H. Crago, of Cleveland, was in the city on business.

Councilman C. V. Shoub went to Columbus on business.

Frank Rice, of Millport, O., is visiting friends in the city.

Mr. and Mrs. Ralph Owens, of Cleveland, who have been visiting relatives in the city for the past week have returned to their home.

The regular meeting of local union No. 384, Brotherhood of Painters, Decorators and Paperhangers of America was held last evening in Potters' hall. Routine work occupied the evening.

STATION AGENT QUITS WITHOUT NOTICE

Sudden Strange Disappearance of J. P. Huffman Is Town Talk at Brilliant.

Brilliant, January 8.—The talk of the town is the strange disappearance of W. & L. E. R. R. Agent J. P. Huffman, Tuesday the auditor of the railroad arrived and commenced an investigation. The agent went out to collect accounts and later was seen going away on the street cars. He has not returned and a man from the Steubenville office is in charge of the office. The auditor went around among the merchants and it is said he told one merchant there was a shortage of about $200. The friends of Huffman hope he will appear and explain everything satisfactory. His family is still here. Huffman was quite popular as an agent and regarded as honest and what has come over him is not known.

The W. & L. E. agency here is regarded as a hodoo. It has been bad luck for every man who ever took the job, as misfortune of one kind or the other has overtaken every mother's son of them, as far as known. The railroad officials expect a man for a small pay to be on deck from 5 a. m. until 11 p. m. The office is badly out of repair and the front door is nailed shut because the company will not put on a new latch.

ONE CANDIDATE HAS BEEN FOUND

An East End Citizen Willing to Run For Mayor On the Democratic Ticket.

While there is considerable scramble among the aspirarts for the Republican nomination for mayor in this city, there has been heard but little in regard to the Democratic nomination. The formality of even putting up a candidate has often been neglected by that party. However, this year, it is likely that they will have a candidate.

At least one man has said that he is a candidate for the nomination and as he has been a lifelong Democrat, it is presumed that he seeks the nomination from that source. The political Moses who seeks to lead the shattered hosts of Democracy of this city is Joseph B. McKinnon, the East End baker. He has formally announced his candidacy and says he is in the race to win.

PROBATE MATTERS

Order For Another Committment to the Massillon Asylum—Executors Named.

Lisbon, January 8.—(Special)—John C. Henry has been apponited executor of the estate of the late Nancy Henry, of Elkrun township. Bond $800. No appraisement.

Fortune Telling

does not take into consideration the one essential to woman's happiness — womanly health. There is many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce by letter *free*. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. Fyfe, of Orilla, Simcoe Co., Ontario, "and two bottles of the 'Pleasant Pellets' as you advised for congestion of uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

PATENTS Protect your ideas. Consultation free. Fee dependent on success. Est. 1864. MILO B. STEVENS & Co., 814 14th St. Washington

Curing rheumatism is not so difficult as many imagine if the cure is directed at the cause.

That's the reason Hagee's Cordial of Cod Liver Oil with Hypophosphites of Lime and Soda is so successful in curing rheumatism, neuralgia, etc.—it goes direct to the cause—corrects the evil where evil exists, re-establishes natural functional conditions, and eliminates the disease.

There is no grease; no fishy taste; no odor; no nausea in Hagee's Cordial. It contains all the active principles of cod liver oil in a pleasing, palatable form without the grease. It cures by nourishing the blood and nerves in a natural way.

ACTS OF VIOLENCE.

Non-Union Men Continue to Testify to Lawlessness During Coal Strike.

DYNAMITE PLAYS LEADING PART

A Witness Said He Was Afraid to Attend Funeral of His Mother, Who Had Died While He Was Working Behind a Colliery Stockade.

Philadelphia, Jan. 8.—The non-union men continue to occupy the attention of the coal strike commission in presenting evidence of lawlessness in the anthracite coal region during the strike. The testimony included many acts of violence, from murder down to plain assault and petty larceny. Dynamite played a leading part in the alleged persecution of non-union men and their relatives. Five witnesses testified to their houses being more or less seriously damaged by persons, some of whom known to be union men, placing the high explosives on the property. Other witnesses told of a dam being blown up, locomotives damaged, steam pipes in two different collieries either broken or damaged by dynamite, bridges and fences damaged by incendiary fires and attempted wrecking of the trains.

Dismissed Because Brother Worked.

One youth said he was stabbed, several of the witnesses were boycotted and several others told of being beaten by crowds and of their houses being stoned. Besides this a young woman told the commission she was dismissed as a school teacher because her brother chose to work during the strike; a young man testified that he was attacked as he was coming out of church, after being married, forcing him to seek refuge in a colliery, while his bride got home as best she could, and another witness said he was afraid to attend the funeral of his mother, who had died while he was working behind a colliery stockade. One witness told of having been punished by a mob forcing him to walk 15 miles at the head of a cheering crowd of strikers. Other testimony was also presented in the endeavor to show that a reign of terror existed in the strike-affected territory of the state, and that members of the union were largely responsible for it.

Arbitrators Interested.

While most of the testimany given by the witnesses was of the same character as that heretofore heard by the commission the arbitrators were greatly interested in each of the 27 stories told on the stand. Many questions were asked the witnesses by the commissioners. Counsel for the miners attempted to break down some of the stories, but they did not succeed in shaking their testimony. It is the intention of the attorneys for the non-union men to occupy about two days more in presenting this sort of evidence.

During the proceedings James H. Torrey, of Scranton, counsel for the Delaware and Hudson company, interrupted long enough to explain to the commission the law in Pennsylvania regarding the payment of deputy sheriffs for special duty, which caused some discussion Tuesday. It was to the effect that the laws were not adequate enough to permit the county to pay the deputies for this special service and that in consequence corporations foot the bills. Mr. Torrey said that the operators will gladly join the miners in having the laws amended so that the companies asking for protection shall not have to pay for it, and that the burden be placed upon the people, where it belongs.

Poor Are Helpless.

Chairman Gray said that he was glad to hear that an attempt would be made to amend the laws to that effect, and added that with all due respect to the great commonwealth of Pennsylvania he thought it was a "most deplorable state of the law" when a sheriff cannot hire help and must depend upon the rich to assist him. If that be the case, he said, then the poor are helpless.

Driven to Suicide.

Bowling Green, O., Jan. 8.—Charles Young, a prominent young farmer, suicided near here yesterday by firing a bullet into his head. He was employed by the Zeltner brothers at the time they murdered Attorney Westenhaven, and had since remained in the employe of Mrs. Zeltner. He brooded over the Westenhaven tragedy until he became mentally unbalanced and in his fits of morbid insanity he saw the shooting of Westenhaven re-enacted. Yesterday he returned home from Deshler, declaring that ghosts pursued him. Leaving his foam-covered team in the barnyard he leaped from the wagon and blew his brains out with a pistol.

Big Coal Tract Sold.

Morgantown, W. Va., Jan. 8.—W. P. Murray, of Cleveland, acting for several iron and steel manufacturers of Cleveland and Chicago, yesterday completed the purchase of 6,000 acres of coal along the Morgantown and Kingwood railroad. The price paid was about $2,000,000, and this was distributed among 60 farmers. The Cleveland and Chicago firms will at once install a large coking plant on the tract.

Charter Issued.

Harrisburg, Jan. 8.—A charter was issued by the state department yesterday to the Trafford Improvement company, Pittsburg; capital $50,000.

ANSWERS DELIVERED TO CASTRO

They Have Created a Feeling of Depression in Venezuelan Government Circles.

Caracas, Jan. 8.—The answers of the powers to President Castro's last proposal relative to arbitration were delivered to President Castro yesterday afternoon by United States Minister Bowen. A meeting of the cabinet was at once called to consider these communications.

It has been learned from an authoritative source that the answers of the powers delivered by Mr. Bowen yesterday afternoon have created a feeling of depression in Venezuelan government circles.

The Bank of Venezuela and the Bank of Caracas have agreed to advance to President Castro money wherewith to pay the Venezuelan troops during the blockade period.

Berlin, Jan. 8.—That portion of the joint reply of the powers to Venezuela suggesting a settlement without arbitration only goes so far as to offer to treat for a settlement out of court after the payment of cash or the giving of a sufficient guarantee for the payment of $335,000 to each power. This reservation remains as the fixed and only condition precedent to arbitration or negotiations direct for a supplementary agreement. The German government would much prefer to close up the matter by negotiations through Minister Bowen while the blockade continues than withdraw the blockade and adjust the claims through The Hague arbitration court.

Washington, Jan. 8.—Through the United States embassy at Rome the state department yesterday received the answer of the Italian government to President Castro's proposition, and, as was the case in the British and German answers, Secretary Hay has forwarded it to Minister Bowen, at Caracas, for submission to President Castro. It is stated that the Italian note is on lines similar to the British and German notes.

GENERAL FOREIGN NEWS.

Barcelona, Jan. 8.—Senor Quirno Costa, vice president of Argentina, has cancelled all his engagements here and has left Barcelona hurriedly for Nice. His departure is attributed to fear of an anarchist plot against himself.

Berlin, Jan. 8.—Prof. Schiemann, of Berlin university, in his annual survey of foreign relations, says: "The United States, in the course of the year, have grown mightily in power and influence, chiefly through the brilliant personality at the head of the great republic."

Ottawa, Ont., Jan. 8.—A report received from Canada's commercial agent at Jamaica says that the governor general of Jamaica had an order passed prohibiting the importation of cattle from Canada and the United States on account of the foot and mouth disease in the New England states.

Pekin, Jan. 8.—At a meeting yesterday all the foreign ministers, except United States Minister Conger, signed the joint note informing the Chinese government that a failure to fulfill its obligations in refusing to pay the war indemnity on a gold basis as provided for by the peace protocol would entail grave consequences.

Rome, Jan. 8.—The papal nuncio at Munich, Bavaria, has notified the vatican authorities that after the crown prince of Saxony has obtained a verdict in the civil court he will ask the pope to annul his marriage. The negotiations will be conducted through the nunciature at Munich, as there is no papal representative in Saxony.

Vienna, Jan. 8.—At Szolnok floating ice capsized a boat and eight persons were drowned. A washout wrecked a train at Passau, with the result that two persons were killed and seven injured. Nine boys, while skating at Carkasi, were drowned through the breaking of ice. The rivers in South Bohemia have overflowed and threaten to flood Budweis and other towns.

Constantinople, Jan. 8.—Great Britain's protest against the permission granted in September last to four unarmed Russian torpedo boat destroyers to pass through the Dardanelles into the Black sea, under the commercial flag of Russia, will, it is believed, be followed by similar action on the part of Austria-Hungary and Italy, while Germany and France will remain aloof.

Manila, Jan. 8.—The American garrison at Ormok, island of Leyte, has been attacked by cholera. Nine men of Company B Eleventh infantry, were seized by the disease and five of them died. The post at Ormok has been quarantined. The cholera has disappeared from many parts of the island, but it continues in Mindanao and Leyte and in certain parts of other of the southern islands.

Panama, Colombia, Jan. 8.—News has reached here that the threatened revolutionary movement in Honduras is becoming more serious. Manuel Bonila was elected president of Honduras by a big majority last October. President Sierra, however, refused to turn over the presidential power to Senor Bonila and is continuing his efforts to persuade the Honduranian congress to declare the election of Senor Bonila null and illegal.

Vice Deputy Consul McLean Dead.

Paris, Jan. 8.—Vice Deputy Consul General Edward P. McLean died last night, of pneumonia. Mr. McLean's illness began a week ago with a light attack of the grip. Acute pneumonia developed Tuesday evening. Deputy Consul General J. Allison Bowen is absent in the United States on sick leave, leaving Consul General Gowdy without any important officials to assist him at the most trying period of the year.

Many women and doctors do not recognize the real symptoms of derangement of the female organs until too late.

"I had terrible pains along my spinal cord for two years and suffered dreadfully. I was given different medicines, wore plasters; none of these things helped me. Reading of the cures that **Lydia E. Pinkham's Vegetable Compound** has brought about, I somehow felt that it was what I needed and bought a bottle to take. How glad I am that I did so; two bottles brought me immense relief, and after using three bottles more I felt new life and blood surging through my veins. It seemed as though there had been a regular house cleaning through my system, that all the sickness and poison had been taken out and new life given me instead. I have advised dozens of my friends to use **Lydia E. Pinkham's Vegetable Compound.** Good health is indispensable to complete happiness, and **Lydia E. Pinkham's Vegetable Compound** has secured this to me." —MRS. LAURA L. BREMER, Crown Point, Indiana, Secretary Ladies Relief Corps. — *$5000 forfeit if original of above letter proving genuineness cannot be produced.*

Every sick woman who does not understand her ailment should write Mrs. Pinkham, Lynn, Mass. Her advice is free and always helpful.

Will Give $350,000 More.

Washington, Jan. 8.—Mr. Andrew Carnegie, after the dedication of the Washington public library yesterday, said that he was so well pleased with the new library and the use made of his gift of $350,000 and the provision for the support of the library, that he would donate another $350,000 for the erection of branch libraries on the same condition as the original gift, namely, that the city provide the sites and arrange for the support of the libraries.

Governor Approves Resolutions.

Harrisburg, Jan. 8.—Governor Stone yesterday approved the joint resolution providing for the creation of a joint legislative committee to have charge of the inauguration of Governor-elect Pennypacker, on Jan. 20. He also approved the resolution providing for the printing in the legislative record of all public reports and other documents submitted to the legislature.

Mrs. C. M. Hoyt Dead.

Tiffin, O., Jan. 8.—Mrs. Charlotte M. Hoyt, wife of Reuben M. Hoyt, a New York multi-millionaire, died here yesterday, of pneumonia. She was a grandniece of John W. Bookwalter, of Springfield, O.

LEGAL.

ORDINANCE 739.

Granting to the Youngstown & Southern Railroad Company the right to construct, maintain and operate lines of railway upon the following streets, to wit: Trentvale street from corporate limits to south side of Sheridan avenue.

Whereas, the Council of said City of East Liverpool, Ohio, has, upon careful examination, found that said railroad company has complied with all the conditions and pre-requisites by law or ordinance necessary for the granting of the rights hereinafter contained, therefore, be it ordained by the Council of the City of East Liverpool, Columbiana County, Ohio,

Section 1. That the right is hereby granted for the period of twenty-five years from and after the date of this ordinance, to the Youngstown & Southern Railroad Company, to construct, maintain and operate a line of railway over and upon the following streets and public highways in said City of East Liverpool, Ohio, commencing as follows: Beginning at the north city line on Trentvale street, running thence South to Sheridan avenue and West Market Street.

The number of tracks on each of said streets shall be one, with all necessary turn tables, turn-outs, sidings and switches, with the right hereafter when the operations of said company shall require it, to construct a double track along said streets, and said company shall have the right to construct and maintain poles, wires, fixtures and conduits, with all the appliances necessary for the operation of said lines by electricity or other motive power, other than animal.

Section 2. The gauge of said track shall be four feet, eight and one-half inches (4ft. 8½ in.), with rails weighing eighty pounds per yard. The cars upon said railway shall be propelled by electricity or such other motive power other than animal as the company may desire. If said company shall lay a single track, the same shall be laid under the direction of the city engineer and board of public service. The turn-tables, turn-outs, sidings and switches shall be so located as to incommode public travel as little as is reasonably proper. Iron or wooden poles may be used, which shall be kept well painted. The poles and wires shall be so constructed and maintained as to prevent any interference with, or damage to, existing telephone and telegraph wires, or to any fire alarm or police patrol wires of the city, and shall not be less than twenty-one feet in height above the track. But, said company shall have the right to use in place of said wires, and poles and overhead construction, the "third rail" construction, provided the same can be secured so as to prevent danger and damage to the public use of said streets.

Section 3. The tracks and space between the rails, and for two feet on the outside of each rail, shall be kept in thorough repair and free from obstruction, to the satisfaction of the board of public service, and where the streets are now paved or may hereafter be paved the said Youngstown & Southern Railroad Company, its successors and assigns, shall at its own cost and expense construct and maintain and keep in good repair the entire space between the outer rails of said tracks and for two feet on either side thereof, a good, smooth, firm and durable pavement of hard burned brick or vitrified block or other substance suitable and acceptable to the board of public service, and whenever said City of East Liverpool shall hereafter pave or macadamize any part of any street named herein, the said company, or its successors and assigns, shall at the same time, upon the parts of the street so paved, or macadamized, pave or macadamize the space between the rails and said two foot strip on either side of said track with the same materials used by said city, in such paving or macadamizing, or upon its failure to do so shall pay to said City of East Liverpool, the costs of the same.) The company agrees when said street is to be paved or macadamized, to place rails thereon at least ten (10 in.) inches in height to enable the proper bed to be placed under the brick or macadam to support the same.

Section 4. Said company shall at all times defend, keep harmless and indemnify said City of East Liverpool from all damages, claims and demands for injury to persons or property, together with any costs and expenses to which said City of East Liverpool may be legally subjected, or made liable in any proceeding at law or in equity, growing out of the exercise or operation of the privileges granted in this ordinance, provided, however, that said company shall have reasonable notice of the pendency of said action, and permission and opportunity to assume the defense of the same.

Section 5. The City of East Liverpool reserves to itself the right to grant to any other corporation operating a line of railway, the right to cross said company's tracks at grade, at any public street crossing, and upon such terms and conditions as to the occupation and compensation as said council may deem just and reasonable, if such companies shall fail to agree thereon between themselves.

Section 6. The running of cars upon any part of said line may be suspended by council without cost to the City for such reasonable period as may, at any time, be necessary on account of the construction or repair of streets, bridges, sewers, or other public improvements, and whenever, for that purpose, it may be necessary to have any tracks taken up, or poles or wires removed, the same shall be taken up and removed and replaced at the expense of said company.

Section 7. The ordinance shall be and remain in force for the period of twenty-five years from and after the date of its passage, and shall convey the rights herein granted to the Youngstown & Southern Railroad Company, its successors and assigns, who shall have the right to maintain and operate said railway, during said whole term or period.

Section 8. If said Youngstown & Southern Railroad Company fails to complete said road on or before July 1st, 1904, then this ordinance shall become null and void and all rights hereby granted shall have no further bind-

ing effect on either the City or Railroad Company.

Section 9. Said grantee shall, in writing, within thirty days after passage of this ordinance, accept rights and privileges herein granted and agree to comply with the conditions thereof, and shall pay the necessary cost of advertising this ordinance and for all other advertising heretofore incurred in connection herewith or this grant shall become void the expiration of said thirty days.

Section 10. The said Youngstown & Southern Railroad Company, its successors and assigns shall carry members of the Police force, Sanitary Police, the members of the Fire Department, of the City of East Liverpool, Ohio, and the Mail carriers said City free of charge while in form, and that the Mayor, members of City Council, City Clerk, City Solicitor, City Engineer and members board of Public Service and Public Safety shall be provided with continuous free passes over the line immediately upon its completion of line.

Section 11. The said Youngstown & Southern Railroad Company shall provide a fifty candle power incandescent light on every third pole, within the corporate limits and shall said lights burning each night six o'clock p. m., to six o'clock a.

Section 12. The said Youngstown & Southern Railroad Company shall charge a fare in excess of five on its lines within the city limits.

Section 13. The Youngstown & Southern Railroad Company shall begin the construction of its said on or before July 1st, 1903, and give bond to the City of East Liverpool in the sum of $5,000, said shall be forfeited if the requirements of this section are not complied.

Section 14. This ordinance take effect and be in force from after its passage and legal publication.

Passed December 23, 1902.

O. D. NICE,
President of Council.

Attest:
WILLIS DAVIDSON,
City Clerk.

Published in the Evening News Review, December 31, 1902, January 1 and 8, 1903.

Fortune Telling

does not take into consideration the one essential to woman's happiness—womanly health. There is many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce by letter *free*. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. Fyfe, of Orilla, Simcoe Co., Ontario, "and two bottles of the 'Pleasant Pellets' as you advised for congestion of uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

ACTS OF VIOLENCE.

Non-Union Men Continue to Testify to Lawlessness During Coal Strike.

DYNAMITE PLAYS LEADING PART

A Witness Said He Was Afraid to Attend Funeral of His Mother, Who Had Died While He Was Working Behind a Colliery Stockade.

Philadelphia, Jan. 8.—The non-union men continue to occupy the attention of the coal strike commission in presenting evidence of lawlessness in the anthracite coal region during the strike. The testimony included many acts of violence, from murder down to plain assault and petty larceny. Dynamite played a leading part in the alleged persecution of non-union men and their relatives. Five witnesses testified to their houses being more or less seriously damaged by persons, some of whom known to be union men, placing the high explosives on the property. Other witnesses told of a dam being blown up, locomotives damaged, steam pipes in two different collieries either broken or damaged by dynamite, bridges and fences damaged by incendiary fires and attempted wrecking of the trains.

Dismissed Because Brother Worked.

One youth said he was stabbed, several of the witnesses were boycotted and several others told of being beaten by crowds and of their houses being stoned. Besides this a young woman told the commission she was dismissed as a school teacher because her brother chose to work during the strike; a young man testified that he was attacked as he was coming out of church, after being married, forcing him to seek refuge in a colliery, while his bride got home as best she could, and another witness said he was afraid to attend the funeral of his mother, who had died while he was working behind a colliery stockade. One witness told of having been punished by a mob forcing him to walk 15 miles at the head of a cheering crowd of strikers. Other testimony was also presented in the endeavor to show that a reign of terror existed in the strike-affected territory of the state, and that members of the union were largely responsible for it.

Arbitrators Interested.

While most of the testimany given by the witnesses was of the same character as that heretofore heard by the commission the arbitrators were greatly interested in each of the 27 stories told on the stand. Many questions were asked the witnesses by the commissioners. Counsel for the miners attempted to break down some of the stories, but they did not succeed in shaking their testimony. It is the intention of the attorneys for the non-union men to occupy about two days more in presenting this sort of evidence.

During the proceedings James H. Torrey, of Scranton, counsel for the Delaware and Hudson company, interrupted long enough to explain to the commission the law in Pennsylvania regarding the payment of deputy sheriffs for special duty, which caused some discussion Tuesday. It was to the effect that the laws were not adequate enough to permit the county to pay the deputies for this special service and that in consequence corporations foot the bills. Mr. Torrey said that the operators will gladly join the miners in having the laws amended so that the companies asking for protection shall not have to pay for it, and that the burden be placed upon the people, where it belongs.

Poor Are Helpless.

Chairman Gray said that he was glad to hear that an attempt would be made to amend the laws to that effect, and added that with all due respect to the great commonwealth of Pennsylvania he thought it was a "most deplorable state of the law" when a sheriff cannot hire help and must depend upon the rich to assist him. If that be the case, he said, then the poor are helpless.

Driven to Suicide.

Bowling Green, O., Jan. 8.—Charles Young, a prominent young farmer, suicided near here yesterday by firing a bullet into his head. He was employed by the Zeltner brothers at the time they murdered Attorney Westenhaven, and had since remained in the employe of Mrs. Zeltner. He brooded over the Westenhaven tragedy until he became mentally unbalanced and in his fits of morbid insanity he saw the shooting of Westenhaven re-enacted. Yesterday he returned home from Deshler, declaring that ghosts pursued him. Leaving his foam-covered team in the barnyard he leaped from the wagon and blew his brains out with a pistol.

Big Coal Tract Sold.

Morgantown, W. Va., Jan. 8.—W. P. Murray, of Cleveland, acting for several iron and steel manufacturers of Cleveland and Chicago, yesterday completed the purchase of 6,000 acres of coal along the Morgantown and Kingwood railroad. The price paid was about $2,000,000, and this was distributed among 60 farmers. The Cleveland and Chicago firms will at once install a large coking plant on the tract.

Charter Issued.

Harrisburg, Jan. 8.—A charter was issued by the state department yesterday to the Trafford Improvement company, Pittsburg, capital $50,000.

ANSWERS DELIVERED TO CASTRO

They Have Created a Feeling of Depression in Venezuelan Government Circles.

Caracas, Jan. 8.—The answers of the powers to President Castro's last proposal relative to arbitration were delivered to President Castro yesterday afternoon by United States Minister Bowen. A meeting of the cabinet was at once called to consider these communications.

It has been learned from an authoritative source that the answers of the powers delivered by Mr. Bowen yesterday afternoon have created a feeling of depression in Venezuelan government circles.

The Bank of Venezuela and the Bank of Caracas have agreed to advance to President Castro money wherewith to pay the Venezuelan troops during the blockade period.

Berlin, Jan. 8.—That portion of the joint reply of the powers to Venezuela suggesting a settlement without arbitration only goes so far as to offer to treat for a settlement out of court after the payment of cash or the giving of a sufficient guarantee for the payment of $335,000 to each power. This reservation remains as the fixed and only condition precedent to arbitration or negotiations direct for a supplementary agreement. The German government would much prefer to close up the matter by negotiations through Minister Bowen while the blockade continues than withdraw the blockade and adjust the claims through The Hague arbitration court.

Washington, Jan. 8.—Through the United States embassy at Rome the state department yesterday received the answer of the Italian government to President Castro's proposition, and, as was the case in the British and German answers, Secretary Hay has forwarded it to Minister Bowen, at Caracas, for submission to President Castro. It is stated that the Italian note is on lines similar to the British and German notes.

GENERAL FOREIGN NEWS.

Barcelona, Jan. 8.—Senor Quirno Costa, vice president of Argentina, has cancelled all his engagements here and has left Barcelona hurriedly for Nice. His departure is attributed to fear of an anarchist plot against himself.

Berlin, Jan. 8.—Prof. Schiemann, of Berlin university, in his annual survey of foreign relations, says: "The United States, in the course of the year, have grown mightily in power and influence, chiefly through the brilliant personality at the head of the great republic."

Ottawa, Ont., Jan. 8.—A report received from Canada's commercial agent at Jamaica says that the governor general of Jamaica had an order passed prohibiting the importation of cattle from Canada and the United States on account of the foot and mouth disease in the New England states.

Pekin, Jan. 8.—At a meeting yesterday all the foreign ministers, except United States Minister Conger, signed the joint note informing the Chinese government that a failure to fulfill its obligations in refusing to pay the war indemnity on a gold basis as provided for by the peace protocol would entail grave consequences.

Rome, Jan. 8.—The papal nuncio at Munich, Bavaria, has notified the vatican authorities that after the crown prince of Saxony has obtained a verdict in the civil court he will ask the pope to annul his marriage. The negotiations will be conducted through the nunciature at Munich, as there is no papal representative in Saxony.

Vienna, Jan. 8.—At Szolnok floating ice capsized a boat and eight persons were drowned. A washout wrecked a train at Passau, with the result that two persons were killed and seven injured. Nine boys, while skating at Carkasi, were drowned through the breaking of ice. The rivers in South Bohemia have overflowed and threaten to flood Budweis and other towns.

Constantinople, Jan. 8.—Great Britain's protest against the permission granted in September last to four unarmed Russian torpedo boat destroyers to pass through the Dardanelles into the Black sea, under the commercial flag of Russia, will, it is believed, be followed by similar action on the part of Austria-Hungary and Italy, while Germany and France will remain aloof.

Manila, Jan. 8.—The American garrison at Ormok, island of Leyte, has been attacked by cholera. Nine men of Company B Eleventh infantry, were seized by the disease and five of them died. The post at Ormok has been quarantined. The cholera has disappeared from many parts of the island, but it continues in Mindanao and Leyte and in certain parts of other of the southern islands.

Panama, Colombia, Jan. 8.—News has reached here that the threatened revolutionary movement in Honduras is becoming more serious. Manuel Bonila was elected president of Honduras by a big majority last October. President Sierra, however, refused to turn over the presidential power to Senor Bonila and is continuing his efforts to persuade the Honduranian congress to declare the election of Senor Bonila null and illegal.

Vice Deputy Consul McLean Dead.

Paris, Jan. 8.—Vice Deputy Consul General Edward P. McLean died last night, of pneumonia. Mr. McLean's illness began a week ago with a light attack of the grip. Acute pneumonia developed Tuesday evening. Deputy Consul General J. Allison Bowen is absent in the United States on sick leave, leaving Consul General Gowdy without any important officials to assist him at the most trying period of the year.

Many women and doctors do not recognize the real symptoms of derangement of the female organs until too late.

"I had terrible pains along my spinal cord for two years and suffered dreadfully. I was given different medicines, wore plasters; none of these things helped me. Reading of the cures that **Lydia E. Pinkham's Vegetable Compound** has brought about, I somehow felt that it was what I needed and bought a bottle to take. How glad I am that I did so; two bottles brought me immense relief, and after using three bottles more I felt new life and blood surging through my veins. It seemed as though there had been a regular house cleaning through my system, that all the sickness and poison had been taken out and new life given me instead. I have advised dozens of my friends to use **Lydia E. Pinkham's Vegetable Compound.** Good health is indispensable to complete happiness, and **Lydia E. Pinkham's Vegetable Compound** has secured this to me."—MRS. LAURA L. BREMER, Crown Point, Indiana, Secretary Ladies Relief Corps.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

Every sick woman who does not understand her ailment should write Mrs. Pinkham, Lynn, Mass. Her advice is free and always helpful.

Will Give $350,000 More.

Washington, Jan. 8.—Mr. Andrew Carnegie, after the dedication of the Washington public library yesterday, said that he was so well pleased with the new library and the use made of his gift of $350,000 and the provision for the support of the library, that he would donate another $350,000 for the erection of branch libraries on the same condition as the original gift, namely, that the city provide the sites and arrange for the support of the libraries.

Governor Approves Resolutions.

Harrisburg, Jan. 8.—Governor Stone yesterday approved the joint resolution providing for the creation of a joint legislative committee to have charge of the inauguration of Governor-elect Pennypacker, on Jan. 20. He also approved the resolution providing for the printing in the legislative record of all public reports and other documents submitted to the legislature.

Mrs. C. M. Hoyt Dead.

Tiffin, O., Jan. 8.—Mrs. Charlotte M. Hoyt, wife of Reuben M. Hoyt, a New York multi-millionaire, died here yesterday, of pneumonia. She was a grandniece of John W. Bookwalter, of Springfield, O.

LEGAL.

ORDINANCE 739.

Granting to the Youngstown & Southern Railroad Company the right to construct, maintain and operate lines of railway upon the following streets, to wit: Trentvale street from corporate limits to south side of Sheridan avenue.

Whereas, the Council of said City of East Liverpool, Ohio, has, upon careful examination, found that said railroad company has complied with all the conditions and pre-requisites by law or ordinance necessary for the granting of the rights hereinafter contained, therefore, be it ordained by the Council of the City of East Liverpool, Columbiana County, Ohio,

Section 1. That the right is hereby granted for the period of twenty-five years from and after the date of this ordinance, to the Youngstown & Southern Railroad Company, to construct, maintain and operate a line of railway over and upon the following streets and public highways in said City of East Liverpool, Ohio, commencing as follows: Beginning at the north city line on Trentvale street, running thence South to Sheridan avenue and West Market Street.

The number of tracks on each of said streets shall be one, with all necessary turn tables, turn-outs, sidings and switches, with the right hereafter when the operations of said company shall require it, to construct a double track along said streets, and said company shall have the right to construct and maintain poles, wires, fixtures and conduits, with all the appliances necessary for the operation of said lines by electricity or other motive power, other than animal.

Section 2. The gauge of said track shall be four feet, eight and one-half inches (4ft. 8½ in.), with rails weighing eighty pounds per yard. The cars upon said railway shall be propelled by electricity or such other motive power other than animal as the company may desire. If said company shall lay a single track, the same shall be laid under the direction of the city engineer and board of public service. The turn-tables, turn-outs, sidings and switches shall be so located as to incommode public travel as little as is reasonably proper. Iron or wooden poles may be used, which shall be kept well painted. The poles and wires shall be so constructed and maintained as to prevent any interference with, or damage to, existing telephone and telegraph wires, or to any fire alarm or police patrol wires of the city, and shall not be less than twenty-one feet in height above the track. But, said company shall have the right to use in place of said wires, and poles and overhead construction, the "third rail" construction, provided the same can be secured so as to prevent danger and damage to the public use of said streets.

Section 3. The tracks and space between the rails, and for two feet on the outside of each rail, shall be kept in thorough repair and free from obstruction, to the satisfaction of the board of public service, and where the streets are now paved or may hereafter be paved the said Youngstown & Southern Railroad Company, its successors and assigns, shall at its own cost and expense construct and maintain and keep in good repair the entire space between the outer rails of said tracks and for two feet on either side thereof, a good, smooth, firm and durable pavement of hard burned brick or vitrified block or other substance suitable and acceptable to the board of public service, and whenever said City of East Liverpool shall hereafter pave or macadamize any part of any street named herein, the said company, or its successors and assigns, shall at the same time, upon the parts of the street so paved, or macadamized, pave or macadamize the space between the rails and said two foot strip on either side of said track with the same materials used by said city, in such paving or macadamizing, or upon its failure to do so shall pay to said City of East Liverpool, the costs of the same.) The company agrees when said street is to be paved or macadamized, to place rails thereon at least ten (10 in.) inches in height to enable the proper bed to be placed under the brick or macadam to support the same.

Section 4. Said company shall at all times defend, keep harmless and indemnify said City of East Liverpool from all damages, claims and demands for injury to persons or property, together with any costs and expenses to which said City of East Liverpool may be legally subjected, or made liable in any proceeding at law or in equity, growing out of the exercise or operation of the privileges granted in this ordinance, provided, however, that said company shall have reasonable notice of the pendency of said action, and permission and opportunity to assume the defense of the same.

Section 5. The City of East Liverpool reserves to itself the right to grant to any other corporation operating a line of railway, the right to cross said company's tracks at grade, at any public street crossing, and upon such terms and conditions as to the occupation and compensation as said council may deem just and reasonable, if such companies shall fail to agree thereon between themselves.

Section 6. The running of cars upon any part of said line may be suspended by council without cost to the City for such reasonable period as may, at any time, be necessary on account of the construction or repair of streets, bridges, sewers, or other public improvements, and whenever, for that purpose, it may be necessary to have any tracks taken up, or poles or wires removed, the same shall be taken up and removed and replaced at the expense of said company.

Section 7. The ordinance shall be and remain in force for the period of twenty-five years from and after the date of its passage, and shall convey the rights herein granted to the Youngstown & Southern Railroad Company, its successors and assigns, who shall have the right to maintain and operate said railway, during said whole term or period.

Section 8. If said Youngstown & Southern Railroad Company fails to complete said road on or before July 1st, 1904, then this ordinance shall become null and void and all rights hereby granted shall have no further bind-

ing effect on either the City or Railroad Company.

Section 9. Said grantee shall writing, within thirty days after passage of this ordinance, accept rights and privileges herein gran and agree to comply with the co tions thereof, and shall pay the ne sary cost of advertising this ordina and for all other advertising he after incurred in connection here or this grant shall become void the expiration of said thirty days.

Section 10. The said Youngst & Southern Railroad Company, its cessors and assigns shall carry members of the Police force, Sani Police, the members of the Fire partment, of the City of East L pool, Ohio, and the Mail carrier said City free of charge while in form, and that the Mayor, mem of City Council, City Clerk, City citor, City Engineer and membe board of Public Service and P Safety shall be provided with co uous free passes over the line i diately upon its completion of line.

Section 11. The said Youngsto Southern Railroad Company shall vide a fifty candle power inca cent light on every third pole, w the corporate limits and shall said lights burning each night six o'clock p. m., to six o'clock

Section 12. The said Youngsto Southern Railroad Company sha charge a fare in excess of five on its lines within the city limit

Section 13. The Youngstow Southern Railroad Company sha gin the construction of its said on or before July 1st, 1903, and give bond to the City of East pool in the sum of $5,000, said shall be forfeited if the require of this section are not complied

Section 14. This ordinance take effect and be in force fro after its passage and legal publi

Fortune Telling

does not take into consideration the one essential to woman's happiness — womanly health. There is many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce by letter *free*. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. Fyfe, of Orilla, Simcoe Co., Ontario, "and two bottles of the 'Pleasant Pellets' as you advised for congestion of uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

PATENTS Protect your ideas. Consultation free. Fee dependent on success. Est. 1864. MILO B. STEVENS & Co., 881 14th St. Washington

Curing rheumatism is not so difficult as many imagine if the cure is directed at the cause.

That's the reason Hagee's Cordial of Cod Liver Oil with Hypophosphites of Lime and Soda is so successful in curing rheumatism, neuralgia, etc.—it goes direct to the cause—corrects the evil where evil exists, re-establishes natural functional conditions, and eliminates the disease.

There is no grease; no fishy taste; no odor; no nausea in Hagee's Cordial. It contains all the active principles of cod liver oil in a pleasing, palatable form without the grease. It cures by nourishing the blood and nerves in a natural way.

ACTS OF VIOLENCE.

Non-Union Men Continue to Testify to Lawlessness During Coal Strike.

DYNAMITE PLAYS LEADING PART

A Witness Said He Was Afraid to Attend Funeral of His Mother, Who Had Died While He Was Working Behind a Colliery Stockade.

Philadelphia, Jan. 8.—The non-union men continue to occupy the attention of the coal strike commission in presenting evidence of lawlessness in the anthracite coal region during the strike. The testimony included many acts of violence, from murder down to plain assault and petty larceny. Dynamite played a leading part in the alleged persecution of non-union men and their relatives. Five witnesses testified to their houses being more or less seriously damaged by persons, some of whom known to be union men, placing the high explosives on the property. Other witnesses told of a dam being blown up, locomotives damaged, steam pipes in two different collieries either broken or damaged by dynamite, bridges and fences damaged by incendiary fires and attempted wrecking of the trains.

Dismissed Because Brother Worked.

One youth said he was stabbed, several of the witnesses were boycotted and several others told of being beaten by crowds and of their houses being stoned. Besides this a young woman told the commission she was dismissed as a school teacher because her brother chose to work during the strike; a young man testified that he was attacked as he was coming out of church, after being married, forcing him to seek refuge in a colliery, while his bride got home as best she could, and another witness said he was afraid to attend the funeral of his mother, who had died while he was working behind a colliery stockade. One witness told of having been punished by a mob forcing him to walk 15 miles at the head of a cheering crowd of strikers. Other testimony was also presented in the endeavor to show that a reign of terror existed in the strike-affected territory of the state, and that members of the union were largely responsible for it.

Arbitrators Interested.

While most of the testimany given by the witnesses was of the same character as that heretofore heard by the commission the arbitrators were greatly interested in each of the 27 stories told on the stand. Many questions were asked the witnesses by the commissioners. Counsel for the miners attempted to break down some of the stories, but they did not succeed in shaking their testimony. It is the intention of the attorneys for the non-union men to occupy about two days more in presenting this sort of evidence.

During the proceedings James H. Torrey, of Scranton, counsel for the Delaware and Hudson company, interrupted long enough to explain to the commission the law in Pennsylvania regarding the payment of deputy sheriffs for special duty, which caused some discussion Tuesday. It was to the effect that the laws were not adequate enough to permit the county to pay the deputies for this special service and that in consequence corporations foot the bills. Mr. Torrey said that the operators will gladly join the miners in having the laws amended so that the companies asking for protection shall not have to pay for it, and that the burden be placed upon the people, where it belongs.

Poor Are Helpless.

Chairman Gray said that he was glad to hear that an attempt would be made to amend the laws to that effect, and added that with all due respect to the great commonwealth of Pennsylvania he thought it was a "most deplorable state of the law" when a sheriff cannot hire help and must depend upon the rich to assist him. If that be the case, he said, then the poor are helpless.

Driven to Suicide.

Bowling Green, O., Jan. 8.—Charles Young, a prominent young farmer, suicided near here yesterday by firing a bullet into his head. He was employed by the Zeltner brothers at the time they murdered Attorney Westenhaven, and had since remained in the employe of Mrs. Zeltner. He brooded over the Westenhaven tragedy until he became mentally unbalanced and in his fits of morbid insanity he saw the shooting of Westenhaven re-enacted. Yesterday he returned home from Deshler, declaring that ghosts pursued him. Leaving his foam-covered team in the barnyard he leaped from the wagon and blew his brains out with a pistol.

Big Coal Tract Sold.

Morgantown, W. Va., Jan. 8.—W. P. Murray, of Cleveland, acting for several iron and steel manufacturers of Cleveland and Chicago, yesterday completed the purchase of 6,000 acres of coal along the Morgantown and Kingwood railroad. The price paid was about $2,000,000, and this was distributed among 60 farmers. The Cleveland and Chicago firms will at once install a large coking plant on the tract.

Charter Issued.

Harrisburg, Jan. 8.—A charter was issued by the state department yesterday to the Trafford Improvement company, Pittsburg, capital $50,000.

ANSWERS DELIVERED TO CASTRO

They Have Created a Feeling of Depression in Venezuelan Government Circles.

Caracas, Jan. 8.—The answers of the powers to President Castro's last proposal relative to arbitration were delivered to President Castro yesterday afternoon by United States Minister Bowen. A meeting of the cabinet was at once called to consider these communications.

It has been learned from an authoritative source that the answers of the powers delivered by Mr. Bowen yesterday afternoon have created a feeling of depression in Venezuelan government circles.

The Bank of Venezuela and the Bank of Caracas have agreed to advance to President Castro money wherewith to pay the Venezuelan troops during the blockade period.

Berlin, Jan. 8.—That portion of the joint reply of the powers to Venezuela suggesting a settlement without arbitration only goes so far as to offer to treat for a settlement out of court after the payment of cash or the giving of a sufficient guarantee for the payment of $335,000 to each power. This reservation remains as the fixed and only condition precedent to arbitration or negotiations direct for a supplementary agreement. The German government would much prefer to close up the matter by negotiations through Minister Bowen while the blockade continues than withdraw the blockade and adjust the claims through The Hague arbitration court.

Washington, Jan. 8.—Through the United States embassy at Rome the state department yesterday received the answer of the Italian government to President Castro's proposition, and, as was the case in the British and German answers, Secretary Hay has forwarded it to Minister Bowen, at Caracas, for submission to President Castro. It is stated that the Italian note is on lines similar to the British and German notes.

GENERAL FOREIGN NEWS.

Barcelona, Jan. 8.—Senor Quirno Costa, vice president of Argentina, has cancelled all his engagements here and has left Barcelona hurriedly for Nice. His departure is attributed to fear of an anarchist plot against himself.

Berlin, Jan. 8.—Prof. Schiemann, of Berlin university, in his annual survey of foreign relations, says: "The United States, in the course of the year, have grown mightily in power and influence, chiefly through the brilliant personality at the head of the great republic."

Ottawa, Ont., Jan. 8.—A report received from Canada's commercial agent at Jamaica says that the governor general of Jamaica had an order passed prohibiting the importation of cattle from Canada and the United States on account of the foot and mouth disease in the New England states.

Pekin, Jan. 8.—At a meeting yesterday all the foreign ministers, except United States Minister Conger, signed the joint note informing the Chinese government that a failure to fulfill its obligations in refusing to pay the war indemnity on a gold basis as provided for by the peace protocol would entail grave consequences.

Rome, Jan. 8.—The papal nuncio at Munich, Bavaria, has notified the vatican authorities that after the crown prince of Saxony has obtained a verdict in the civil court he will ask the pope to annul his marriage. The negotiations will be conducted through the nunciature at Munich, as there is no papal representative in Saxony.

Vienna, Jan. 8.—At Szolnok floating ice capsized a boat and eight persons were drowned. A washout wrecked a train at Passau, with the result that two persons were killed and seven injured. Nine boys, while skating at Carkasi, were drowned through the breaking of ice. The rivers in South Bohemia have overflowed and threaten to flood Budweis and other towns.

Constantinople, Jan. 8.—Great Britain's protest against the permission granted in September last to four unarmed Russian torpedo boat destroyers to pass through the Dardanelles into the Black sea, under the commercial flag of Russia, will, it is believed, be followed by similar action on the part of Austria-Hungary and Italy, while Germany and France will remain aloof.

Manila, Jan. 8.—The American garrison at Ormok, island of Leyte, has been attacked by cholera. Nine men of Company B Eleventh infantry, were seized by the disease and five of them died. The post at Ormok has been quarantined. The cholera has disappeared from many parts of the island, but it continues in Mindanao and Leyte and in certain parts of other of the southern islands.

Panama, Colombia, Jan. 8.—News has reached here that the threatened revolutionary movement in Honduras is becoming more serious. Manuel Bonila was elected president of Honduras by a big majority last October. President Sierra, however, refused to turn over the presidential power to Senor Bonila and is continuing his efforts to persuade the Honduranian congress to declare the election of Senor Bonila null and illegal.

Vice Deputy Consul McLean Dead.

Paris, Jan. 8.—Vice Deputy Consul General Edward P. McLean died last night, of pneumonia. Mr. McLean's illness began a week ago with a light attack of the grip. Acute pneumonia developed Tuesday evening. Deputy Consul General J. Allison Bowen is absent in the United States on sick leave, leaving Consul General Gowdy without any important officials to assist him at the most trying period of the year.

Iron or wooden poles may be used, which shall be kept well painted. The poles and wires shall be so constructed and maintained as to prevent any interference with, or damage to, existing telephone and telegraph wires, or to any fire alarm or police patrol wires of the city, and shall not be less than twenty-one feet in height above the track. But, said company shall have the right to use in place of said wires, and poles and overhead construction, the "third rail" construction, provided the same can be secured so as to prevent danger and damage to the public use of said streets.

Section 3. The tracks and space between the rails, and for two feet on the outside of each rail, shall be kept in thorough repair and free from obstruction, to the satisfaction of the board of public service, and where the streets are now paved or may hereafter be paved the said Youngstown & Southern Railroad Company, its successors and assigns, shall at its own cost and expense construct and maintain and keep in good repair the entire space between the outer rails of said tracks and for two feet on either side thereof, a good, smooth, firm and durable pavement of hard burned brick or vitrified block or other substance suitable and acceptable to the board of public service, and whenever said City of East Liverpool shall hereafter pave or macadamize any part of any street named herein, the said company, or its successors and assigns, shall at the same time, upon the parts of the street so paved, or macadamized, pave or macadamize the space between the rails and said two foot strip on either side of said track with the same materials used by said city, in such paving or macadamizing, or upon its failure to do so shall pay to said City of East Liverpool, the costs of the same.) The company agrees when said street is to be paved or macadamized, to place rails thereon at least ten (10 in.) inches in height to enable the proper bed to be placed under the brick or macadam to support the same.

Section 4. Said company shall at all times defend, keep harmless and indemnify said City of East Liverpool from all damages, claims and demands for injury to persons or property, together with any costs and expenses to which said City of East Liverpool may be legally subjected, or made liable in any proceeding at law or in equity, growing out of the exercise or operation of the privileges granted in this ordinance, provided, however, that said company shall have reasonable notice of the pendency of said action, and permission and opportunity to assume the defense of the same.

Section 5. The City of East Liverpool reserves to itself the right to grant to any other corporation operating a line of railway, the right to cross said company's tracks at grade, at any public street crossing, and upon such terms and conditions as to the occupation and compensation as said council may deem just and reasonable, if such companies shall fail to agree thereon between themselves.

Section 6. The running of cars upon any part of said line may be suspended by council without cost to the City for such reasonable period as may, at any time, be necessary on account of the construction or repair of streets, bridges, sewers, or other public improvements, and whenever, for that purpose, it may be necessary to have any tracks taken up, or poles or wires removed, the same shall be taken up and removed and replaced at the expense of said company.

Section 7. The ordinance shall be and remain in force for the period of twenty-five years from and after the date of its passage, and shall convey the rights herein granted to the Youngstown & Southern Railroad Company, its successors and assigns, who shall have the right to maintain and operate said railway, during said whole term or period.

Section 8. If said Youngstown & Southern Railroad Company fails to complete said road on or before July 1st, 1904, then this ordinance shall become null and void and all rights herein granted shall have no further bind-

ing effect on either the City o Railroad Company.

Section 9. Said grantee shal writing, within thirty days afte passage of this ordinance, accep rights and privileges hereir gr and agree to comply with the tions thereof, and shall pay the sary cost of advertising this ordi and for all other advertising i after incurred in connection her or this grant shall become v the expiration of said thirty day

Section 10. The said Young & Southern Railroad Company, it cessors and assigns shall carr members of the Police force, Sa Police, the members of the Fi partment, of the City of East pool, Ohio, and the Mail carrb said City free of charge while i form, and that the Mayor, me of City Council, City Clerk, Ci citor, City Engineer and memb board of Public Service and Safety shall be provided with uous free passes over the line diately upon its completion of line.

Section 11. The said Youngst Southern Railroad Company sha vide a fifty candle power inc cent light on every third pole, the corporate limits and shall said lights burning each nigh six o'clock p. m., to six o'clock

Section 12. The said Youngst Southern Railroad Company sh charge a fare in excess of five on its lines within the city limi

Section 13. The Youngsto Southern Railroad Company sh gin the construction of its sai on or before July 1st, 1903, an give bond to the City of East pool in the sum of $5,000, sai shall be forfeited if the requir of this section are not comple

Section 14. This ordinance take effect and be in force fr after its passage and legal publ

REALM OF SPORTS

BIG MONEY OFFERED

Jeffries And Corbett Can Contend for $20,000 Stakes If They Desire.

If Champion Jeffries and former champion Corbett mean business, they have been apprised by this time of an opportunity to fight for what might be said, at this period of the game, to be an extraordinary inducement, says a San Francisco special.

The Hayes Valley Athletic club, of which Alcck Leck is matchmaker, has offered a purse of $20,000 for a twenty round bout between the big fellows the battle to be decided either the lat ter part of March or the first week in April.

There is no doubt that Corbett will gially accept the offer, but, in the light of the champion's defeat by Jack Munroe, two weeks ago, the big boilermaker may want to get another crack at the miner and will hold off until he sees that there is nothing doing in that line.

The club, however, proposes to wait long enough for the champion to accept, and when it becomes evident that he wants what is thought here to be easier game than his old associate, the offer will be withdrawn.

Trying to Arrange a Match.

An effort is now being made by Larry Lutz to get a match for a 10-round go with Charlie Miller, of Beaver Falls, will probably secure it but Lutz is willing to put up a side bet on the match and it is expected that arrangements will be completed soon. The Nonpareil Athletic club, of Beaver Falls will probably secure it but the projectors of the new athletic club at New Brighton, Pa., are also after the fight.

Sharkey Challenges Jenkins.

Sharkey is feeling strenuous these days and owing to his inability to get on a match which will be governed by Marquis of Queensberry rules he wants to take a hand at the wrestling game. Tom is now anxious to take on a match with Tom Jenkins and says he will post $500 to bind a match in which Jenkins must agree to throw him twice in an hour.

Will Go Abroad.

"Young Corbett," champion featherweight of the world, and Tom Jenkins, the well-known wrestler, are to invade England and Australia. They will leave here in the spring, and, after several bouts in the prominent cities of England, will go in the fall to Australia, where a number of matches will be decided.

SPORTING MISCELLANY.

Jack McClelland has challenged Ben Yanger. Pittsburg wants the bout. Eight fights have been declared off Young Corbett within the last six months. No wonder the champion is discouraged at these conditions.

The Fort Erie A. C. has offered a purse of $6,500 for a fight between Jimmy Ryan and Jack O'Brien. O'Brien has accepted, but Ryan is yet to be heard from.

Harry Pulliam is now of the opinion that the two leagues will fail to get together. Consequently he expects to agree at once to open up National League headquarters.

CHRONIC DYSPEPSIA CURED

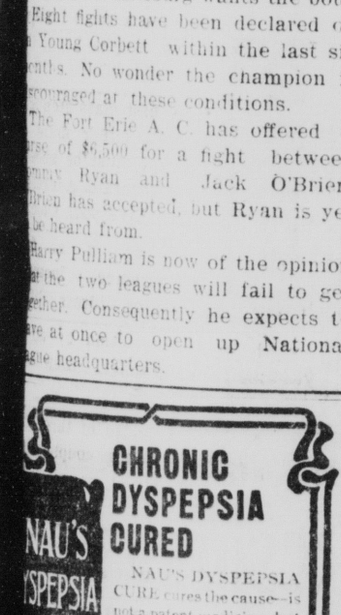

NAU'S DYSPEPSIA CURE cures the cause—is not a patent medicine, but a prescription of one of the United States most prominent physicians. This remedy is bringing health to hundreds of dyspeptics who have tried nearly every other stomach remedy without success.

$1.00 a bottle; six bottles $5.00.

G. A. Pratt, No. 2010 Lincoln St., Spokane, Wash., writes: It is with pleasure that I recommend Nau's Dyspepsia Cure. Have only taken 3 bottles and consider myself cured.

Above testimonial is genuine. $5,000 reward if proved otherwise. Send to Frank Nau, 203 Broadway, N. Y. for booklet and information.

Head

Hurt So Badly Was Nearly Crazy.

Had no Sleep—Could Hardly Lie Down.

Dr. Miles' Nervine Permanently Cured Me.

"A year ago I suffered from extreme nervous stomach trouble. I was afraid of everything, could not bear to hear singing or music and reading or hearing of a death nearly brought on my own. I could not sleep or hardly lie down, the back of my head hurt me so badly I nearly went crazy. My shoulders hurt and the least thing I did would bring on an attack of extreme nervousness. There were times when I would have a lump in my throat and my mouth would be so dry I could hardly speak. I was in despair until I began to take Dr. Miles' Restorative Nervine. I have taken in all twelve bottles and consider myself permanently cured. My home doctor has since remarked on my healthy appearance and said he wished he could say his medicine helped me. He knows it was Dr. Miles' Nervine. We are never without the Anti-Pain Pills and consider your medicines household remedies. I cannot say enough for the Nervine, because in addition to my own case my daughter, who was out of school for a long time because of St. Vitus' dance, was completely cured by eight bottles. She is now feeling fine and going to school every day. We thank you for your kindness and will never stop singing the praises of Dr. Miles' Restorative Nervine."—Mrs. C. E. Ring, Lima, O.

SALINEVILLE

Salineville, January 8.—Mrs. R. T. Robins, of Sheridan avenue, East Liverpool, accompanied by her two sons, George and John, are the guests of her parents, Mr. and Mrs. R. G. Thompson, of Main street.

Fred S. Bunn, of Youngstown, was an arrival at the parental home of his wife for a short visit.

J. C. Lewton and wife, from Wattsville, visited the home of his wife's parents, Mr. and Mrs. R. G. Thompson Mr. Lewton had bills printed for a pubnic sale at his home near Wattsville January 7, preparatory to moving to East Liverpool soon.

Harold Dorrance, of Steubenville, visited his parents, Mr. and Mrs. W. Dorrance, of East Salineville.

James Orr, of Washington, D. C., was at home in Salineville during the holidays.

Edward McIntosh, accompanied by his wife, was at the home of his parents, Mr. and Mrs. J. C. McIntosh, for the holidays.

John S. Thompson and wife, accompanied by W. P. Lewton and wife, drove out to Wattsville to attend the sale of personal property of J. C. Lewton.

Steubenville parties are looking after options on coal lands along the line of the Bergholz railroad going north.

Rev. Mr. Jackson, an old veteran, held services in the Presbyterian church in the interests of the anti-saloon league.

THE NEW YORK STOCK MARKET.

No Material Change in Conditions Affecting Values—Call Loan Under 6 Per Cent.

New York, Jan. 8—The stock market yesterday had a reaction, which had been looked for for many days by the professional element. There was no material change in conditions affecting values since Tuesday, when the market was buoyant and animated up to the very close, but the heavy buying which had been going on meant a large increase in the number of holders waiting to take profits.

The statement of the yearly net earnings of United States Steel induced some large buying of the company's stock, but they suffered equally with others in the realizing movement. The proposition for practically doubling the stock of the Pennsylvania railroad depressed that security.

The selling was attributed in some quarters to a shifting of loans, but the call loan rate did not get as high as 6 per cent at any time, and increasing liberality was shown by lenders in the matter of collateral. The money market continued to gain from the subtreasury, which made another payment of $250,000 yesterday by transfer from San Francisco. The downward course of discounts in London was arrested and sterling exchange rates here were slightly higher, the demand being augmented by the large selling of stocks for London account.

AT BED TIME I TAKE A PLEASANT HERB DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER

My doctor says it acts gently on the stomach, liver and kidneys and is a pleasant laxative. This drink is made from herbs, and is prepared for use as easily as tea. It is called "Lane's Tea" or

Headache

How it eats out the life of every tortured sufferer; what a nerve demoralizer it is. How many a fair face it has transformed into a distorted visage of haggard suffering. How many a happy, genial disposition has been soured and made morose and irritable by its torture. "Blood Wine" is almost a specific for all kinds of headaches: sick, nervous, neuralgia and stomach headaches, with tortured days and sleepless nights. It cools the overheated blood on its way to the fevered, throbbing brain, reduces respiration, clears the coated tongue, cleanses the system and removes every cause. Don't suffer any longer. Get a bottle of "Blood Wine." Fifty cents for a large bottle.

Mrs. John A. Colvin, 76 Main St., Fall River, Mass., says:

"For several years I suffered with a severe headache and constant dragging pains. I tried all kinds of medicines to no avail. I was finally persuaded to use 'Blood Wine' and the first bottle brought blessed relief. I also find its occasional use wards off colds."

INVESTIGATING COAL FAMINE.

Committee of Illinois Manufacturers' Association Call Upon State's Attorney Deenen.

Chicago, Jan. 8.—The committee appointed by the Illinois Manufacturers' association to pursue the investigation into the causes of the coal famine in this city called upon State's Attorney Deenen yesterday afternoon and urged upon him the advisability of empaneling a special grand jury to act upon a volume of evidence collected, tending to show illegal methods employed by coal dealers to raise the price of coal. The committee left with the understanding that further facts bearing on the situation would be presented to the state attorney.

"There can be no question about the manufacturers' legal rights," said Mr. Deenen, when asked his probable action, "if they have the necessary evidence. The exact nature of the facts the committee has in hand, however, I do not know. We discussed the general scope of the case and the law bearing upon it. As to whether there will be a special grand jury called I cannot say."

The action of the committee followed a meeting earlier in the day, at which replies from a large number of manufacturers throughout the city to a circular letter sent out by the association were considered. Chairman B. A. Eckert declared that the complaints of the manufacturers were almost unanimous to the effect that coal could not be secured from dealers, even where purchased under an iron-clad contract, except at an almost prohibitive price.

Association Will Dissolve.

Cleveland, Jan. 8.—The secretary of the local coal association has sent a communication to County Prosecutor Keeler stating that the association will be dissolved immediately, in accordance with the suggestion that it do so to avoid further prosecution, the first steps in which were taken yesterday. The association has been in existence for seven years and contained practically all the retail dealers in the city. The association submitted its charter to Mr. Keeler and he replied stating that it was in violation of the Valentine state law.

Circumstances Alter Cases.

Tess—Do you believe in long engagements?

Jess—It depends.

Tess—Depends upon what?

Jess—Upon how much money he's got to spend on you.—Philadelphia Press.

Coal-less Desperation.

Mrs. De Freeze—Why, Egbert, surely you aren't going to make ice cream! The house is freezing cold now.

Egbert—That's just it. I'm going to see if I can't get as hot over it as I used to last summer.—Chicago News.

A FRIGHTFUL WRECK.

Fire Adds to the Horror of a Crash on the P. V. and C. Road at Duquesne.

SEVEN KILLED AND TEN INJURED

The Mangled Victims Were Cremated in Wreckage—Accident Was Due to Negligence on the Part of a Freight Train Flagman.

Pittsburg, Jan. 8.—The most disastrous wreck in the history of the Monongahela division of the Pennsylvania railroad occurred at 4:05 o'clock yesterday afternoon near the point known as Cochrans station, in the upper portion of the borough of Duquesne. A score of passengers on the West Elizabeth accommodation, No. 14, southbound out of Pittsburg, were caught in the crash. After being crushed into a mangled heap, the splintered wreck caught fire and added the horror of cremation to the miseries of the victims. The list of dead and injured follows:

The Dead.

Charles E. Stroud, Uniontown, burned and crushed; John Stewart, Allegheny, head and arms charred; Mike Pollack, Clarion; Tony Orcheck, Dravosburg, burned to death; N. C. Buckner, Wilkinsburg, burned; unknown Slav, burned to death.

The Injured.

Thomas D. Cook, Pittsburg, skull fractured and injured internally, will die; unknown Slav, scalded about the head and body, collar bone broken and legs burned, will die; Sullivan Sasa, Clarion, hands severely burned and inhaled steam, will die; John Johnson, Clarion, chest and head crushed, may die; Anton Slato, Clarion, burned about head and body; Michael Gentael, Clarion, scalded about the face, body and limbs and badly burned all over; Michael Chadak, Clarion, scalded about head and body and feet burned; John Yanko, Duquesne, burned about the head and body; John Smith, Duquesne, burned about the head and body; unknown Slavish boy, struck by wreckage while standing on street in Duquesne, injuries slight.

Cause of the Wreck.

An extra freight train had failed to clear the southbound passenger track and when the accommodation came thundering along the corner of a steel gondola, the last car of the freight train, struck the tender of the passenger locomotive. The heavy iron tank was forced back into the combination baggage and smoking car, crushing it against a high stone retaining wall that faced the railroad.

Not a passenger in the ill-fated coach escaped. The tender sheared the timberwork of the combination car from the trucks as if a huge ax had swished across the floor. The car sides, the seats and strong iron rods were jammed into a gnarled mass in the rear section of the coach. In that splintered wreck were 17 human beings. At least four of them must have been instantly killed. Thirteen other victims writhed in hopeless agony, their plaintive cries for help rising above the roar of hissing steam.

Live Coals Ignited Wreckage

Before any of the sufferers could be raised from their horrible prison live coals from the car stove ignited the wreckage. Soon a flood of water was turned on the blazing pyre. The rescuers labored at their task and from the choking mist of steam and smoke brought out the dead and dying. Several were burned into a charred, unrecognizable mass. None had escaped the scorching blaze. Two bodies were observed standing upright, the men having been cremated where they were thrown at the first shock of the collision. One victim lost both legs in the fire and two others were burned about the arms and legs, their faces and bodies being spared the horrible mutilation of the fire.

Prompt Investigation.

Superintendent Mitchell conducted his investigation immediately. He stated last night that the cause of the collision was due to the flagman failing to protect the rear of the freight train, which was crossing over from the southbound passenger track. The accommodation train, he declared, was running on schedule time. Had it been five seconds late the freight car would have passed out of the way and the lives of the passengers would have been saved.

Paul Woodward Hanged.

Camden, N. J., Jan. 8.—Paul Woodward was hanged in the Camden jail yesterday. The drop fell at 10:05 and Woodward was pronounced dead 10 minutes later. Woodward was apparently the most unconcerned person in the party at the hanging and showed remarkable nerve.

Passed Final Trial.

Boston, Jan. 8.—The torpedo boat destroyer Lawrence, the first of her class built by the Fore River Ship and Engine company, successfully passed her final government trial yesterday in a straightaway dash across Massachusetts bay.

Fire at Mauch Chunk.

Mauch Chunk, Pa., Jan. 8.—The Central hotel building, the largest in the city, was gutted by fire yesterday. There were a dozen others in the building and all were ruined by fire or water. Loss $35,000.

PEPSIN SYRUP CO. Monticello, Ill. Chicago, Ill., December 18, 1901.

Gentlemen,—Eating my food in a hurried and irregular way, sometimes taking only five or six minutes to finish a meal, brought on indigestion and sick headaches, which troubled me so much that I sought the doctor's advice. My skin was rough and pimpled and my eyes dull and heavy. The doctor said my blood and stomach were badly out of order, and advised me to take a regular course of treatment. I took his medicine for two weeks without getting any better. One of my friends who had been using

Dr. Caldwell's (Laxative) Syrup Pepsin

advised me to try that. I bought a bottle that same day, and began to get better at once. Within a month I was like a new being—felt light, happy and well, and I have enjoyed perfect health since, thanks to your excellent remedy.

Very truly yours,

MAGGIE WHELAN, 554 W. Taylor St.

LIFE PLANT

FOR KIDNEY TROUBLE

—READ WHAT HE SAYS—

East Liverpool, Ohio, Nov. 19th, 1902.

The Life Plant Co.,
Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

Rev. Mr. Jackson, an old veteran, held services in the Presbyterian church in the interests of the anti-saloon league.

THE NEW YORK STOCK MARKET.

No Material Change in Conditions Affecting Values—Call Loan Under 6 Per Cent.

New York, Jan. 8—The stock market yesterday had a reaction, which had been looked for for many days by the professional element. There was no material change in conditions affecting values since Tuesday, when the market was buoyant and animated up to the very close, but the heavy buying which had been going on meant a large increase in the number of holders waiting to take profits.

The statement of the yearly net earnings of United States Steel induced some large buying of the company's stock, but they suffered equally with others in the realizing movement. The proposition for practically doubling the stock of the Pennsylvania railroad depressed that security.

The selling was attributed in some quarters to a shifting of loans, but the call loan rate did not get as high as 6 per cent at any time, and increasing liberality was shown by lenders in the matter of collateral. The money market continued to gain from the sub treasury, which made another payment of $250,000 yesterday by transfer from San Francisco. The downward course of discounts in London was arrested and sterling exchange rates here were slightly higher, the demand being augmented by the large selling of stocks for London account.

AT BED TIME I TAKE A PLEASANT HERB DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER

My doctor says it acts gently on the stomach, liver and kidneys and is a pleasant laxative. This drink is made from herbs, and is prepared for use as easily as tea. It is called "Mano-Pa Tea" or

Headache

How it eats out the life of every tortured sufferer; what a nerve demoralizer it is. How many a fair face it has transformed into a distorted visage of haggard suffering. How many a happy, genial disposition has been soured and made morose and irritable by its torture. "Blood Wine" is almost a specific for all kinds of headaches: sick, nervous, neuralgia and stomach headaches, with tortured days and sleepless nights. It cools the overheated blood on its way to the fevered, throbbing brain, reduces respiration, clears the coated tongue, cleanses the system and removes every cause. Don't suffer any longer. Get a bottle of "Blood Wine." Fifty cents for a large bottle.

Mrs. John A. Colvin, 76 Main St., Fall River, Mass., says:

"For several years I suffered with a severe headache and constant dragging pains. I tried all kinds of medicines to no avail. I was finally persuaded to use 'Blood Wine' and the first bottle brought blessed relief. I also find its occasional use wards off colds."

INVESTIGATING COAL FAMINE.

Committee of Illinois Manufacturers' Association Call Upon State's Attorney Deenen.

Chicago, Jan. 8.—The committee appointed by the Illinois Manufacturers' association to pursue the investigation into the causes of the coal famine in this city called upon State's Attorney Deenen yesterday afternoon and urged upon him the advisability of empaneling a special grand jury to act upon a volume of evidence collected, tending to show illegal methods employed by coal dealers to raise the price of coal. The committee left with the understanding that further facts bearing on the situation would be presented to the state attorney.

"There can be no question about the manufacturers' legal rights," said Mr. Deenen, when asked his probable action, "if they have the necessary evidence. The exact nature of the facts the committee has in hand, however, I do not know. We discussed the general scope of the case and the law bearing upon it. As to whether there will be a special grand jury called I cannot say."

The action of the committee followed a meeting earlier in the day, at which replies from a large number of manufacturers throughout the city to a circular letter sent out by the association were considered. Chairman B. A. Eckert declared that the complaints of the manufacturers were almost unanimous to the effect that coal could not be secured from dealers, even where purchased under an iron-clad contract, except at an almost prohibitive price.

Association Will Dissolve.

Cleveland, Jan. 8.—The secretary of the local coal association has sent a communication to County Prosecutor Keeler stating that the association will be dissolved immediately, in accordance with the suggestion that it do so to avoid further prosecution, the first steps in which were taken yesterday. The association has been in existence for seven years and contained practically all the retail dealers in the city. The association submitted its charter to Mr. Keeler and he replied stating that it was in violation of the Valentine state law.

Circumstances Alter Cases.

Egbert—That's just it. I'm going to see if I can't get as hot over it as I used to last summer.—Chicago News.

A FRIGHTFUL WRECK.

Fire Adds to the Horror of a Crash on the P. V. and C. Road at Duquesne.

SEVEN KILLED AND TEN INJURED

The Mangled Victims Were Cremated in Wreckage—Accident Was Due to Negligence on the Part of a Freight Train Flagman.

Pittsburg, Jan. 8.—The most disastrous wreck in the history of the Monongahela division of the Pennsylvania railroad occurred at 4:05 o'clock yesterday afternoon near the point known as Cochrans station, in the upper portion of the borough of Duquesne. A score of passengers on the West Elizabeth accommodation, No. 14, southbound out of Pittsburg, were caught in the crash. After being crushed into a mangled heap, the splintered wreck caught fire and added the horror of cremation to the miseries of the victims. The list of dead and injured follows:

The Dead.

Charles E. Stroud, Uniontown, burned and crushed; John Stewart, Allegheny, head and arms charred; Mike Pollack, Clarion; Tony Orcheck, Dravosburg, burned to death; N. C. Buckner, Wilkinsburg, burned; unknown Slav, burned to death.

The Injured.

Thomas D. Cook, Pittsburg, skull fractured and injured internally, will die; unknown Slav, scalded about the head and body, collar bone broken and legs burned, will die; Sullivan Sasa, Clarion, hands severely burned and inhaled steam, will die; John Johnson, Clarion, chest and head crushed, may die; Anton Slato, Clarion, burned about head and body; Michael Gentael, Clarion, scalded about the face, body and limbs and badly burned all over; Michael Chadak, Clarion, scalded about head and body and feet burned; John Yanko, Duquesne, burned about the head and body; John Smith, Duquesne, burned about the head and body; unknown Slavish boy, struck by wreckage while standing on street in Duquesne, injuries slight.

Cause of the Wreck.

An extra freight train had failed to clear the southbound passenger track and when the accommodation came thundering along the corner of a steel gondola, the last car of the freight train, struck the tender of the passenger locomotive. The heavy iron tank was forced back into the combination baggage and smoking car, crushing it against a high stone retaining wall that faced the railroad.

Not a passenger in the ill-fated coach escaped. The tender sheared the timberwork of the combination car from the trucks as if a huge ax had swished across the floor. The car sides, the seats and strong iron rods were jammed into a gnarled mass in the rear section of the coach. In that splintered wreck were 17 human beings. At least four of them must have been instantly killed. Thirteen other victims writhed in hopeless agony, their plaintive cries for help rising above the roar of hissing steam.

Live Coals Ignited Wreckage

Before any of the sufferers could be raised from their horrible prison live coals from the car stove ignited the wreckage. Soon a flood of water was turned on the blazing pyre. The rescuers labored at their task and from the choking mist of steam and smoke brought out the dead and dying. Several were burned into a charred, unrecognizable mass. None had escaped the scorching blaze. Two bodies were observed standing upright, the men having been cremated where they were thrown at the first shock of the collision. One victim lost both legs in the fire and two others were burned about the arms and legs, their faces and bodies being spared the horrible mutilation of the fire.

Prompt Investigation.

Superintendent Mitchell conducted his investigation immediately. He stated last night that the cause of the collision was due to the flagman failing to protect the rear of the freight train, which was crossing over from the southbound passenger track. The accommodation train, he declared, was running on schedule time. Had it been five seconds late the freight car would have passed out of the way and the lives of the passengers would have been saved.

Paul Woodward Hanged.

Camden, N. J., Jan. 8.—Paul Woodward was hanged in the Camden jail yesterday. The drop fell at 10:05 and Woodward was pronounced dead 10 minutes later. Woodward was apparently the most unconcerned person in the party at the hanging and showed remarkable nerve.

Passed Final Trial.

Boston, Jan. 8.—The torpedo boat destroyer Lawrence, the first of her class built by the Fore River Ship and Engine company, successfully passed her final government trial yesterday in a straightaway dash across Massachusetts bay.

Fire at Mauch Chunk.

Mauch Chunk, Pa., Jan. 8.—The Central hotel building, the largest in the city, was gutted by fire yesterday. There were a dozen others in the building and all were ruined by fire or water. Loss $35,000.

PEPSIN SYRUP CO. Monticello, Ill. Chicago, Ill., December 18, 1901.

Gentlemen,—Eating my food in a hurried and irregular way, sometimes taking only five or six minutes to finish a meal, brought on indigestion and sick headaches, which troubled me so much that I sought the doctor's advice. My skin was rough and pimpled and my eyes dull and heavy. The doctor said my blood and stomach were badly out of order, and advised me to take a regular course of treatment. I took his medicine for two weeks without getting any better. One of my friends who had been using

Dr. Caldwell's (Laxative) Syrup Pepsin

advised me to try that. I bought a bottle that same day, and began to get better at once. Within a month I was like a new being—felt light, happy and well, and I have enjoyed perfect health since, thanks to your excellent remedy.

Very truly yours, MAGGIE WHELAN, 554 W. Taylor St.

LIFE PLANT

FOR KIDNEY TROUBLE

—READ WHAT HE SAYS—

East Liverpool, Ohio, Nov. 19th, 1902.

The Life Plant Co., Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

REALM OF SPORTS

BIG MONEY OFFERED

Jeffries And Corbett Can Contend for $20,000 Stakes If They Desire.

If Champion Jeffries and former champion Corbett mean business, they have been apprised by this time of an opportunity to fight for what might be said, at this period of the game, to be an extraordinary inducement, says a San Francisco special.

The Hayes Valley Athletic club, of which Aleck Leck is matchmaker, has offered a purse of $20,000 for a twenty round bout between the big fellows the battle to be decided either the latter part of March or the first week in April.

There is no doubt that Corbett will gladly accept the offer, but, in the light of the champion's defeat by Jack Monroe, two weeks ago, the big boilermaker may want to get another crack at the latter and will hold off until he sees that there is nothing doing in that line.

The club, however, proposes to wait long enough for the champion to accept, and when it becomes evident that he wants what is thought here to be easier game than his old associate, the offer will be withdrawn.

Trying to Arrange a Match.

An effort is now being made by Larry Lutz to get a match for a 10-round go with Charlie Miller, of Beaver Falls, will probably secure it but Lutz is willing to put up a side bet on the match and it is expected that arrangements will be completed soon. The Nonpareil Athletic club, of Beaver Falls will probably secure it but the projectors of the new athletic club at New Brighton, Pa., are also after the fight.

Sharkey Challenges Jenkins.

Sharkey is feeling strenuous these days and owing to his inability to get on a match which will be governed by Marquis of Queensberry rules he wants to take a hand at the wrestling game. Tom is now anxious to take on a match with Tom Jenkins and says he will post $500 to bind a match in which Jenkins must agree to throw him twice in an hour.

Will Go Abroad.

"Young Corbett," champion featherweight of the world, and Tom Jenkins, the well-known wrestler, are to invade England and Australia. They will leave here in the spring, and, after several bouts in the prominent cities of England, will go in the fall to Australia, where a number of matches will be decided.

SPORTING MISCELLANY.

Jack McClelland has challenged Ben Yanger. Pittsburg wants the bout.

Eight fights have been declared off for Young Corbett within the last six months. No wonder the champion is discouraged at these conditions.

The Fort Erie A. C. has offered a purse of $6,500 for a fight between Jimmy Ryan and Jack O'Brien. O'Brien has accepted, but Ryan is yet to be heard from.

Harry Pulliam is now of the opinion that the two leagues will fail to get together. Consequently he expects to have at once to open up National league headquarters.

CHRONIC DYSPEPSIA CURED

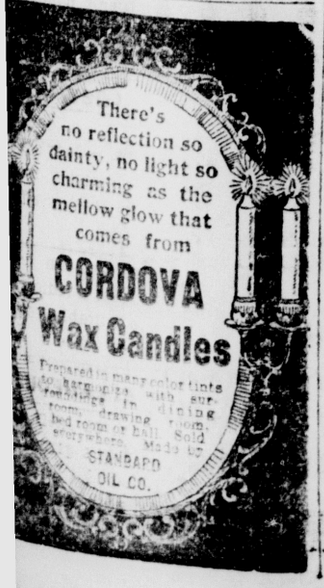

NAU'S DYSPEPSIA CURE cures the cause—is not a patent medicine, but a prescription of one of the United States most prominent physicians. This remedy is bringing health to hundreds of dyspeptics who have tried nearly every other stomach remedy without success.

$1.00 a bottle; six bottles $5.00.

G. A. Pratt, No. 913 Lincoln St., Spokane, Wash., writes: It is with pleasure that I recommend Nau's Dyspepsia Cure. Have only taken 3 bottles and consider myself cured.

Above testimonial is genuine. $5,000 reward if proved otherwise. Send to Frank Nau, 203 Broadway, N. Y. for booklet and information.

Sold at HOBSON'S DRUG STORE, Cor. Fifth and Broadway.

Head

Hurt So Badly Was Nearly Crazy.

Had no Sleep—Could Hardly Lie Down.

Dr. Miles' Nervine Permanently Cured Me.

"A year ago I suffered from extreme nervous stomach trouble. I was afraid of everything, could not bear to hear singing or music and reading or hearing of a death nearly brought on my own. I could not sleep or hardly lie down, the back of my head hurt me so badly I nearly went crazy. My shoulders hurt and the least thing I did would bring on an attack of extreme nervousness. There were times when I would have a lump in my throat and my mouth would be so dry I could hardly speak. I was in despair until I began to take Dr. Miles' Restorative Nervine. I have taken in all twelve bottles and consider myself permanently cured. My home doctor has since remarked on my healthy appearance and said he wished he could say his medicine helped me. He knows it was Dr. Miles' Nervine. We are never without the Anti-Pain Pills and consider your medicines household remedies. I cannot say enough for the Nervine, because in addition to my own case my daughter, who was out of school for a long time because of St. Vitus' dance, was completely cured by eight bottles. She is now feeling fine and going to school every day. We thank you for your kindness and will never stop singing the praises of Dr. Miles' Restorative Nervine."—Mrs. C. E. Ring, Lima, O.

A FRIGHTFUL WRECK.

Fire Adds to the Horror of a Crash on the P. V. and C. Road at Duquesne.

SEVEN KILLED AND TEN INJURED

The Mangled Victims Were Cremated in Wreckage—Accident Was Due to Negligence on the Part of a Freight Train Flagman.

Pittsburg, Jan. 8.—The most disastrous wreck in the history of the Monongahela division of the Pennsylvania railroad occurred at 4:05 o'clock yesterday afternoon near the point known as Cochrans station, in the upper portion of the borough of Duquesne. A score of passengers on the West Elizabeth accommodation, No. 14, southbound out of Pittsburg, were caught in the crash. After being crushed into a mangled heap, the splintered wreck caught fire and added the horror of cremation to the miseries of the victims. The list of dead and injured follows:

The Dead.

Charles E. Stroud, Uniontown burned and crushed; John Stewart, Allegheny, head and arms charred; Mike Pollack, Clarion; Tony Orcheck, Dravosburg, burned to death; N. C. Buckner, Wilkinsburg, burned; unknown Slav, burned to death.

The Injured.

Thomas D. Cook, Pittsburg, skull fractured and injured internally, will die; unknown Slav, scalded about the head and body, collar bone broken and legs burned, will die; Sullivan Sasa, Clarion, hands severely burned and inhaled steam, will die; John Johnson, Clarion, chest and head crushed, may die; Anton Slato, Clarion, burned about head and body; Michael Gentael, Clarion, scalded about the face, body and limbs and badly burned all over; Michael Chadak, Clarion, scalded about head and body and feet burned; John Yanko, Duquesne, burned about the head and body; John Smith, Duquesne, burned about the head and body; unknown Slavish boy, struck by wreckage while standing on street in Duquesne, injuries slight.

Cause of the Wreck.

An extra freight train had failed to clear the southbound passenger track and when the accommodation came thundering along the corner of a steel gondola, the last car of the freight train, struck the tender of the passenger locomotive. The heavy iron tank was forced back into the combination baggage and smoking car, crushing it against a high stone retaining wall that faced the railroad.

Not a passenger in the ill-fated coach escaped. The tender sheared the timberwork of the combination car from the trucks as if a huge ax had swished across the floor. The car sides, the seats and strong iron rods were jammed into a gnarled mass in the rear section of the coach. In that splintered wreck were 17 human beings. At least four of them must have been instantly killed. Thirteen other victims writhed in hopeless agony, their plaintive cries for help rising above the roar of hissing steam.

Live Coals Ignited Wreckage

Before any of the sufferers could be raised from their horrible prison live coals from the car stove ignited the wreckage. Soon a flood of water was turned on the blazing pyre. The rescuers labored at their task and from the choking mist of steam and smoke brought out the dead and dying. Several were burned into a charred, unrecognizable mass. None had escaped the scorching blaze. Two bodies were observed standing upright, the men having been cremated where they were thrown at the first shock of the collision. One victim lost both legs in the fire and two others were burned about the arms and legs, their faces and bodies being spared the horrible mutilation of the fire.

Prompt Investigation.

Superintendent Mitchell conducted his investigation immediately. He stated last night that the cause of the collision was due to the flagman failing to protect the rear of the freight train, which was crossing over from the southbound passenger track. The accommodation train, he declared, was running on schedule time. Had it been five seconds late the freight car would have passed out of the way and the lives of the passengers would have been saved.

An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

HURT BY A FALL

A Slip Caused Andy Bandine to Take a Tumble Over the River Bank.

Andy Bandine fell over the river bank near the C. C. Thompson pottery shortly before noon today and sustained a serious injury to his left hand. He was walking along the river bank and slipped on the snow and ice, plunging headlong into a pile of broken crockery. Instinctively he extended his arms to protect his head, and by doing so probably saved himself from more serious injury.

The left wrist struck a piece of broken pottery, inflicting an ugly looking gash. Bandine hastened to the office of Dr. F. M. Laughlin, where he was given medical attention. It was found that one of the large veins in the wrist had been severed and that the wound, while painful, is not at all serious.

IN GREAT DEMAND

Elks Find the People Eager to Get Tickets For the Victor Herbert Concert.

The Elks have adopted a novel way of disposing of the tickets for the appearance of Victor Herbert's orchestra at the Grand opera house on the night of January 26. The entire body is acting as a committee of the whole and each member has been given tickets representing a row of seats in the opera house. At the benefit last year the tickets sold by the members had to be exchanged for coupon tickets and much inconvenience and annoyance resulted. This will not be experienced this year under the new plan.

There have been a great demand for these tickets and a crowded houses is already assured.

To Entertain Saturday.

Miss Catherine Brookes, daughter of Mr. and Mrs. J. H. Brookes, will entertain a number of her friends on Saturday, January 10, at her home on Pennsylvania avenue from 2 to 5:30.

NEW ADVERTISEMENTS TODAY.

The home news complete in the News Review.

THE TOUGH GANGS ARE BROKEN UP

Continued from First Page.

to break it up. The result is that almost every member is either now in the Canton workhouse or in some other town out of the jurisdiction of the authorities here. It is very seldom that any of the old offenders who formerly appeared before the mayor with great regularity fall into the clutches of the law, and when they do they generally receive a sentence which puts them out of the way of the law-abiding citizens for a considerable length of time.

Public Installation of K. of P.

Lisbon, January 8.—(Special)—A public installation of officers of Brown lodge No. 190, Knights of Pythias in Lisbon last evening, was well attended and an interesting event. After the exercises Lodge Riddle concluded an address by presenting George Knaub, the oldest member of the lodge in the city, with an emblem. Mr. Knaub was initiated in 1867.

Old Judgment Revived.

Lisbon, January 8.—(Special)—Judgment has been revived in the case of Bart Burns, of Lisbon, versus Maggie Mounts, in which judgment was rendered in 1894 for $62 and $10 costs.

Musicians Elect Officers.

The election of officers of the American Federation of Musicians has been held and resulted as follows:

President, W. B. Toland; vice president, Frank Moore; secretary, Samuel Moore; treasurer, William Auld; sergeant-at-arms, Joseph Girard; chairman executive board, William Randolph.

We have taken inventory this week. Watch and wait for bargains.
THE SURPRISE CLOTHING HOUSE. 6-h

Militia for Inauguration.

Harrisburg, Jan. 8.—A provisional brigade of the national guard of Pennsylvania will be detailed by Adjutant General Stewart to participate in the inauguration of Governor-elect Pennypacker, on Jan. 20. The brigade will be composed of the First, Eighth and Eighteenth regiments, three companies of the Fourth regiment and the Governor's troop, of Harrisburg, and will be commanded by General John C. Wiley, of the Second brigade.

Negroes Going to Liberia.

New York, Jan. 8.—In the steerage of the White Star line steamship Tunica, which sailed yesterday for Liverpool, were 32 colored men, 12 women and 10 children, who are going to Liberia to settle. They came from Irwin county, Georgia. One of the men said: "We are just poor farmers. Business was not very good with us, so we got together, sold our farms and are going out to Liberia to begin life again." The party have about $2,000.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Library Board Meets — A meeting of the Carnegie library board will be held tomorrow evening, at which Miss Baker will be present and make report on the books for the past year.

New Brokers' Office—Edward T. C. Slease & Co., bankers and brokers, of Pittsburg, have opened an office in the Potters' National bank building, with a direct private wire to their Pittsburg office.

Preparatory Services—The Friday and Saturday evening class meetings of the First M. E. church will this week be changed into prayer meetings preparatory to the revival services which will be held next week by Rev. M. B. Pratt, pastor of the church.

Big Business Last Year—George H. Owen & Co., steamship agents, have received the annual report of William C. Moore, landing agent at Ellis Island, giving the number of trips made and passengers carried by the different lines of ocean vessels. The total number of trips were 992; steerage passengers, 574,276; cabin passengers, 139,848.

Good Sleighing Again — The snow which has been falling at intervals for the past two days has put the streets in excellent condition for sleighing and the owners of fast horses will be out in full force on the speedway tonight. Fifth street, from Market to the old cemetery, will again be used by the horsemen, the same as during the other snow.

Dr. Pratt's Next Lecture—Rev. Dr. Pratt, who is the lecturer for the series of Sunday afternoon meetings held in the opera house under the auspices of the Y. M. C. A., has announced his topic for the forthcoming lecture. It will be "The New Declaration of Independence," and the line of thought will be along that of the lecture of last Sunday. It is worth the while of every young man in the city to attend these meetings, as much benefit can be derived from them. No admission fee is charged.

The Elks have adopted a novel way of disposing of the tickets for the appearance of Victor Herbert's orchestra at the Grand opera house on the night of January 26. The entire body is acting as a committee of the whole and each member has been given tickets representing a row of seats in the opera house. At the benefit last year the tickets sold by the members had to be exchanged for coupon tickets and much inconvenience and annoyance resulted. This will not be experienced this year under the new plan.

There have been a great demand for these tickets and a crowded houses is already assured.

To Entertain Saturday.

Miss Catherine Brookes, daughter of Mr. and Mrs. J. H. Brookes, will entertain a number of her friends on Saturday, January 10, at her home on Pennsylvania avenue from 2 to 5:30.

Continued from First Page.

to break it up. The result is that almost every member is either now in the Canton workhouse or in some other town out of the jurisdiction of the authorities here. It is very seldom that any of the old offenders who formerly appeared before the mayor with great regularity fall into the clutches of the law, and when they do they generally receive a sentence which puts them out of the way of the law-abiding citizens for a considerable length of time.

Public Installation of K. of P.

Lisbon, January 8.—(Special)—A public installation of officers of Brown lodge No. 190, Knights of Pythias in Lisbon last evening, was well attended and an interesting event. After the exercises Lodge Riddle concluded an address by presenting George Knaub, the oldest member of the lodge in the city, with an emblem. Mr. Knaub was initiated in 1867.

Old Judgment Revived.

Lisbon, January 8.—(Special)—Judgment has been revived in the case of Bart Burns, of Lisbon, versus Maggie Mounts, in which judgment was rendered in 1894 for $62 and $10 costs.

Musicians Elect Officers.

The election of officers of the American Federation of Musicians has been held and resulted as follows:

President, W. B. Toland; vice president, Frank Moore; secretary, Samuel Moore; treasurer, William Auld; sergeant-at-arms, Joseph Girard; chairman executive board, William Randolph.

We have taken inventory this week. Watch and wait for bargains.
THE SURPRISE CLOTHING HOUSE. 6-h

Militia for Inauguration.

Harrisburg, Jan. 8.—A provisional brigade of the national guard of Pennsylvania will be detailed by Adjutant General Stewart to participate in the inauguration of Governor-elect Pennypacker, on Jan. 20. The brigade will be composed of the First, Eighth and Eighteenth regiments, three companies of the Fourth regiment and the Governor's troop, of Harrisburg, and will be commanded by General John C. Wiley, of the Second brigade.

Negroes Going to Liberia.

New York, Jan. 8.—In the steerage of the White Star line steamship Tunica, which sailed yesterday for Liverpool, were 32 colored men, 12 women and 10 children, who are going to Liberia to settle. They came from Irwin county, Georgia. One of the men said: "We are just poor farmers. Business was not very good with us, so we got together, sold our farms and are going out to Liberia to begin life again." The party have about $2,000.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Library Board Meets — A meeting of the Carnegie library board will be held tomorrow evening, at which Miss Baker will be present and make report on the books for the past year.

New Brokers' Office—Edward T. C. Slease & Co., bankers and brokers, of Pittsburg, have opened an office in the Potters' National bank building, with a direct private wire to their Pittsburg office.

Preparatory Services—The Friday and Saturday evening class meetings of the First M. E. church will this week be changed into prayer meetings preparatory to the revival services which will be held next week by Rev. M. B. Pratt, pastor of the church.

Big Business Last Year—George H. Owen & Co., steamship agents, have received the annual report of William C. Moore, landing agent at Ellis Island, giving the number of trips made and passengers carried by the different lines of ocean vessels. The total number of trips were 992; steerage passengers, 574,276; cabin passengers, 139,848.

Good Sleighing Again — The snow which has been falling at intervals for the past two days has put the streets in excellent condition for sleighing and the owners of fast horses will be out in full force on the speedway tonight. Fifth street, from Market to the old cemetery, will again be used by the horsemen, the same as during the other snow.

Dr. Pratt's Next Lecture—Rev. Dr. Pratt, who is the lecturer for the series of Sunday afternoon meetings held in the opera house under the auspices of the Y. M. C. A., has announced his topic for the forthcoming lecture. It will be "The New Declaration of Independence," and the line of thought will be along that of the lecture of last Sunday. It is worth the while of every young man in the city to attend these meetings, as much benefit can be derived from them. No admission fee is charged.

on Wraps, Furs, Skirts, Waists and Suits. Have you attended the 20 per cent off sale on Muslin Underwear. Many have, why not you?

THE BOSTON STORE.

HURT BY A FALL

A Slip Caused Andy Bandine to Take a Tumble Over the River Bank.

Andy Bandine fell over the river bank near the C. C. Thompson pottery shortly before noon today and sustained a serious injury to his left hand. He was walking along the river bank and slipped on the snow and ice, plunging headlong into a pile of broken crockery. Instinctively he extended his arms to protect his head, and by doing so probably saved himself from more serious injury.

The left wrist struck a piece of broken pottery, inflicting an ugly looking gash. Bandine hastened to the office of Dr. F. M. Laughlin, where he was given medical attention. It was found that one of the large veins in the wrist had been severed and that the wound, while painful, is not at all serious.

IN GREAT DEMAND

Elks Find the People Eager to Get Tickets For the Victor Herbert Concert.

The Elks have adopted a novel way of disposing of the tickets for the appearance of Victor Herbert's orchestra at the Grand opera house on the night of January 26. The entire body is acting as a committee of the whole and each member has been given tickets representing a row of seats in the opera house. At the benefit last year the tickets sold by the members had to be exchanged for coupon tickets and much inconvenience and annoyance resulted. This will not be experienced this year under the new plan.

There have been a great demand for these tickets and a crowded houses is already assured.

20TH YEAR. NO. 6. EAST LIVERPOOL, O., THURSDAY, JANUARY 8, 1903. TWO CENTS.

THE EAST END BADLY OFF FOR A WATER SUPPLY

Manufacturers Propose to Loan Money to Water Works Trustees to Improve the Service There.

THE INSURANCE COMPANIES DECLINING RISKS

The question of water supply for the East End has become of vast moment to the manufacturing interests of that portion of the city and measures for relief must be taken at once. That entire section is supplied with water from an 8-inch main along the river front and it is held to be insufficient for effective use in case of fire. The Western Factory Insurance association, which represents, with scarcely an exception, the companies writing special hazard risks in this city, has informed the owners of several East End enterprises that the insurance companies have been cautioned about doing any business in that part of town.

At the meeting of the water works trustees last evening Messrs. Joseph G. Lee, representing the Potters' Milling and Mining company; and Ben Harker, and F. T. Kitchell, representing the Homer Laughlin China company, appeared and petitioned the trustees to provide a more adequate water service. The trustees were told of the stand taken by the insurance companies and the menace to the East End industries was pointed out to them. The request was made that another water main be laid from the reservoir along Pennsylvania avenue to the East End. A 12-inch main was asked for.

Letters from several insurance companies who have risks in the affected district were read to the board. All these letters were of the same general tone and to the effect all new business was being declined and that the risks now carried would not be taken again after the expiration of the present policies. The reason for this action is given as a vital lack of protection. A strong appeal was made to the trustees to grant the relief prayed for, but they declined to aid in the matter, stating there were no funds with which to meet the cost of providing the additional main.

SECRETARY ROOT, WHO MAY SOON LEAVE THE CABINET.

It is said that Elihu Root, secretary of war, will soon resign from President Roosevelt's cabinet and that he will be succeeded by William H. Taft, governor of the Philippines. Secretary Root will resume the practice of law in New York.

BOYD, HOT ON THE TRAIL OF THE STREET RAILROAD, FILES LIST OF GRIEVANCES

Wellsville Solicitor Petitions For Vacation of Franchise—Mandamus on Commissioners to Be Sought.

After one day's solid work, City Solicitor Boyd, of Wellsville, has at last prepared a petition which he will file some time today in common pleas court against the East Liverpool Railway company and the United Power company, to compel them to vacate their franchise.

The petition is a long one and states many grievances which the city of Wellsville holds against the two companies. Attached to the petition is a copy of the ordinance which was passed by the council which granted the street railway company a franchise to maintain and operate a line through the city. The main points of the petition follow:

According to the franchise the street railway company was to furnish steel girder rails of the most improved pattern, the rails to have a three inch flange. The rails which the street railway company have laid through the city streets are steel girder rails, but are not the most improved pattern and do not have the required three inch flange.

Much complaint has been made, during the past two years, to council, about the rails by citizens who have occasion to drive vehicles through the streets along which the street railway track is laid. Vehicles cannot safely ride in the tracks, a matter that could be avoided with three inch flange rails.

The franchise calls for the most modern and improved street cars with first class trucks. These have not been furnished by the street railway company.

The street cars, according to the terms of the franchise are to run as often as the public convenience, or the city council may demand, a clause which has been totally ignored by the street railway company. City Solicitor Boyd believes that in order for the company to fully comply with this clause an all night service should be maintained for the accommodation of the railroad men and the mill men who are in need of the cars at all hours.

It is alleged that the street railway company has violated the terms of another clause in the franchise in

UNIONS TO FIGHT DESERT LAND LAW

Trades Council Took Favorable Action On an Appeal Last Night.

WILL APPEAL TO CONGRESS

Label Committee Will Advertise the Unfair List of the American Federation of Labor Each Month in the Future.

When the plan suggested by the label committee of Trades Council at the meeting last night has been put into execution, there will be no excuse for any one who believes in buying fair goods made by fair workmen failing to do so.

For some time past the committee has been very active, and noting the growing tendency on the part of some unionists to purchase non-union goods and the indifference of many others in matters of this character, the members resolved upon a plan and it was adopted.

The list of unfair concerns issued by the American Federation of Labor each month will be reproduced in circular form and circulated among the union men of the city through the secretaries of the several unions. From one month to another this list will be revised and a new issue made. If the plan as it was suggested by the committee is carried out there will be a small amount of non-union merchandise sold in East Liverpool.

The meeting was one of the most interesting held in many months. There were but two new delegates to be taken in, they being Harry F. Jeanguenat, from Bartenders' union No. 431, and Mr. Donahue, from the barbers.

Under the head of communications and bills a circular letter was received from local union No. 5, Wall Paper Makers, of New Brunswick, N. J. where a strike is in progress. The concern had treated its employes badly and agreements had been broken with impunity. The letter stated the fight was on in dead earnest, and the union requested that a committee be appointed to call upon local dealers and endeavor to induce them to refrain from patronizing the firm in question. The appeal was granted and Fred Pennington, of No. 25; E. E. Spivey, of the Carpenters, and Mr. Hatton, from the Painters' local, were appointed on the committee.

This committee will not only urge the local wallpaper men to quit handling the product, but will bring the matter to the attention of the painters' and paper hangers' union with the request that its members refuse to hang the stuff.

The following communication, which fully explains itself, was received from the Chicago Federation of Labor:

"Dear Sir and Brother:

"There is a fight on in congress now which we ought to take hold of quick and strong.

"We got the National irrigation law through in the last session of congress, and there is now over $10,000,000 in the treasury to build government irrigation works.

"But the land thieves are stealing the government land so fast under the

BOOM STARTED FOR J. C. WELTY

Stark County Man Put Forward As a Democratic Candidate For Governor.

HERRICK STOCK IS RISING

His Friends Are Very Confident—No Such Office As City Engineer Under the New Code—Present a State Flag to Lisbon Teacher.

From a Staff Correspondent.

Columbus, January 8. — Senator Hurst, of Tuscarawas county started a boom for the Democratic nomination for governor for Hon. John C. Welty, of Canton, who, he says, can get the support of eastern Ohio as a starter. The announcement is believed to be a feeler. It has become the custom for aspirants for political preferment to have it announced from an indirect source they are candidates for office so in case it develops they cannot win they can say their reported candidacy was a mistake and thereby escape the humiliation of defeat. Welty has tried several times to get the nomination but was never able to make the riffle. Were he the only candidate in eastern Ohio he could doubtless get the solid support of that part of the state. Hon. James A. Rice, of Canton, has also been mentioned as a gubernatorial possibility, but he has given no intimation that he will run. Colonel Kilbourne, of Columbus, who was the Democratic candidate for governor two years ago is being urged to be a candidate for mayor of this city. He is very popular here.

The political stock of Myron T. Herrick, of Cleveland, is booming. Word has been received here that both Stark and Mahoning counties are for Herrick, and a gentleman from the former county prominent in official and political circles, said in this city yesterday he would not be surprised if all opposition to Herrick would vanish long before the time for the convention. State Labor Commissioner M. D. Ratchford, who has returned from Stark county, says the persons he talked to there were strongly in favor of Herrick. He stated, however, the other candidates also had friends in Stark county. They regard Herrick as a near neighbor.

Replying to a query from Attorney W. A. Snediker, of Wellsville, Special Counsel Smith W. Bennett, of the attorney general's department, rendered an opinion that there would be no such officer as civil engineer under the new code, but that under section 145 the board of public works could appoint an engineer who would be an employ but not an officer.

Mrs. Charles Gore and son, Carl, have gone to Kensington to spend two weeks at the home of Mrs Gore's mother, Mrs. Robert George.

State Librarian C. B. Galbreath secured and sent to Miss Rena Cullen, a teacher at Negley, Columbiana county, a flag of Ohio which will be unfurled at a celebration to be held at her school. It is probably the first flag to go to Columbiana county. The law creating a state flag was passed by the legislature last spring. State Librarian Galbreath thinks it would be in keeping with the spirit of patriotism if all schools would use the state flag along with the national banner.

HEATER FIXINGS CARRIED AWAY

Rival of the Man Who Stole a Hot Stove Operated at Robert Burford's House.

QUICK CESSATION OF HEAT

Led to an Investigation And the Discovery That the Heating Apparatus Had Been Stripped of Everything That Could Be Moved.

One of the most daring and peculiar robberies reported to the police for some time was reported to Mayor Davidson at noon today.

Thieves last night entered the basement of the residence of Robert Burford, on Sixth street, and carried away almost every attachment belonging to a large hot water heater which is located in that part of the house. Tongs had been used extensively in their work, as it was necessary to disconnect almost every piece of the huge heater so that it could be carried conveniently.

The family had no knowledge of the presence of the thieves until nearly morning when the house became cold very suddenly. Thinking that there was perhaps something wrong with the heater Mr. Burford arose and going to the basement was startled to find that every available piece of brass and iron pipe attached to the boiler had suddenly disappeared, and there was absolutely no trace of where they had gone. He soon discovered that thieves had done the work, as the rear door was standing open, through which they had effected an entrance.

Before starting on the work of dismantling the heater the gas had been turned out and the water shut off, after which it was an easy matter, with the aid of a pair of tongs, to disconnect every piece of valuable pipe which the thieves desired to take with them.

Mr. Burford places his loss at from $100 to $200. The work was evidently done by junk thieves, as it is entirely out of the line of the ordinary robber who enters a house for the purpose of securing valuables.

The matter was reported to the mayor today and Officer Morris was detailed to work on the case. Every junk shop in this city and Wellsville will be searched, but it is feared that the thieves made goood their escape and will not attempt to dispose of the material here. They covered up their tracks completely and there is absolutely no clue for the police to work on.

DAMAGES AWARDED TO J. W. PHILLIPS

HE IS THE MAN WHO SUED THE ADAMS EXPRESS COMPANY.

Judge Hole Refused to Grant a Wellsville Man's Petition For a Divorce.

Lisbon, January 8.—(Special)—A special venire was issued yesterday for a jury to hear a case while the jury was out in the case of J. W. Phillips against the Adams Express company. After being out about three hours the jury in the latter case brought in a verdict for the plaintiff awarding damages in the sum of $144.66.

Owen Roberts, the Wellsville incorrigible, was yesterday afternoon sentenced to the reform school at Lancaster, with sentence suspended during good behavior. Friends of Ernest Seal will make an effort to pay his fine which with the costs amounts to about $26.

In the case of John Hawke, of Wellsville, against Narcissa Hawke Judge Hole yesterday afternoon refused to allow a decree of divorce. The testimony showed that the defendant had left her husband 17 years ago on account of his drunkenness and that proceedings for alimony brought at that time were settled for $4,000. The husband based his petition for divorce on the assertion that his wife had been guilty of wilful absence, which he justified by setting up that he had reformed five years ago and that Mrs. Hawke refused to live with him.

In the damage case of Mary Law against the village of East Palestine a motion requiring the plaintiff to secure the costs of action has been sustained.

IMPERILED COAL BOAT WAS RESCUED TODAY

Tug Boat Ford City at Walker Today for This Purpose—Movements of the Packets.

The tug boat Ford City reached Walker from Pittsburg this morning to rescue the coal boat sunk Monday evening by the Frank Gilmore. The coal boat sprung a leak some miles above here and in spite of the constant use of the pumps it was impossible to keep it afloat. It was run close to shore by the Gilmore, who went on with the balance of the tow. Several thousand bushels of coal were lost, but the boat can be repaired with very little cost.

The river is falling today with 10 feet in the channel here. Business is getting better in spite of the poor facilities for getting freight to the wharf boat. The Greenwood is due at 6 o'clock tonight from Charleston and the Ben Hur from Pittsburg for Parkersburg at 9 o'clock.

TWO DAYS' STRIKE AT AKRON POTTERY

RESULTED FROM THE DISCHARGE OF A PIECE WORKER.

His Successor An East Liverpool Man And Trouble Was Caused By Hiring Him.

Akron, January 8.—(Special.)—A strike, which has been on for two days at the plant of the Akron China company, has been called off and the employes returned to work yesterday morning.

The trouble between the employes and the company resulted indirectly it is said, from the discharge of James Shane, a potter, who had been with the company for several years.

Between the company and the union to which the potters belong, there is an agreement that before any employe is discharged he shall be given two weeks' notice. It is also a part of the agreement that before any member of the union leaves the employ of the company he must give two weeks notice to the company. When Shane was discharged this agreement was lived up to by the company, it is said.

The trouble came over the hiring of a successor to Shane. The latter had charge of what is known as the decorating kilns and his work was "piece work." His successor, who was a potter from East Liverpool, started in to do his work by the day instead of by the piece. The members of the union opposed this change and the strike resulted Monday morning. The differences have been adjusted, however, and work was resumed Wednesday. It is understood that the East Liverpool potter will be discharged and that the work will be done by the piece as formerly.

When seen yesterday by a reporter Manager J. G. Ingalls, of the company said that he did not care to say anything about the strike. It had been settled, he said, and the trouble had been over the discharge of an employe. Beyond this he refused to make any statement.

Victim of Stupid Joke.

Miss Grace McDevitt who boards on Sixth street, and is one of the most highly respected yound ladies in the city, having came to this city from West Point, some time ago, called at the News Review today and stated the announcement made in a local paper this morning to the effect that she was to be married to Charles McDermott, on January 15, was untrue. Miss McDevitt believes she is the victim of a practical joker.

It leads—the News Review.

THE TOUGH GANGS ARE BROKEN UP

City Well Rid of Many Who Have Disturbed the Peace in the Past.

FEW ARRESTS NOWADAYS

The Mayor Says People Are So Busy That the Troublesome Element Has No Chance to Get Disorderly—Jail Empty.

When Mayor Davidson reached his office this morning for the purpose of dealing out justice to the several offenders that had probably been locked up during the night, he was agreeably surprised to find that not a single arrest has been made.

The general good order of the city is better than it has been for years and but very few arrests have been made during the past month, which speaks volumes for the police department and for the general prosperity of the people as well.

When speaking of the matter this morning to a News Review reporter Mayor Davidson said:

"We have less trouble with the element that are inclined to be disorderly when times are good than we do when work is scarce. This does not seem reasonable, but it is a fact. When the factories are idle this element, which I refer to, will congregate in different parts of the city and as a usual thing a disturbance of some kind is started almost every day. When we have work we are not bothered with this nuisance, and the general good order of the city is such that the officers have very little to do in the way of making arrests. In years gone by there were several bad gangs that gave the police almost continual trouble, but they have nearly all been broken up, and the most of them are either in the Canton workhouse or giving this city a wide berth, as the majority of them have no love for the Canton institution. Crip Cain was about the last bad character we have had to deal with, and I do not believe that he will return to this city while I am mayor. I do not propose that the people of this town shall be bothered with any one who will not obey the law."

For several years there was a bad gang that made the old glass house their headquarters. They made their living principally by petty thieving and begging, and but very few of them were ever convicted of a felony. This gang became such a nuisance to the police and the people of the town as well that a vigorous campaign was started last summer by the mayor

Continued on Eighth Page.

WITH THE WORKMEN IN THE CLAY PLANTS

THE NEW AGREEMENT.

"The agreement now in force among the companies comprising the Natural Glass company has been a good thing for them during the last three years," said a prominent boss potter to a News Review reporter, "and there is no reason why it should not be as beneficial to us. In surely will be," he continued. "The News Review has given the people a very clear idea of the purpose of the new association and was right when it stated that it was not the intention to advance prices. But for my part I think the manufacturers deserve a small increase and the trade can stand it. If you will stop a minute to think all manufactured articles have advanced in prices, except pottery products. This advance has no doubt been brought about by the increased demand and the higher wages paid to the workmen. There has been an advance in the price of lead, coal is higher, in fact nearly everything necessary in the making of ware costs more now than ever before and we are getting no more for our product. It is true that we are handicapped by the manner in which the tariff is circumvented by some importers. Their goods are undervalued for custom house purposes but the original value is restored for the market. As long as this practice continues I'm afraid there is no show for better prices.

"The amount of money that will accumulate in the hands of the treasurer of the association perhaps will be loaned to local brokers. It may be that bids will be asked for for its use. The amount may reach $100,000 in a year's time and the interest on it is calculated to pay the operating expenses of the association. There will be very little expense outside the salaries of the actuary and treasurer. The new management promises to be beneficial not only to the manufacturer but to the trade generally and there seems to be no doubt that it will work as well with us as with the glass people, though we have more competition."

A RICH FIND.

An important field of potters' clay is reported from drilling tests just made on the Herrold farm, about three miles east of Akron, and just south of the Mogadore road. For richness of color and quantity, the clay is said to equal anything heretofore found in Ohio. The vein, it is reported, will average a mean thickness of 10 feet over the whole farm of 100 acres. The importance of this find can best be appreciated by knowing that the average royalty paid to owners of such land in this territory is seldom less than 20 cents per ton in the ground; yet by cutting that sum down to 10 cents per ton, and the vein to half its depth, the value of the clay alone, which would equal at least 10,000 tons to the acre is $100,000.

FEMALE LABOR WELL PAID.

When F. A. Sebring was asked about the alleged statement by Labor Commissioner Ratchford that the female laborers of Sebring and East Liverpool were paid less wages for their work in the potteries than was paid in other cities, he simply said the statement was incorrect; that the average pay per day in the Sebring potteries to women wage earners exceeded $1.25. This would mean $7.50 per week. Deducting board at $3.50 per week would show $4 as the net earnings per week, exclusive of board. The manner of gathering statistics by the superintendent is not satisfactory. Had he desired to be fair he could have seen the books of the potteries, and from them have been able to have given a correct statement. In the place of this, however, a lady agent interviewed some of their workers, and from their statement drew the conclusion furnished the public.

AT THE GOODWIN.

The Goodwin plant has entered into the new year with the brightest of prospects and every indication points toward a steady run of work. The spring offerings are up to its usual high standard and its new creations are already proving to be trade winners. During the holiday vacation the necessary pipes were laid and the connections made for the use of gas on the four biscuit kilns. All the kilns, glost and biscuit, are now provided with gas. A new crown was built on glost kiln No. 6 and other necessary improvements were made.

TREASURER NOT SELECTED.

The meeting of the Western and Eastern branches of the executive committee of the Potters' Association of America is at an end and the selection of the treasurer has not yet been announced. From a reliable source it is learned that the selection has not yet been made and just who will be the lucky individual is a matter of conjecture. The official will be heavily bonded, will have the accounting of an immense amount of money but will be handsomely remunerated.

OFFICERS OF NO. 45.

Sanitary Pressers' local No. 45, of the National Brotherhood of Operative Potters, of Trenton, has elected officers as follows: President, Louis Phale; vice president, James Horan; recording secretary, George M. Martin; financial secretary, A. T. Potts; collector Elmer Johns; treasurer, Charles Fulton; inspector, George Bleinstein; guard, William Parker; statistician Joseph T. Catton; trustee, James Meliff; delegates to the Central Labor union, Stephen Helwig, John Gannon and Clarence Pope.

BUSINESS GOOD.

F. W. Fowler, of the Union Potteries company, was here from Pittsburg yesterday on business matters pertaining to company's plant in this city. He was accompanied by General Manager Thomas Price, of New Cumberland. They left at noon today for New Cumberland. Mr. Fowler is highly pleased with the trade outlook for the year. "Business was never better at all three of our plants," said he, "and the prospects are that this condition will prevail during the entire year."

PUGGING AT SALINEVILLE.

Workmen at the Dresden China companies plant at Salineville pugged their first clay Monday morning for making saggers. The plant expects to begin making ware before February 1. Each morning, noon and night the large whistle can be heard. Many potters who have been employed are in town ready to begin work as soon as the plant is ready.

A SLEIGHING PARTY.

Misses Kate O'Brien, Anna Conley, Anna Ward, Stella Muncey, Ida Hymes, Ada L. Robbins, Thelma Latinski and Rose Gotham, of the decorating department at Goodwin's, enjoyed a sleigh ride to Richmond recently. They report a most enjoyable trip.

CONDITION STILL SERIOUS.

Charles Llewellyn, the decorating kilnman at Goodwin's, who was stricken with paralysis about a month ago, is still in a serious condition at his home on Pennsylvania avenue. His wife, who has also been seriously ill, is reported much better.

ELECTION BY NO. 10.

Local union No. 10, turners and handlers, has elected the following officers: President, D. E. Vanfossan; vice president, H. Huff; recording secretary, J. L. Rigby; financial secretary, A. Jewell; one per cent secretary, H. Headley; inspector, J. Gibson; guard, F. Elkin; trustee, C. Martin.

AMONG THE POTTERS.

Charles Garrison has left the warehouse at Goodwin's for a similar job at the Standard.

Miss Katherine Shaffer, of the decorating department at Goodwin's, has returned from a visit to Rochester.

Greenwood Firth, the bowl jiggerman at Goodwin's, has a new finisher. D. Bower, recently of the Buckeye.

Porter Kays, of the glost end at the Union, is confined to his home, corner Washington and Third street, by illness.

Albert Van Dyne returned yesterday from a visit to Wheeling and is at work again in the decorating room at Goodwin's.

TERRIBLE EXPOSURE MAY CAUSE DEATH

Boy Near Canton Tramped in Snow Three Days And Two Nights Without Food.

Canton, January 8.—After a terrible experience of three days and two nights without food, thinly clad and tramping in the snow, Edward Buffenmeyer, aged 17 years, son of Mr. and Mrs. Daniel Buffenmeyer, residing about four miles northwest of this city, was found Monday evening lying on a pile of rails in a corn field back of his home, almost frozen to death.

Early Sunday morning young Buffenmeyer left home with his hunting dog. The lad failed to come home Saturday evening and the parents becoming alarmed organized a party of neighbors and instituted a search for him. The party tracked the boy and his dog into a deserted coal mine about seven miles from his home, near Millport, but the lad had evidently left before the party arrived.

Monday afternoon the hunting dog which had accompanied Buffenmeyer appeared at the home and acted in a very peculiar manner. The father of the boy, renewing his hopes, followed the dog and found the boy in an unconscious condition. It is feared he will die.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo-Quinine Tablets. This signature on every box. 25c. E. W. Grove

On account of the great expense of traveling, many cannot go abroad to avail themselves of the Traubenkur treatment for stomach trouble, constipation, etc., established along the River Rhine, in Germany, but with Mull's Grape Tonic at a nominal cost of 50 cents per bottle, you have a Traubenkur at your door, at Hodson's Drug Store.

Mrs. Austin's quick raising Buckwheat makes tender, crispy, brown cakes. Your grocer can tell all about it. 27

The usefulness of the Grape diet, or Traubenkur, is beyond question an effective agent in the cure of wasting diseases, and in the cure of Stomach Trouble and Nervousness, Kidney and Liver Troubles. Mull's Grape Tonic Laxative, based on the famouns Traubenkurs, of Germany, can now be had at Hodson's Drug Store.

For the real good old buckwheat flavor buy Mrs. Austin's Buckwheat, and don't forget the name. 27

NOT EASY AT THE START

Amateurs in Automobiling Find Themselves Beset With Numerous Difficulties.

An automobile in the hands of an inexperienced man is a dangerous as well as a provoking piece of machinery. The beginner in the art of learning to propel one is best with all kinds of difficulties. The auto is liable to go in just the opposite direction from that which you desire. A little excitement will also cause it to cut all kinds of didos and often gets the owner in ludicrous situations.

Recently two new machines were received in this city and since their arrival the owners have been practising on the various streets of the city. The slippery condition of the streets has been another detriment to good automobile driving. Messrs. Knowles and Taylor are the two gentlemen who recently procured these machines, and no doubt before they have fully mastered them will have their trials and tribulations.

A day or two ago Mr. Knowles was driving his machine in the direction of Chester and attempted to cross the bridge. The day was cold and disagreeable and he was anxious to cross the bridge in a hurry. When he had reached about the middle of the bridge the machine suddenly refused to go any further. Twists and turns of the propeller had no effect on the machine. It had balked. Mr. Knowles worked for fully a half hour trying to extricate himself from his predicament. Finally he left the machine on the bridge to keep itself company and wended his way up town to find some one who would be able to make it more docile. When a machinist was secured the auto yielded to treatment rapidly and was soon under the control of Mr. Knowles, who proceeded again on his way rejoicing.

COURT CALENDAR

Assignment of Cases for the First Week of the January Term.

Lisbon, January 8.—(Special.)—The following is the assignment of cases for the first week of the January term of court, opening next Monday at 10 a. m.:

Monday—Impanelling grand jury, opinions in cases submitted; Joseph C. Atterholt, administrator, versus Kate M. Springer; Mamie Rigby versus Frank Rigby; city of East Liverpool vs. the Pennsylvania company et al; Hugh A. McNicol vs. the Pennsylvania company et al.

Tuesday—Matthew Degnan vs. Richard Degnan et al; Mary A. McCoy vs Aaron McCoy; Mary A. Wernet et a vs. William A. Wernet; George Wymer, guardian, vs. Joseph Wernet.

Wednesday—J. Cal Taggert vs. C. P Rothwell et al; Casper C. Tritt vs Fred G. Baker; Maggie Orr, adminis trator, vs. Helen Johnson et al.

Grove's Black Root Liver Pill

Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No griping, no sick stomach. Will cure chronic constipation. Price 25 cents. 17

Very Low Colonists' Rates to the West And Southwest.

The Missouri Pacific Railway and Iron Mountain Route will sell one way colonists' tickets to points in Kansas Colorado, Nebraska, Missouri, Arkansas, Indian and Oklahoma Territories Louisiana, Texas, and New Mexico, on the first and third Tuesdays of each month from November 4th to April 31st, at on-half fare the standard first-class fare, plus $2. For further information write Jno. R. James, Central Passenger Agent, 905 Park Bldg Pittsburg, Pa. 251-eod-tf

Do You Expect

your teeth to care for themselves? Your teeth must of necessity be sound. Think of the work they do!

Three Meals a Day

Say one thousand and ninety-five meals a year. Can poor teeth ever stand it long? We will make poor teeth GOOD TEETH for little money, so do not delay, but call and hear our prices—prices to suit the pocketbook. All examinations and consultation free, and all work guaranteed. We are the SOLE MAKERS of Seamless Crowns and Bridgework in East Liverpool. Let us show you the difference.

Important Announcement.

JANUARY 13, 14, 15. 16 AND 17, TUESDAY, WEDNESDAY, THURSDAY, FRIDAY and SATURDAY, of next week, we repeat our offer of a few weeks ago, and will extract teeth ABSOLUTELY WITHOUT PAIN, or no charge. As a result of our last offer, we removed 228 teeth in the two days that the offer lasted, and never had one complaint. Remember for FIVE DAYS ONLY we will extract teeth at twenty-five (25c) per tooth, same to apply on bridge or plate work if ordered at this time. Don't forget the dates as there will be no extension of time.

BAR-BEN

THE GREAT RESTORATIVE

WILL CURE YOU.

We want all men and women who are weak to know that Bar-Ben is truly and without any exception the greatest one treatment for lost vitality and its kindred affections.

BAR-BEN is a true nerve tonic and blood purifier. It puts new vigor and perfect health into the weak nerves and broken down system. It makes the appetite keen, the digestion perfect and promotes refreshing sleep; body, brain and nerves are built up rapidly under its use. BAR-BEN is the scientific, natural and positive cure for all nervous diseases, lost vitality, night emissions and excesses, the effects of overwork, worry, brain fatigue, the excessive use of tobacco, opium or liquor. No matter what has caused your trouble, Bar-Ben will bring you back to health. Don't wait another day. Get some Bar-Ben and begin taking it. The sooner you commence the sooner your weakness will vanish.

All druggists, 50 cents or mailed on receipt of price. Write for free sample.

EAST END

MORTGAGE BURNING

Program For a Joyous Event At Second U. P. Church Tomorrow Night.

The services tomorrow night at the Second U. P. church in the East End, will be especially enjoyable to the members of the congregation. It is the occasion of the burning of the note and mortgage on the church building. In the past year the members of the church have been working hard to raise money to pay this indebtedness and have been successful. The program of the services has been arranged as follows:

Sermon, Rev. Dr. Taggart, of the First U. P. church.

History of the church from its organization as a mission till the time of the building of the new church began, Charles Hanley, Sr.

History of the building of the new church and of the troubles and difficulties in raising funds by the building committee, D. F. White.

Response in behalf of the trustees, J. H. Smith

Work of the Ladies' Missionary society in helping build the church, Mrs. Martha Pittinger.

Work on the Junior society, Mrs. Elmer Stevenson.

After this the mortgage and note will be burned and the church will join fervently in singing the doxology. Rev. D. W. McQuiston will preside during the evening and will also make a short address.

Boer Soldier Living Here.

Charles Enke, the Boer soldier whose arrival in town was noted by the News Review, has become a resident of the city. He is now working quietly at the power house of the East Liverpool Street Railway company. He has been employed there nearly a month. The story of his life in the past few years is full of hardships. The war deprived him of home, wife and children. He leads a rather lonely existence. After a time he expects to return to his native country and end his days among his own countrymen.

Klondike Ready to Start.

The Klondike pottery will start again Monday. The employes of this plant have had a loaf amounting to nearly three weeks. The officials of the pottery took advantage of the time of the Christmas holidays to begin placing a new water tank in position. The old tank which had been used for a long time was getting dangerous and a new steel tank was purchased. The size is much larger and from now on the plant will have ample water facilities.

Dixon Not in the Race.

The name of Samuel R. Dixon, of the East End, has been spoken of quite promipently as a candidate for member of the board of public service. It was urged that he was a man eminently qualified for the position and he was given the assurance of hearty support by many friends. However, Mr. Dixon never announced his candidacy and this morning said that he was not a candidate in any sense of the word.

Crawford-Dobbs.

A quiet wedding took place last night at the home of Henry McDaniels of Ohio street, in the East End. The contracting parties were Robert Dobbs, a plasterer, and Amy Crawford, who has been employed in one of the potteries in the East End. Rev. Crowe performed the ceremony which took place at 9 o'clock. The couple will make their home in the East End and will commence housekeeping in the spring.

EAST END AFFAIRS.

Burr Wright, a kiln hand at the Globe pottery, is confined to the house on account of sickness.

Ben Conklin left this morning for Salineville, where he will be employed as a sagger maker in one of the potteries.

The dance given last night by the Oakland Athletic club at the Larkins & Ferguson hall was attended by a large number and was a very pleasant affair.

Mrs. Austin's Buckwheat has a world-wide reputation on account of its purity and general Buckwheat flavor. Don't forget the name 27

Select the good, avoid the bad, then you will always use Meredith's Diamond Club Pure Rye Whiskey; price fair, goods guaranteed.

GRAIN-O
THE PURE GRAIN COFFEE

In comparing Grain-O and coffee remember that while the taste is the same Grain-O gives health and strength while coffee shatters the nervous system and breeds disease of the digestive organs. Thinking people prefer Grain-O and its benefits.

BOYD HOT ON THE TRAIL

Continued from First Page.

which they agree to charge but five cents to carry passengers either way between the West End of the city of Wellsville to the East End of the city of East Liverpool.

Several citizens have complained recently of having to pay 10 cents to ride from Wellsville to East Liverpool. They would get on a car and the conductor would collect 5 cents and carry them only to the mill where the passengers would have to wait for the next car which would charge an extra 5 cents to carry them the balance of the way.

According to the franchise all street cars are to be properly lighted and heated. This section in the franchise is also being violated as the cars running through Wellsville are not properly lighted, by any means, and several of the cars are not properly heated. Much complaint has been made about these matters.

Another grievance mentioned in the petition is about the digging up of the city streets by the street railway company who have not replaced the pavement, nor left the streets as they found them before tearing up. The streets along the line of route of the street railway tracks are in a very bad condition, particularly on Main street, between Sixth and Tenth streets. Manager Healy's attention was called to this matter by city officials several times and at last Mr. Healy ordered Street Inspector M. Dalton to have the street repaired and the expense of the work charged to the street railway company. At that time the street inspector gave the matter his immediate attention and hired men to do the work. The work was not fairly started until Mr. Healy interfered and said that he would not pay for the work.

At the time that a franchise was granted the street railway company in 1901, Manager Healy promised council that he would have a car barn placed in the West End and would start one car from the barn at an early hour every morning for the accommodation of the working people. This promise has not been lived up to.

The fact that council last May compelled the street railway company to take down its feed wires counts for nothing in giving good service, as after that time the street cars were run as before on the 12 minute schedule. It has only been a few weeks since the half hour schedule was started.

On December 20, Chief of Police Houser served a notice on Mr. Healy, calling his attention to all of these matters. Mr. Healy paid no attention to the notice and treated it as of little consequence.

Councilmen have repeatedly called Mr. Healy's attention to all of these grievances, but nothing has ever been done toward remedying them.

It is now asserted that a taxpayer of the city of Wellsville will bring suit at once against the county commissioners to do their duty and to bring the street railroad people to time. A large crowd of Wellsville citizens, and several people residing in the country between Wellsville and East Liverpool, gathered at Wellsville at city hall in anticipation of seeing the county commissoners and making complaints to them. Several of the councilmen were also on hand. Matters are waxing very warm at Wellsville.

Lisbon, January 8.—(Special)—The commissioners decided not to go to Wellsville today to investigate the street car troubles as they have come to the conclusion that it is not for them to move in the matter.

Good News.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

No chance for disappointment if you serve Mrs. Austin's famous Pancakes. All grocers sell 10 27

THE EAST END BADLY OFF

Continued from First Page.

The gentlemen representing the plants named above then made a proposal to the trustees to advance the money necessary to pay for the work, it to be refunded to them in water rents. The work is to be done under the supervision of the trustees, and they have estimated the cost at about $16,000.

The proposal was not made in definite form last night as it is desired to have other East End industries become parties to it and unless they consent it is not likely that anything can be done. The East End plant of the East Liverpool Potteries company, the Electric Porcelain works and the sewer pipe works are the companies referred to.

If the proposal is accepted each of these companies will advance a pro rata part of the money necessary and will be credited with the amount of their water rents each month until it is refunded.

It is learned that the Western Insurance association has been investigating the physical conditions of the East End for some time. A number of their inspectors have been here, and every one has made an adverse report as to the water supply. A recording gauge was placed in one of the East End potteries and the records show an extremely irregular pressure, dropping at times to below 20 pounds. Following this Albert Blauvelt, superintendent of surveys, and W. E. Higbee, manager of the association, visited here the latter part of December and tested the delivering power of the eight inch main. All computations by insurance companies take a standard hose stream as a unit and this in trun is based on the rating of the regulation fire pump, or 250 gallons per minute for each hose stream.

The smallest acceptable pump for a plant the size of the one tested is 1,000 gallons per minute, which is rated as four hose streams. When the flow from this main, adjusted to 500 gallons per minute, was tested and checked by three different gauges, it was found that pressure fell from 162 to 30 pounds. This small volume of water under such low pressure, is held by the companies to be unsuited to serve the needs of the fire department and cannot at the same time furnish water for the sprinkler systems within the buildings. The drop in the pressure could not be accounted for by these officials, even by the hydraulic tables published by leading authorities. Superintendent Morley was asked to locate the difficulty, and promised his best efforts.

The water mains in the city proper are estimated to have a delivering power equal to 20 to 25 hose streams, under full pressure. The East End is regarded as having less than 10 per cent. of this hydraulic pressure.

The result of these investigations was that the officials reported to the insurance companies comprising the association that insurance, particularly with regard to sprinkled risks, cannot be conducted on a conservative basis in the East End until such a time as it may have volume of water and pressure something like that of the city proper. The insurance companies carrying the risks have already notified all the larger plants that the risks will not be renewed. The policies would be canceled were it not for the fact that most of them expire in a short time. The risks will not be accepted again even at an advanced rate.

NATIONAL CONGRESS.

Senate Discussed Reorganization of the Militia and the Statehood Bills.

QUAY CRITICIZES RESOLUTIONS.

House Passes Senate Bill for the Redemption of Silver Coinage of the Hawaiian Islands and Its Recoinage Into United States Coin.

Washington, Jan. 8.—The senate yesterday discussed the bill for the reorganization of the militia and also the statehood bill. Mr. Mallory, of Florida, led the Democratic senators in opposition to the section of the militia bill providing for a reserve force of trained men, the contention being that it not only infringed the rights of several states, but also increased the standing army by a hundred thousand men.

When the statehood bill came up Mr. Beveridge had read a number of resolutions adopted at a recent convention in Oklahoma, favoring single statehood with Indian territory.

Mr. Quay, who is leading the fight for the admission of Oklahoma, Arizona and New Mexico, criticized the resolutions, saying the people who adopted them had not acted intelligently, because the single statehood bill had been withdrawn. He further charged that they did not represent the sentiment of a majority of the people of Oklahoma.

Mr. Nelson, of Minnesota, continued, but did not conclude his remarks in opposition to the omnibus statehood bill.

At 4:20 p. m. the senate went into executive session. It adjourned shortly thereafter.

In the House.

Washington, Jan. 8.—The session of the house yesterday lasted a little more than two hours. The senate bill for the redemption of the silver coinage of the Hawaiian islands and its recoinage into United States coin was passed after an hour's debate. It provides for the redemption of silver coins by being received either in Hawaii or the United States in the payment of dues. Standard silver coins of the United States may be exchanged for coin of Hawaii at their face value. Hawaiian silver coins will be legal tender until Jan. 1, 1904; Hawaiian silver certificates shall be redeemed before Jan. 1, 1905, and thereafter they cannot lawfully circulate as money. Several bills of minor importance also were passed. The Philippine constabulary bill was made a special order for today.

At 2:15 p. m. the house adjourned.

NATIONAL CAPITAL NOTES.

The indications are that the United States will satisfy itself by claiming only one coaling station in Cuba, namely, at Guantanamo.

Senator Quay yesterday introduced a bill prohibiting persons not members of societies composed of soldiers in the recent American wars to wear the insignia of members.

Senator Hoar yesterday introduced a second trust bill. It provides especially for the expediting of suits in equity brought under the provisions of the present anti-trust law.

The house committee on military affairs yesterday concluded the preparation of the army appropriation bill, which will carry an appropriation of $72,538,337, about $5,000,000 less than the estimate.

The Cuban reciprocity treaty was considered at some length yesterday by the senate committee on foreign relations, but action upon it was postponed in order to afford an opportunity for the presentation of the views of the beet sugar industry.

President Roosevelt had a conference yesterday with Speaker Henderson and Representative Grosvenor, of Ohio, with regard to proposed anti-trust legislation. It is understood the president impressed upon his callers his desire that some legislation dealing with the trust question should be enacted at the present session of congress.

The senate committee on foreign relations yesterday authorized Senator Lodge to report favorably the general international arbitration treaty recommended by the Pan-American conference held at the City of Mexico last winter. The treaty is on the lines of The Hague treaty, but applies only to the republics of the western hemisphere.

The sub-committee of the house judiciary committee resumed consideration yesterday of the anti-trust bills. Suggestions made by Attorney General Knox in his communication of Tuesday were discussed in connection with the various bills before the committee. The sub-committee expects to get a bill in shape to report to the full committee by Friday.

Representative Morrell, of Pennsylvania, offered a joint resolution yesterday authorizing the president to appoint a commission, to consist of the secretary of the treasury, the comptroller of the currency and such others, number not stated, as the president may deem necessary, to investigate existing financial laws and to devise a financial system which will remedy whatever faults they may find in the existing system. The resolution provides for a report to congress at the next session.

There's nothing so bad for a cough as coughing!
There's nothing so good for a cough as Ayer's Cherry Pectoral!

A cough means a great deal to a young person, when there is a family history of weak lungs, with perhaps a case of consumption itself. Coughs weaken the tissues, congest the membranes, and prevent healing. Ayer's Cherry Pectoral controls the congestion and inflammation, and the cough disappears. Your doctor will explain, for we give all doctors the formula.

J. C. Ayer Co., Lowell, Mass.

"We have used Ayer's Cherry Pectoral in our family for over 25 years. For all lung troubles I am sure there is no medicine its equal."—MRS. A. POMEROY, Appleton, Minn.

ALLIED PRINTING TRADES UNION LABEL COUNCIL E. LIVERPOOL, O.

THURSDAY, JANUARY 8, 1903.

Farmers opportunities for making their business profitable are constantly multiplying. The fruit growing industry especially has assumed important proportions and made rapid strides in recent years. As population increases the demand will continue to grow. Many are learning that a very poor quality of soil can be made to produce an excellent quality of fruit. Stony hillsides, that are now unprofitable, can be made to blossom with each returning spring. The grape will grow on soils that refuse nourishment to cereal crops, and the blackberry is successfully grown on the lightest sands. With all the boast of the west there is not a state in the union that averages the net net profit per acre that New Jersey does with her small fruits. Lands that will not grow a blade of grass pay the owner in pears, blackberries and raspberries, and the better qualities of soil produce the best of strawberries. If there is a failure in growing fruit it is due to carelessness of the grower. Trees and vines, like anything else, must receive the care and attention of the grower, must be properly cultivated, pruned and the fruit judiciously prepared for market. The curculio must be fought, the borer killed and the miller and caterpillar destroyed. If the work is well done and the grower patient his reward will surely come, for there can be no failure in fruit growing if he understands his calling.

Carnegie says he has built 730 libraries and expects to double the number. The wirld needs this form of philanthropy and few localities are likely to refuse his offers. Mr. Carnegie has this to say of his particular hobby: "The library is the palace of the republic of letters—a hierarchy in which the supreme masters, almost without exception, have come from the cottage of the poor, not from the palace of the rich. The free library, maintained by all the people, knows neither rank nor birth within its walls. Even the holder of the highest position on earth, the elected of the majority of the English-speaking race, has no privilege within those walls which is not the right of his poorest and humblest fellow citizen. Free libraries are cradles of democracy and their spread never fails to extend and strengthen the democratic idea, the equality of the citizen, the equality of man."

Columbus, after a gread deal of talk and apparently very little real effort, has raised $25,000, which, added to the $25,000 appropriated by the legislature, ensures the erection of a McKinley memorial on the state capitol grounds. It is most appropriate that the capital city of this great state should thus honor the memory of one of the greatest Ohioans as well as one of the greatest Americans.

The immigration laws need to be strengthened. There is no doubt whatever that the contract labor law is constantly being violated. Neither is there any doubt that persons are constantly allowed to land who should not have that privilege under the law. Commissioner Williams, of New York, says that an organized effort is being made in Europe to rush emigrants here before a new law can take effect. Several hundred immigrants arrived the other day on a German ship and gave addresses in New York city. An investigation has developed the fact that 52 per cent of those addresses were fictitious.

The department of agriculture announces that it has discovered a method of killing off grasshoppers and locusts. A fungus or bacterial disease will be circulated among the pests by means of culture germs and that will be the end of them. If the experiment proves a success it will mean the saving of millions to the farmers.

The president is right when he says an appropriation of $3,000,000 for the relief of distress in the Philippines would be practical evidence of the interest this government takes in the welfare of the islanders. Money talks in a way that even the childlike brown people can understand.

The western railroads propose an increase in freight rates that will increase their earnings $100,000,000 during the year. There are some things that the railroads can get through with a rush, even if they are unable to handle their freight in that way.

Governor Taft, of the Philippines, is scheduled to succeed Associate Justice Shiras, of the supreme court, when he retires next month. The appointment could fall to no man more capable or patriotic.

It has been judicially decided in Missouri that the mule is "a treacherous and vicious animal." Constantly we see the time of courts taken up with questions any fool could answer.

If, as Democrats assert, the anti-trust bill will be made up of "glittering generalities" and totally useless why are the trusts so much afraid of it?

The reason old Winter relaxed his grip for a few days was evidently to obtain a firmer hold.

Congress cannot eradicate trust evils by talking about them. It must get down to work.

WOODMEN'S ELECTION

Head Physician Smith Coming Here Soon to Talk on Woodcraft.

At the meeting of the Modern Woodmen of America, held last night, a communication was received from Dr. F. A. Smith, of Zanesville, who is the head physician of the lodge of this district, announcing that he will be in the city January 21, when he will give a talk on woodcraft in the Jr. O. U. A. M. hall.

Three applications for membership were acted upon and the following officers were elected:

Venerable counsel, W. S. Culp; worthy advisor, William Hassel; banker, John Mitchell; clerk, Thomas Simpson; escort, Josiah Ford; watchman, Frank Cavitt; sentry John Stoffel; manager, Joseph Smith; camp physician, W. A. Hobbs.

AT THE THEATER

"In Convict Stripes" which will be produced at the Grand Saturday night, it is considered one of the best plays ever presented at popular prices. The scenery and effects are all new and taken from photographs from the exact location in South Carolina. Act I shows "A Country School House," Act II "The Exterior of a Southern Home." Act III "The Convict Stone Quarry" and Act IV, "The Interior of the Quarry Guard House."

We have taken inventory this week. Watch and wait for bargains.

RAILWAY TO SALEM BY 4TH OF JULY

WHAT THE GOODMAN ROAD PROMOTERS ARE PROMISING.

Street Railway Men Talk Flatteringly of Prospects of the New Line.

Salem, January 8.—Max G Goodman, of Cleveland, and W. H. Spence, of Lisbon, who are interested in the project for the construction of a suburban electric railway through this section, were both in town yesterday. They drove to the country southeast of the city, near the Lisbon road, where they are closing up certain rights of way for the line. Mr. Goodman left for Cleveland last evening. He talked of some length of his plans, the chief topic concerning the route between Canfield and Salem.

Mr. Goodman has given the Leetonia village council assurance that his company will build the main line of the road through that village, coming down by way of Calla, Greenford and Washingtonville. This would leave Salem out, or put it on a spur of the road.

Mr. Goodman, according to his statement yesterday, has an ingenious plan to put both Salem and Leetonia on the main line, by simply making Salem the headquarters of the traffic department of the company. The spur which will be built to Salem from Franklin Square would be used by all cars on the system, every car having to run up through Salem whether the passenger was bound for Salem or not. The general offices and waiting rooms of the company will be established here, and the complete road divided into two divisions, the northern, including the system from Salem to Franklin Square, Leetonia, Washingtonville, Calla and Youngstown; and the southern, to include the portion of the road from Salem to Lisbon, and thence south to the river at East Liverpool. All cars pass through Salem, and the business of the company would be brought here, placing Salem in the position of the center of the system.

Mr. Goodman intimated that in time the road would be extended north, but said that plans regarding this were too indefinite at present to announce. He even thought that eventually the other line, running direct from Salem to Canfield, would be built and operated, but at present he practically conceded that the Leetonia route would be chosen.

Mr. Spence, on his arrival here, said that by July 4 the Salem people could hold a celebration and invite Lisbon people to come up here on Goodman street cars.

E. R. Merrill, right of way man of the Stark electric railway, was in this city last evening. He states it is the intention of this company to run cars to Salem by November 1, 1903.

RETURNING BY TRAIN INSTEAD OF HORSEBACK

The Laugh Is on Director Stephens Who Proposed Riding Here from Akron.

The favorite exercise of Rev. Dr. Pratt is horseback riding. In fact it is the only form of exercise he indulges in, and while at Akron he purchased a Kentucky thoroughbred saddle horse and took daily rides until he came to this city. Lately he has been longing for a renewal of this invigorating exercise and set about to have the animal brought to this city.

Physical Director Stephens, of the Y. M. C. A., agreed to undertake the task and left the city several days ago for Akron, intending to ride across the country. Before leaving he made the assertion that he could make the return trip in a day, and led his friends to believe that he is an expert horseman. Last evening Dr. Pratt was surprised to receive a telephone message from him at Alliance, stating that he would reach here on a train, probably this evening. Instead of doing the entire distance in a day he had traveled only about 20 miles. It is not known at this time whether the spirited animal proved too much for the rider or the severe cold weather caused him to resort to the railroad. At any rate those who heard his assertions are "laying" for him.

Dr. Pratt feels in such great need of this exercise that he will begin it at once and will ride during the early morning hours, in spite of the biting weather.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croup cough appears, will prevent the attack. It never fails, and is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

FRIENDS AND VISITORS

Mrs. Thomas Bailey, of Fourth street, is ill.

C. C. McCoy, the oil man, is a business visitor in this city.

Mrs. M. O'Brien, of Walnut street, is threatened with fever.

James Rayl, Jr., is laid up with an attack of catarrhal fever.

Rollin B. Heaton, of Salem, was a business visitor here yesterday.

Esther Pennybaker, of Church alley, is suffering with catarrhal fever.

Justice H. P. McCarron was a business visitor in Pittsburg last night.

George Perrine, of lower Jackson street, is ill with typhoid pneumonia.

Mrs. Martha Jolly, of Denver street is very ill, suffering from pneumonia.

Miss Georgia Harker and Rachel Newell were Pittsburg visitors yesterday.

City Clerk Willis Davidson was a visitor in Pittsburg yesterday evening.

Lyman Earl has moved from Seventh street to his new home in the East End.

Gilbert Everson has gone to Calhoun county, W. Va., where he will spend the winter.

Miss Margaret Hamil left yesterday morning for Villa Angela, Nottingham, O., to resume studies.

J. A. Knorr, salesman for the East Liverpool Potteries company, is back from a visit to Rochester.

Miss Maude Steele returned yesterday evening from a visit with her brother at Waynesburg Pa.

Mr. and Mrs. John Short are visiting the latter's parents, Mr. and Mrs. Harry Mountford, of Derry, Pa.

The condition of Mrs. William H. Thompson, of Fourth street, who is ill of pneumonia, is not improved.

Miss Pauline Baxter, little daughter of Mr. and Mrs. Harry Baxter, of Elm street, is ill with gastro enteritis.

Mrs. H. H. Blythe and daughter Margaret spent yesterday in Pittsburg and in the evening attended the theater.

Joseph Watson, a former resident of this city, has returned to his home at Baltimore after a visit of a week here.

Miss Hilda Sarvoy, of McKeesport, Pa., is the guest of her sister, Mrs. Fred Smedberg, of Indiana avenue, Chester.

Olga, the seven-year-old daughter of Mr. and Mrs. Clarence Allison, of Fourth street, is confined to her home with catarrhal fever.

William Banfield, formerly district manager of the Chester tin mill, was a visitor here yesterday. He returned to his home in Beaver last evening.

Mrs. Alice Work, called here from Joplin, Mo., by the death of her mother, Mrs. Alice Booth, is visiting relatives at Mineral Point, O., before returning to her home.

Alfred Harries will leave this week to be in attendance at the annual convention of the Bricklayers' and Masons' International union. The convention will be held at Memphis, Tenn.

James Tuten, of Chester, left today for Carnegie, Pa., where he will spend a few days with his sister. He will return home tomorrow and on Saturday expects to leave for Pine Grove, W. Va., where he is employed in the oil fields.

CLEARS MRS. D. O. HAZELRIGG.

Mrs. Laura Stackhouse Arrested for Using the Mails for Fraudulent Purposes.

Marietta, O., Jan. 8.—Mrs. Laura Stackhouse, alias Laura Miller, alias Irene Mouselle, of this city, was arrested yesterday for using the mails for fraudulent purposes in advertising that she was seeking a husband and extorting money from applicants. Her business has been extensive throughout the United States, and government officials say that it has netted her thousands of dollars.

The arrest of Mrs. Stackhouse clears Mrs. D. O. Hazelrigg, wife of a prominent oil operator of Williamstown, W. Va., who had been held under surveillance since Monday by mistake. The women are said to be "doubles," having been mistaken for each other on trains and at meetings, as well as at the postoffice. Mrs. Hazelrigg was never arrested, but both women were under surveillance until the one was caught yesterday by the postoffice.

Killed Three and Wounded Three.

Salt Lake, Utah, Jan. 8.—A special from Eureka, Nev., says: J. A. Traylor, manager of the York and Nevada Copper company's mine near Ely, White Pine county, was attacked yesterday in the company's office, at Keystone, by 12 men, said to be members of the miners' union, who intended running him out of town. They caught Traylor and threw him down, but he managed to break away and commenced shooting, killing James Staggs, Sam Johnson and J. S. Smith and wounding three other members of the party. A strike has been on against the company for several weeks on account of a reduction in wages ordered by Manager Traylor.

TROUBLESOME TIME FOR THE CARE LINES

SNOW OF LAST NIGHT CAUSED GREAT INCONVENIENCE.

Though the Snow Plows Were Out It Was Impossible to Run on Anything Like a Schedule.

The snow, which fell at intervals all of yesterday and last night caused endless trouble to the street car lines. The high wind which raged, especially after nightfall, caused the snow to drift upon the tracks, making it exceedingly difficult for the cars to run.

It was no uncommon occurrence for a car to jump the track as the snow was damp and seemed to stick to the rails as it fell, causing more trouble than it has this year.

On the Washington and Franklin street hills, of the East Liverpool & Wellsville line, the snow drifted so badly that it was necessary to put sweepers on the track so that the cars could get through. It was a common sight to see two and three cars traveling together as it was impossible for them to run on anything like schedule time. The public suffered but little inconvenience last night by the snow blockade as the travel was exceedingly light.

This morning, however, it was almost impossible for the workmen employed in the river and East End potteries to reach their work on time.

The first cars between this city and Wellsville were almost an hour late getting through and the schedule between Jethro and the East End was badly mixed up during the early hours of the morning. By 9 o'clock, however, the snow was broken pretty well and nearly all of the cars on this line were on schedule time.

On the East Liverpool and Rock Springs line but very little trouble was experienced. Several of its cars are equipped with the new patent snow plows which were fastened to the car directly over the rail and the drifting snow did not bother them much.

There has been snow falling during the day, but the service during the afternoon on all of its lines was as good as could be expected.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

WELLSVILLE

THE POSTMASTERSHIP

Several Candidates to Succeed Mr. Snowden, Whose Term Expires February 3.

On February 3 Postmaster T. R. Snowden's time as postmaster of the city will be up, and it is said that he is not to be reappointed. Several candidates for the office are in the field, and it would be a hard matter to state which of the candidates have the best chance of being appointed.

Squire A. G. MacKenzie, John F. McQueen, Charles R. MacGregor, Jr., and James Nolan are mentioned as candidates for the office. It has also been rumored that Mayor Fogo is after the appointment. James Nolan, editor of the Wellsville Record, will no doubt be a strong factor in the race.

Unclaimed Letters.

Postmaster T. F. Snowden has given out the following list of unclaimed letters for the week ending January 3 which if not called for will be returned to the sender or sent to the dead letter office: C. L. Bixler, J. T. Byers, I. R. Bennett, R. I. Andrews, E. T. Lange, John Burchard, Jas. Barry, Mrs. Sara Bechler (2), Wm. Combes, Miss Mabel Darrah, Mrs. Mary C. Howk Miss Lina Herter, Miss Mattie Johnson, Commander K. O. T. M., Grigg Mary, Miss Myrtle McLain, Mrs. G. Washer, Lynn White, John A. Wagner, T. R. Wilkinson, Mrs. Marion Williams, Jack Elwyn (2), G. A. Grimm, J. W. Gealey, Judson N. Keck, H. Keck Co., William S. Koontz, Samuel Polem, James E. Ryan W. Ridgely (2), L. F. Tumbler, L. Smith, L. E. Tucker.

Big Coal Deal Completed.

A big coal deal has recently been consummated in which 17,000 acres of land in Jefferson and adjoining counties have been either leased or purchased outright for the purpose of mining coal. All of the particulars of the deal have not as yet been learned. It is understood that Thomas Bracken a prominent New York attorney, representing a big New York coal company is responsible for the deal. It is known that the plant of the Smith Coal company, at Irondale, has been leased and will be taken possession of about the first of next April. New mines will be opened up soon.

WELLSVILLE SHORT STORIES.

H. Crago, of Cleveland, was in the city on business.

Councilman C. V. Shoub went to Columbus on business.

Frank Rice, of Millport, O., is visiting friends in the city.

Mrs. Charles Campbell, of Irondale has returned to her home after visiting her mother, Mrs. Frank Menough of Broadway, for a few days.

Mr. and Mrs. Ralph Owens, of Cleveland, who have been visiting relatives in the city for the past week have returned to their home.

The regular meeting of local union No. 384, Brotherhood of Painters, Decorators and Paperhangers of America was held last evening in Potters' hall. Routine work occupied the evening.

STATION AGENT QUITS WITHOUT NOTICE

Sudden Strange Disappearance of J. P. Huffman Is Town Talk at Brilliant.

Brilliant, January 8.—The talk of the town is the strange disappearance of W. & L. E. R. R. Agent J. P. Huffman, Tuesday the auditor of the railroad arrived and commenced an investigation. The agent went out to collect accounts and later was seen going away on the street cars. He has not returned and a man from the Steubenville office is in charge of the office. The auditor went around among the merchants and it is said he told one merchant there was a shortage of about $200. The friends of Huffman hope he will appear and explain everything satisfactory. His family is still here. Huffman was quite popular as an agent and regarded as honest and what has come over him is not known.

The W. & L. E. agency here is regarded as a hodoo. It has been bad luck for every man who ever took the job, as misfortune of one kind or the other has overtaken every mother's son of them, as far as known. The railroad officials expect a man for a small pay to be on deck from 5 a. m. until 11 p. m. The office is badly out of repair and the front door is nailed shut because the company will not put on a new latch.

ONE CANDIDATE HAS BEEN FOUND

An East End Citizen Willing to Run For Mayor On the Democratic Ticket.

While there is considerable scramble among the aspirants for the Republican nomination for mayor in this city, there has been heard but little in regard to the Democratic nomination. The formality of even putting up a candidate has often been neglected by that party. However, this year, it is likely that they will have a candidate.

At least one man has said that he is a candidate for the nomination and as he has been a lifelong Democrat, it is presumed that he seeks the nomination from that source. The political Moses who seeks to lead the shattered hosts of Democracy of this city is Joseph B. McKinnon, the East End baker. He has formally announced his candidacy and says he is in the race to win.

PROBATE MATTERS

Order For Another Committment to the Massillon Asylum—Executors Named.

Lisbon, January 8.—(Special)—John C. Henry has been apponited executor of the estate of the late Nancy Henry, of Elkrun township. Bond $800. No appraisement.

Remember we are still selling the

UWILLSEE SHADE ADJUSTER.

SOUTH SIDE

A MAN FROM WHEELING

Whom the Chester Police Are Asked to Arrest for Theft of Valuable Jewelry.

The local police force is looking for a man from Wheeling who is supposed to have stolen a considerable amount of jewelry. Chief Allison yesterday afternoon received a letter from Chief Ritz, of Wheeling, asking him to be on the lookout for a suspicious character, who had robbed T. M. Darrah of considerable valuable jewelry.

The articles secured by the thief were a three-karat diamond ring, another half-karat diamond, an amethyst ring with initials engraved inside, a Scottish Rite emblem, a gold band ring and a large Shriners emblem with one star missing. The theft was committed a couple of days ago and the miscreant made his escape before the jewelry was missed.

Logan-Roxwell.

Rev. C. E. Lindsey, of the M. E church of Chester, officiated last night at the wedding of two well known young people of Chester. The parties were Miss Lucy A. Logan, of Carolina avenue, and William R. Roxwell. The wedding occurred about 8 o'clock at the home of the bride's parents. The young couple will live for a time with the groom's parents, but expect to commence housekeeping in the spring.

Interesting Revival Services.

The revival meetings which are being conducted at the Asbury M. E. church by Rev. E. C. Lindsey are growing in interest every night. Several persons have joined the church and a number of conversions have been reported. Last night Prof. George Allison, of the Chester schools, occupied the pulpit for Rev. Mr. Lindsey and preached a very interesting sermon. These meetings will continue all next week and probably longer.

Presiding Elder Coming.

Next Saturday and Sunday the quarterly meeting services will be held at the Chester M. E. church. Presiding Elder James Mechen will preach Saturday afternoon at 1:30, which will be followed by the quarterly conference. Sunday morning the pastor, Rev. E. C. Lindsey, will preach and in the evening the presiding elder will again preach and afterwards communion services will be held.

Upset in the Snow.

Oscar Evans and Logan Wells, of Chester, had an unpleasant experience in the snow last night. While returning home from Asbury church they attempted to pass another sleigh, but got too near the edge of the road, with the result that the sleigh upset, throwing both young men out in the snow. Fortunately no one was hurt and no damage was done to the sleigh.

Council Meeting Tonight.

Tonight the first meeting of the Chester council for this year will be held. It is not expected that any amount of important business will be transacted. A number of questions will be brought up for a speedy settlement however, after the new council takes charge of affairs. The new members will not receive their oath of office until the next meeting and will not take their seats till the first of February. This year promises many important developments in local affairs and the council will have its hands full looking after the town's interest.

Valuable Dog Killed.

A fifty dollar dog was killed this morning by car No. 15 in charge of Motorman Joe Davis, of the Rock Springs street car line near Sixth street. The dog belonged to Charles Cochran and was considered very valuable by the owner.

A Sledload of Fifteen.

A sledload of 15 young ladies of Chester expect to attend the services at the M. E. church at Asbury tonight. Large crowds are attending these services and many from Chester are also in attendance.

CHESTER NOTES.

Mrs. J. A. McDonald is recovering from a severe attack of neuralgia.

John Tinson's two children are confined to the house with an attack of mumps.

The little son of Robert Allison, near Chester, has been seriousiy ill since the holidays.

Ralph, the little son of Dall Allison near Asbury, is confined to the house with sickness.

Lloyd Priest, of Middle Run, who has been ill for several weeks, is reported to be considerably worse.

Mrs. J. W. Moore, of Carolina avenue, is confined to her residence on account of a serious illness with tonsilitis.

Samuel Ferguson, formerly of Chester, but now of Pittsburg, is the guest of J. S. Skinner, of the Panhandle railroad.

Hugh Newell will leave in a few days for Los Angeles, Cal., and New Mexico, where he will spend the balance of the winter.

Horse Stunned by a Fall.

Jim Corbett, Pete Milliron's speedy pacer, fell on Fifth street last night, and was badly stunned. Mr. Milliron was driving the horse along the street at a lively gait when his feet suddenly flew out from under and it fell heavily to the pavement. The horse was badly stunned by the fall and it was several minutes before it was able to get up. The horse is all right today with the exception of being a little stiff and sore.

UNIONS TO FIGHT DESERT LAND LAW

Continued from First Page.

old Desert Land act and Commutation clause of the Homestead act that at the rate they are going the government will soon have no land left to reclaim.

"The land grabbers and speculators are robbing the people of the public lands at the rate of over 2,000,000 acres a month. Just think of that!

"Will you not get in and help us to to repeal the Desert Land law and the Commutation clause of the Homestead act in this session of congress. Unless this is done the very choicest tracts of public land will be stolen before congress meets again.

"Will you not have your organization pass strong resolutions demanding the repeal in this session of congress of the Desert Land act and the Commutation clause of the Homestead act, as the president recommended in his message to congress and send copies of your resolution as quickly as you can to your senators and representatives in congress.

"Please let me know when you write them and send me a copy of your resolution.

"Fraternally yours,
"WALTER CORMODY,
"Secretary."

The letter asked that the matter be placed in the hands of a committee whose duty it should be to draw up a set of strong resolutions to be forwarded to our representatives in both branches of the national house. The committee is composed of Messrs. F. B. Martindale, of the Typographical union; John Gilson, No. 17, and Wash Williams, of No. 25, and they will act at once.

The organization committee reported on a matter which had been placed in its hands some time ago and which they had attended to satisfactorily.

Chairman Veith, of the grievance committee, reported that an important matter, recently referred to it, had not yet been disposed of. He stated that a meeting of the committee would be held immediately after the adjournment of the regular council meeting.

The solicitors who had been active in the securing of stock for the co-operative store made a report, most satisfactory to the council, and as their work had been completed a request was made that they be discharged This was done with the thanks of the council.

Mr. King, who was elected temporary chairman of the co-operative store company at a recent meeting, stated that the affairs of the company were at present in excellent condition, and though the concern was yet new the prospects for making a success of the enterprise were good. He said an impression had got out that it was the intention of the officers to collect the full amount of each subscription at the meeting to be held next Monday He desired to correct this, and in order that all might understand just what was to be done said all the legal preliminary steps had been taken toward the securing of a charter. The stockholders would be asked to pay but 2 per cent of the amount of stock subscribed; they would be asked to sign up the stock books, and in connection with these matters the election of stockholders would be held After this latter formality had been gone through permanent officers would be chosen. Mr. King's report was well received, and when it was accepted he asked that the committee be discharged. The request was complied with.

Organizer Charles Kontnier, of the American Federation of Labor, reported that through his efforts and those of the organization committee two new unions had recently been organized—the teamsters and engineers. While these organizations were both in a flourishing condition considering their age, he would request the members of Trades Council interest themselves to the extent of giving encouragement to the youngsters and see that all men who were eligible to either found a place in their ranks.

Organizer Kontnier read a letter from headquarters which contained the information that the organization of a building trades council in East Liverpool would not interfere in any way with the workings of the central body. The American Federation of Labor does not charter building trades councils, and they were subordinate at all times to the central body. The question once raised a long discussion was indulged in upon the subject. It was the universal belief that an organization of this character would be of incalculable benefit to the building trades and all other unionists in this locality. By the employment of a business agent innumerable small matters could be attended to which now demand the attention of committees, thus saving time to the employer and avoiding annoyance for the men. Those having building done would also be protected, since it was one of the main objects of the council to see to it that all work was performed by competent union men, and also to demand that it be done right.

After a statement from the hod carriers' union with reference to a certain question involving their trade and which was left in the hands of the proper parties for settlement, the meeting adjourned.

We have taken inventory this week. Watch and wait for bargains.

Fortune Telling

does not take into consideration the one essential to woman's happiness — womanly health. There is many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce by letter *free*. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. Fyfe, of Orilla, Simcoe Co., Ontario, "and two bottles of the 'Pleasant Pellets' as you advised for congestion of uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

PATENTS Protect your ideas. Consultation free. Fee dependent on success. Est. 1864. MILO B. STEVENS & Co., 884 14th St. Washington

Curing rheumatism is not so difficult as many imagine if the cure is directed at the cause.

That's the reason Hagee's Cordial of Cod Liver Oil with Hypophosphites of Lime and Soda is so successful in curing rheumatism, neuralgia, etc.—it goes direct to the cause—corrects the evil where evil exists, re-establishes natural functional conditions, and eliminates the disease.

There is no grease; no fishy taste; no odor; no nausea in Hagee's Cordial. It contains all the active principles of cod liver oil in a pleasing, palatable form without the grease. It cures by nourishing the blood and nerves in a natural way.

Sold by all druggists. Prepared by Kathermon Chemical Co., St. Louis, Mo.

Madison Square, Phila., Pa.

ACTS OF VIOLENCE.

Non-Union Men Continue to Testify to Lawlessness During Coal Strike.

DYNAMITE PLAYS LEADING PART

A Witness Said He Was Afraid to Attend Funeral of His Mother, Who Had Died While He Was Working Behind a Colliery Stockade.

Philadelphia, Jan. 8.—The non-union men continue to occupy the attention of the coal strike commission in presenting evidence of lawlessness in the anthracite coal region during the strike. The testimony included many acts of violence, from murder down to plain assault and petty larceny. Dynamite played a leading part in the alleged persecution of non-union men and their relatives. Five witnesses testified to their houses being more or less seriously damaged by persons, some of whom known to be union men, placing the high explosives on the property. Other witnesses told of a dam being blown up, locomotives damaged, steam pipes in two different collieries either broken or damaged by dynamite, bridges and fences damaged by incendiary fires and attempted wrecking of the trains.

Dismissed Because Brother Worked.

One youth said he was stabbed, several of the witnesses were boycotted and several others told of being beaten by crowds and of their houses being stoned. Besides this a young woman told the commission she was dismissed as a school teacher because her brother chose to work during the strike; a young man testified that he was attacked as he was coming out of church, after being married, forcing him to seek refuge in a colliery, while his bride got home as best she could, and another witness said he was afraid to attend the funeral of his mother, who had died while he was working behind a colliery stockade. One witness told of having been punished by a mob forcing him to walk 15 miles at the head of a cheering crowd of strikers. Other testimony was also presented in the endeavor to show that a reign of terror existed in the strike-affected territory of the state, and that members of the union were largely responsible for it.

Arbitrators Interested.

While most of the testimany given by the witnesses was of the same character as that heretofore heard by the commission the arbitrators were greatly interested in each of the 27 stories told on the stand. Many questions were asked the witnesses by the commissioners. Counsel for the miners attempted to break down some of the stories, but they did not succeed in shaking their testimony. It is the intention of the attorneys for the non-union men to occupy about two days more in presenting this sort of evidence.

During the proceedings James H. Torrey, of Scranton, counsel for the Delaware and Hudson company, interrupted long enough to explain to the commission the law in Pennsylvania regarding the payment of deputy sheriffs for special duty, which caused some discussion Tuesday. It was to the effect that the laws were not adequate enough to permit the county to pay the deputies for this special service and that in consequence corporations foot the bills. Mr. Torrey said that the operators will gladly join the miners in having the laws amended so that the companies asking for protection shall not have to pay for it, and that the burden be placed upon the people, where it belongs.

Poor Are Helpless.

Chairman Gray said that he was glad to hear that an attempt would be made to amend the laws to that effect, and added that with all due respect to the great commonwealth of Pennsylvania he thought it was a "most deplorable state of the law" when a sheriff cannot hire help and must depend upon the rich to assist him. If that be the case, he said, then the poor are helpless.

Driven to Suicide.

Bowling Green, O., Jan. 8.—Charles Young, a prominent young farmer, suicided near here yesterday by firing a bullet into his head. He was employed by the Zeltner brothers at the time they murdered Attorney Westenhaven, and had since remained in the employe of Mrs. Zeltner. He brooded over the Westenhaven tragedy until he became mentally unbalanced and in his fits of morbid insanity he saw the shooting of Westenhaven re-enacted. Yesterday he returned home from Deshler, declaring that ghosts pursued him. Leaving his foam-covered team in the barnyard he leaped from the wagon and blew his brains out with a pistol.

Big Coal Tract Sold.

Morgantown, W. Va., Jan. 8.—W. P. Murray, of Cleveland, acting for several iron and steel manufacturers of Cleveland and Chicago, yesterday completed the purchase of 6,000 acres of coal along the Morgantown and Kingwood railroad. The price paid was about $2,000,000, and this was distributed among 60 farmers. The Cleveland and Chicago firms will at once install a large coking plant on the tract.

Charter Issued.

Harrisburg, Jan. 8.—A charter was issued by the state department yesterday to the Trafford Improvement company, Pittsburg, capital $50,000.

ANSWERS DELIVERED TO CASTRO

They Have Created a Feeling of Depression in Venezuelan Government Circles.

Caracas, Jan. 8.—The answers of the powers to President Castro's last proposal relative to arbitration were delivered to President Castro yesterday afternoon by United States Minister Bowen. A meeting of the cabinet was at once called to consider these communications.

It has been learned from an authoritative source that the answers of the powers delivered by Mr. Bowen yesterday afternoon have created a feeling of depression in Venezuelan government circles.

The Bank of Venezuela and the Bank of Caracas have agreed to advance to President Castro money wherewith to pay the Venezuelan troops during the blockade period.

Berlin, Jan. 8.—That portion of the joint reply of the powers to Venezuela suggesting a settlement without arbitration only goes so far as to offer to treat for a settlement out of court after the payment of cash or the giving of a sufficient guarantee for the payment of $335,000 to each power. This reservation remains as the fixed and only condition precedent to arbitration or negotiations direct for a supplementary agreement. The German government would much prefer to close up the matter by negotiations through Minister Bowen while the blockade continues than withdraw the blockade and adjust the claims through The Hague arbitration court.

Washington, Jan. 8.—Through the United States embassy at Rome the state department yesterday received the answer of the Italian government to President Castro's proposition, and, as was the case in the British and German answers, Secretary Hay has forwarded it to Minister Bowen, at Caracas, for submission to President Castro. It is stated that the Italian note is on lines similar to the British and German notes.

GENERAL FOREIGN NEWS.

Barcelona, Jan. 8.—Senor Quirno-Costa, vice president of Argentina, has cancelled all his engagements here and has left Barcelona hurriedly for Nice. His departure is attributed to fear of an anarchist plot against himself.

Berlin, Jan. 8.—Prof. Schiemann, of Berlin university, in his annual survey of foreign relations, says: "The United States, in the course of the year, have grown mightily in power and influence, chiefly through the brilliant personality at the head of the great republic."

Ottawa, Ont., Jan. 8.—A report received from Canada's commercial agent at Jamaica says that the governor general of Jamaica had an order passed prohibiting the importation of cattle from Canada and the United States on account of the foot and mouth disease in the New England states.

Pekin, Jan. 8.—At a meeting yesterday all the foreign ministers, except United States Minister Conger, signed the joint note informing the Chinese government that a failure to fulfill its obligations in refusing to pay the war indemnity on a gold basis as provided for by the peace protocol would entail grave consequences.

Rome, Jan. 8.—The papal nuncio at Munich, Bavaria, has notified the vatican authorities that after the crown prince of Saxony has obtained a verdict in the civil court he will ask the pope to annul his marriage. The negotiations will be conducted through the nunciature at Munich, as there is no papal representative in Saxony.

Vienna, Jan. 8.—At Szolnok floating ice capsized a boat and eight persons were drowned. A washout wrecked a train at Passau, with the result that two persons were killed and seven injured. Nine boys, while skating at Carkasi, were drowned through the breaking of ice. The rivers in South Bohemia have overflowed and threaten to flood Budweis and other towns.

Constantinople, Jan. 8.—Great Britain's protest against the permission granted in September last to four unarmed Russian torpedo boat destroyers to pass through the Dardanelles into the Black sea, under the commercial flag of Russia, will, it is believed, be followed by similar action on the part of Austria-Hungary and Italy, while Germany and France will remain aloof.

Manila, Jan. 8.—The American garrison at Ormok, island of Leyte, has been attacked by cholera. Nine men of Company B Eleventh infantry, were seized by the disease and five of them died. The post at Ormok has been quarantined. The cholera has disappeared from many parts of the island, but it continues in Mindanao and Leyte and in certain parts of other of the southern islands.

Panama, Colombia, Jan. 8.—News has reached here that the threatened revolutionary movement in Honduras is becoming more serious. Manuel Bonila was elected president of Honduras by a big majority last October. President Sierra, however, refused to turn over the presidential power to Senor Bonila and is continuing his efforts to persuade the Honduranian congress to declare the election of Senor Bonila null and illegal.

Vice Deputy Consul McLean Dead.

Paris, Jan. 8.—Vice Deputy Consul General Edward P. McLean died last night, of pneumonia. Mr. McLean's illness began a week ago with a light attack of the grip. Acute pneumonia developed Tuesday evening. Deputy Consul General J. Allison Bowen is absent in the United States on sick leave, leaving Consul General Gowdy without any important officials to assist him at the most trying period of the year.

Many women and doctors do not recognize the real symptoms of derangement of the female organs until too late.

"I had terrible pains along my spinal cord for two years and suffered dreadfully. I was given different medicines, wore plasters; none of these things helped me. Reading of the cures that **Lydia E. Pinkham's Vegetable Compound** has brought about, I somehow felt that it was what I needed and bought a bottle to take. How glad I am that I did so; two bottles brought me immense relief, and after using three bottles more I felt new life and blood surging through my veins. It seemed as though there had been a regular house cleaning through my system, that all the sickness and poison had been taken out and new life given me instead. I have advised dozens of my friends to use **Lydia E. Pinkham's Vegetable Compound.** Good health is indispensable to complete happiness, and **Lydia E. Pinkham's Vegetable Compound** has secured this to me." —MRS. LAURA L. BREMER, Crown Point, Indiana, Secretary Ladies Relief Corps. — *$5000 forfeit if original of above letter proving genuineness cannot be produced.*

Every sick woman who does not understand her ailment should write Mrs. Pinkham, Lynn, Mass. Her advice is free and always helpful.

Will Give $350,000 More.

Washington, Jan. 8.—Mr. Andrew Carnegie, after the dedication of the Washington public library yesterday, said that he was so well pleased with the new library and the use made of his gift of $350,000 and the provision for the support of the library, that he would donate another $350,000 for the erection of branch libraries on the same condition as the original gift, namely, that the city provide the sites and arrange for the support of the libraries.

Governor Approves Resolutions.

Harrisburg, Jan. 8.—Governor Stone yesterday approved the joint resolution providing for the creation of a joint legislative committee to have charge of the inauguration of Governor-elect Pennypacker, on Jan. 20. He also approved the resolution providing for the printing in the legislative record of all public reports and other documents submitted to the legislature.

Mrs. C. M. Hoyt Dead.

Tiffin, O., Jan. 8.—Mrs. Charlotte M. Hoyt, wife of Reuben M. Hoyt, a New York multi-millionaire, died here yesterday, of pneumonia. She was a grandniece of John W. Bookwalter, of Springfield, O.

DR. FENNER'S KIDNEY and Backache CURE

All diseases of Kidneys, Bladder, Urinary Organs. Also Rheumatism, Backache, Heart Disease, Gravel, Dropsy, Female Troubles.

LEGAL.

ORDINANCE 739.

Granting to the Youngstown & Southern Railroad Company the right to construct, maintain and operate lines of railway upon the following streets, to wit: Trentvale street from corporate limits to south side of Sheridan avenue.

Whereas, the Council of said City of East Liverpool, Ohio, has, upon careful examination, found that said railroad company has complied with all the conditions and pre-requisites by law or ordinance necessary for the granting of the rights hereinafter contained, therefore, be it ordained by the Council of the City of East Liverpool, Columbiana County, Ohio,

Section 1. That the right is hereby granted for the period of twenty-five years from and after the date of this ordinance, to the Youngstown & Southern Railroad Company, to construct, maintain and operate a line of railway over and upon the following streets and public highways in said City of East Liverpool, Ohio, commencing as follows: Beginning at the north city line on Trentvale street, running thence South to Sheridan avenue and West Market Street.

The number of tracks on each of said streets shall be one, with all necessary turn tables, turn-outs, sidings and switches, with the right hereafter when the operations of said company shall require it, to construct a double track along said streets, and said company shall have the right to construct and maintain poles, wires, fixtures and conduits, with all the appliances necessary for the operation of said lines by electricity or other motive power, other than animal.

Section 2. The gauge of said track shall be four feet, eight and one-half inches (4ft. 8½ in.), with rails weighing eighty pounds per yard. The cars upon said railway shall be propelled by electricity or such other motive power other than animal as the company may desire. If said company shall lay a single track, the same shall be laid under the direction of the city engineer and board of public service. The turn-tables, turn-outs, sidings and switches shall be so located as to incommode public travel as little as is reasonably proper. Iron or wooden poles may be used, which shall be kept well painted. The poles and wires shall be so constructed and maintained as to prevent any interference with, or damage to, existing telephone and telegraph wires, or to any fire alarm or police patrol wires of the city, and shall not be less than twenty-one feet in height above the track. But, said company shall have the right to use in place of said wires, and poles and overhead construction, the "third rail" construction, provided the same can be secured so as to prevent danger and damage to the public use of said streets.

Section 3. The tracks and space between the rails, and for two feet on the outside of each rail, shall be kept in thorough repair and free from obstruction, to the satisfaction of the board of public service, and where the streets are now paved or may hereafter be paved the said Youngstown & Southern Railroad Company, its successors and assigns, shall at its own cost and expense construct and maintain and keep in good repair the entire space between the outer rails of said tracks and for two feet on either side thereof, a good, smooth, firm and durable pavement of hard burned brick or vitrified block or other substance suitable and acceptable to the board of public service, and whenever said City of East Liverpool shall hereafter pave or macadamize any part of any street named herein, the said company, or its successors and assigns, shall at the same time, upon the parts of the street so paved, or macadamized, pave or macadamize the space between the rails and said two foot strip on either side of said track with the same materials used by said city, in such paving or macadamizing, or upon its failure to do so shall pay to said City of East Liverpool, the costs of the same.) The company agrees when said street is to be paved or macadamized, to place rails thereon at least ten (10 in.) inches in height to enable the proper bed to be placed under the brick or macadam to support the same.

Section 4. Said company shall at all times defend, keep harmless and indemnify said City of East Liverpool from all damages, claims and demands for injury to persons or property, together with any costs and expenses to which said City of East Liverpool may be legally subjected, or made liable in any proceeding at law or in equity, growing out of the exercise or operation of the privileges granted in this ordinance, provided, however, that said company shall have reasonable notice of the pendency of said action, and permission and opportunity to assume the defense of the same.

Section 5. The City of East Liverpool reserves to itself the right to grant to any other corporation operating a line of railway, the right to cross said company's tracks at grade, at any public street crossing, and upon such terms and conditions as to the occupation and compensation as said council may deem just and reasonable, if such companies shall fail to agree thereon between themselves.

Section 6. The running of cars upon any part of said line may be suspended by council without cost to the City for such reasonable period as may, at any time, be necessary on account of the construction or repair of streets, bridges, sewers, or other public improvements, and whenever, for that purpose, it may be necessary to have any tracks taken up, or poles or wires removed, the same shall be taken up and removed and replaced at the expense of said company.

Section 7. The ordinance shall be and remain in force for the period of twenty-five years from and after the date of its passage, and shall convey the rights herein granted to the Youngstown & Southern Railroad Company, its successors and assigns, who shall have the right to maintain and operate said railway, during said whole term or period.

Section 8. If said Youngstown & Southern Railroad Company fails to complete said road on or before July 1st, 1904, then this ordinance shall become null and void and all rights herein granted shall have no further bind-

ing effect on either the City or Railroad Company.

Section 9. Said grantee shall writing, within thirty days after passage of this ordinance, accept rights and privileges herein gran and agree to comply with the co tions thereof, and shall pay the ne sary cost of advertising this ordina and for all other advertising her after incurred in connection herew or this grant shall become void the expiration of said thirty days.

Section 10. The said Youngst & Southern Railroad Company, its cessors and assigns shall carry members of the Police force, San Police, the members of the Fire partment, of the City of East L pool, Ohio, and the Mail carrier said City free of charge while in form, and that the Mayor, mem of City Council, City Clerk, City citor, City Engineer and membe board of Public Service and P Safety shall be provided with co uous free passes over the line i diately upon its completion of line.

Section 11. The said Youngsto Southern Railroad Company shall vide a fifty candle power inca cent light on every third pole, w the corporate limits and shall said lights burning each night six o'clock p. m., to six o'clock

Section 12. The said Youngsto Southern Railroad Company sha charge a fare in excess of five on its lines within the city limit

Section 13. The Youngstow Southern Railroad Company sha gin the construction of its said on or before July 1st, 1903, and give bond to the City of East L pool in the sum of $5,000, said shall be forfeited if the require of this section are not complied

Section 14. This ordinance take effect and be in force fro after its passage and legal publi

REALM OF SPORTS

BIG MONEY OFFERED

Jeffries And Corbett Can Contend for $20,000 Stakes If They Desire.

If Champion Jeffries and former champion Corbett mean business, they have been apprised by this time of an opportunity to fight for what might be said, at this period of the game, to be an extraordinary inducement, says a San Francisco special.

The Hayes Valley Athletic club, of which Aleck Leck is matchmaker, has offered a purse of $20,000 for a twenty round bout between the big fellows the battle to be decided either the latter part of March or the first week in April.

There is no doubt that Corbett will gladly accept the offer, but, in the light of the champion's defeat by Jack Munroe, two weeks ago, the big boilermaker may want to get another crack at the miner and will hold off until he sees that there is nothing doing in that line.

The club, however, proposes to wait long enough for the champion to accept, and when it becomes evident that he wants what is thought here to be easier game than his old associate, the offer will be withdrawn.

Trying to Arrange a Match.

An effort is now being made by Larry Lutz to get a match for a 10-round go with Charlie Miller, of Beaver Falls, will probably secure it but Lutz is willing to put up a side bet on the match and it is expected that arrangements will be completed soon. The Nenpareil Athletic club, of Beaver Falls will probably secure it but the projectors of the new athletic club at New Brighton, Pa., are also after the fight.

Sharkey Challenges Jenkins.

Sharkey is feeling strenuous these days and owing to his inability to get on a match which will be governed by Marquis of Queensberry rules he wants to take a hand at the wrestling game. Tom is now anxious to take on a match with Tom Jenkins and says he will post $500 to bind a match in which Jenkins must agree to throw him twice in an hour.

Will Go Abroad.

"Young Corbett," champion featherweight of the world, and Tom Jenkins, the well-known wrestler, are to invade England and Australia. They will have here in the spring, and, after several bouts in the prominent cities of England, will go in the fall to Australia, where a number of matches will be decided.

SPORTING MISCELLANY.

Jack McClelland has challenged Ben Yanger. Pittsburg wants the bout.

Eight fights have been declared off Young Corbett within the last six months. No wonder the champion is discouraged at these conditions.

The Fort Erie A. C. has offered a purse of $6,500 for a fight between Terry Ryan and Jack O'Brien. O'Brien has accepted, but Ryan is yet to be heard from.

Harry Pulliam is now of the opinion that the two leagues will fail to get together. Consequently he expects to retire at once to open up National league headquarters.

CHRONIC DYSPEPSIA CURED

NAU'S DYSPEPSIA CURE

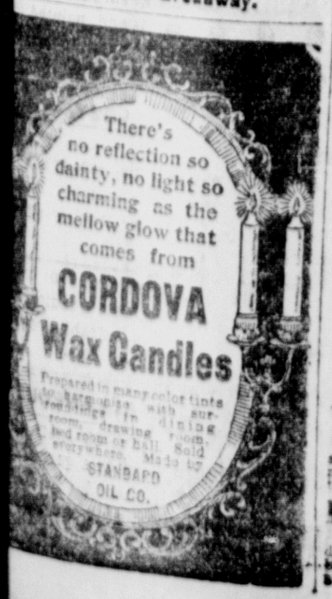

NAU'S DYSPEPSIA CURE cures the cause—is not a patent medicine, but a prescription of one of the United States most prominent physicians. This remedy is bringing health to hundreds of dyspeptics who have tried nearly every other stomach remedy without success.

$1.00 a bottle; six bottles $5.00.

G. A. Frye, No. 2315 Lincoln St., Spokane, Wash., writes: It is with pleasure that I recommend Nau's Dyspepsia Cure. Have only taken 3 bottles and consider myself cured.

Above testimonial is genuine. $5,000 reward if proved otherwise. Send to Frank Nau, 203 Broadway, N. Y. for booklet and information.

Head

Hurt So Badly Was Nearly Crazy.

Had no Sleep—Could Hardly Lie Down.

Dr. Miles' Nervine Permanently Cured Me.

"A year ago I suffered from extreme nervous stomach trouble. I was afraid of everything, could not bear to hear singing or music and reading or hearing of a death nearly brought on my own. I could not sleep or hardly lie down, the back of my head hurt me so badly I nearly went crazy. My shoulders hurt and the least thing I did would bring on an attack of extreme nervousness. There were times when I would have a lump in my throat and my mouth would be so dry I could hardly speak. I was in despair until I began to take Dr. Miles' Restorative Nervine. I have taken in all twelve bottles and consider myself permanently cured. My home doctor has since remarked on my healthy appearance and said he wished he could say his medicine helped me. He knows it was Dr. Miles' Nervine. We are never without the Anti-Pain Pills and consider your medicines household remedies. I cannot say enough for the Nervine, because in addition to my own case my daughter, who was out of school for a long time because of St. Vitus' dance, was completely cured by eight bottles. She is now feeling fine and going to school every day. We thank you for your kindness and will never stop singing the praises of Dr. Miles' Restorative Nervine."—Mrs. C. E. Ring, Lima, O.

SALINEVILLE

Salineville, January 8.—Mrs. R. T. Robins, of Sheridan avenue, East Liverpool, accompanied by her two sons, George and John, are the guests of her parents, Mr. and Mrs. R. G. Thompson, of Main street.

Fred S. Bunn, of Youngstown, was an arrival at the parental home of his wife for a short visit.

J. C. Lewton and wife, from Wattsville, visited the home of his wife's parents, Mr. and Mrs. R. G. Thompson Mr. Lewton had bills printed for a pubuc sale at his home near Wattsville January 7, preparatory to moving to East Liverpool soon.

Harold Dorrance, of Steubenville, visited his parents, Mr. and Mrs. W. Dorrance, of East Salineville.

James Orr, of Washington, D. C., was at home in Salineville during the holidays.

Edward McIntosh, accompanied by his wife, was at the home of his parents, Mr. and Mrs. J. C. McIntosh, for the holidays.

John S. Thompson and wife, accompanied by W. P. Lewton and wife, drove out to Wattsville to attend the sale of personal property of J. C. Lewton.

Steubenville parties are looking after options on coal lands along the line of the Bergholz railroad going north.

Rev. Mr. Jackson, an old veteran, held services in the Presbyterian church in the interests of the anti-saloon league.

THE NEW YORK STOCK MARKET.

No Material Change in Conditions Affecting Values—Call Loan Under 6 Per Cent.

New York, Jan. 8.—The stock market yesterday had a reaction, which had been looked for for many days by the professional element. There was no material change in conditions affecting values since Tuesday, when the market was buoyant and animated up to the very close, but the heavy buying which had been going on meant a large increase in the number of holders waiting to take profits.

The statement of the yearly net earnings of United States Steel induced some large buying of the company's stock, but they suffered equally with others in the realizing movement. The proposition for practically doubling the stock of the Pennsylvania railroad depressed that security.

The selling was attributed in some quarters to a shifting of loans, but the call loan rate did not get as high as 6 per cent at any time, and increasing liberality was shown by lenders in the matter of collateral. The money market continued to gain from the subtreasury, which made another payment of $250,000 yesterday by transfer from San Francisco. The downward course of discounts in London was arrested and sterling exchange rates here were slightly higher, the demand being augmented by the large selling of stocks for London account.

AT BED TIME I TAKE A PLEASANT HERB DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER

My doctor says it acts gently on the stomach, liver and kidneys and is a pleasant laxative. This drink is made from herbs, and is prepared for use as easily as tea. It is called "Lane's Tea" or

Headache

How it eats out the life of every tortured sufferer; what a nerve demoralizer it is. How many a fair face it has transformed into a distorted visage of haggard suffering. How many a happy, genial disposition has been soured and made morose and irritable by its torture. "Blood Wine" is almost a specific for all kinds of headaches: sick, nervous, neuralgia and stomach headaches, with tortured days and sleepless nights. It cools the overheated blood on its way to the fevered, throbbing brain, reduces respiration, clears the coated tongue, cleanses the system and removes every cause. Don't suffer any longer. Get a bottle of "Blood Wine." Fifty cents for a large bottle.

Mrs. John A. Colvin, 76 Main St., Fall River, Mass., says:

"For several years I suffered with a severe headache and constant dragging pains. I tried all kinds of medicines to no avail. I was finally persuaded to use 'Blood Wine' and the first bottle brought blessed relief. I also find its occasional use wards off colds."

Sold in East Liverpool by ALVIN H. BULGER, Pharmacist, 6th and W. Market

London money supplies are much reduced by repayments to the Bank of England.

The bond market became irregular in sympathy with stocks. Total sales par value, $3,685,000.

United States bonds were all unchanged on the last call.

INVESTIGATING COAL FAMINE.

Committee of Illinois Manufacturers' Association Call Upon State's Attorney Deenen.

Chicago, Jan. 8.—The committee appointed by the Illinois Manufacturers' association to pursue the investigation into the causes of the coal famine in this city called upon State's Attorney Deenen yesterday afternoon and urged upon him the advisability of empaneling a special grand jury to act upon a volume of evidence collected, tending to show illegal methods employed by coal dealers to raise the price of coal. The committee left with the understanding that further facts bearing on the situation would be presented to the state attorney.

"There can be no question about the manufacturers' legal rights," said Mr. Deenen, when asked his probable action, "if they have the necessary evidence. The exact nature of the facts the committee has in hand, however, I do not know. We discussed the general scope of the case and the law bearing upon it. As to whether there will be a special grand jury called I cannot say."

The action of the committee followed a meeting earlier in the day, at which replies from a large number of manufacturers throughout the city to a circular letter sent out by the association were considered. Chairman B. A. Eckert declared that the complaints of the manufacturers were almost unanimous to the effect that coal could not be secured from dealers, even where purchased under an iron-clad contract, except at an almost prohibitive price.

Association Will Dissolve.

Cleveland, Jan. 8.—The secretary of the local coal association has sent a communication to County Prosecutor Keeler stating that the association will be dissolved immediately, in accordance with the suggestion that it do so to avoid further prosecution, the first steps in which were taken yesterday. The association has been in existence for seven years and contained practically all the retail dealers in the city. The association submitted its charter to Mr. Keeler and he replied stating that it was in violation of the Valentine state law.

Circumstances Alter Cases.

Tess—Do you believe in long engagements?

Jess—It depends.

Tess—Depends upon what?

Jess—Upon how much money he's got to spend on you.—Philadelphia Press.

Coal-less Desperation.

Mrs. De Fruste—Why, Egbert, surely you aren't going to make ice cream! The house is freezing cold now.

Egbert—That's just it. I'm going to see if I can't get as hot over it as I used to last summer.—Chicago News.

A FRIGHTFUL WRECK.

Fire Adds to the Horror of a Crash on the P. V. and C. Road at Duquesne.

SEVEN KILLED AND TEN INJURED

The Mangled Victims Were Cremated in Wreckage—Accident Was Due to Negligence on the Part of a Freight Train Flagman.

Pittsburg, Jan. 8.—The most disastrous wreck in the history of the Monongahela division of the Pennsylvania railroad occurred at 4:05 o'clock yesterday afternoon near the point known as Cochrans station, in the upper portion of the borough of Duquesne. A score of passengers on the West Elizabeth accommodation, No. 14, southbound out of Pittsburg, were caught in the crash. After being crushed into a mangled heap, the splintered wreck caught fire and added the horror of cremation to the miseries of the victims. The list of dead and injured follows:

The Dead.

Charles E. Stroud, Uniontown, burned and crushed; John Stewart, Allegheny, head and arms charred; Mike Pollack, Clarion; Tony Orcheck, Dravosburg, burned to death; N. C. Buckner, Wilkinsburg, burned; unknown Slav, burned to death.

The Injured.

Thomas D. Cook, Pittsburg, skull fractured and injured internally, will die; unknown Slav, scalded about the head and body, collar bone broken and legs burned, will die; Sullivan Sasa, Clarion, hands severely burned and inhaled steam, will die; John Johnson, Clarion, chest and head crushed, may die; Anton Slato, Clarion, burned about head and body; Michael Gentael, Clarion, scalded about the face, body and limbs and badly burned all over; Michael Chadak, Clarion, scalded about head and body and feet burned; John Yanko, Duquesne, burned about the head and body; John Smith, Duquesne, burned about the head and body; unknown Slavish boy, struck by wreckage while standing on street in Duquesne, injuries slight.

Cause of the Wreck.

An extra freight train had failed to clear the southbound passenger track and when the accommodation came thundering along the corner of a steel gondola, the last car of the freight train, struck the tender of the passenger locomotive. The heavy iron tank was forced back into the combination baggage and smoking car, crushing it against a high stone retaining wall that faced the railroad.

Not a passenger in the ill-fated coach escaped. The tender sheared the timberwork of the combination car from the trucks as if a huge ax had swished across the floor. The car sides, the seats and strong iron rods were jammed into a gnarled mass in the rear section of the coach. In that splintered wreck were 17 human beings. At least four of them must have been instantly killed. Thirteen other victims writhed in hopeless agony, their plaintive cries for help rising above the roar of hissing steam.

Live Coals Ignited Wreckage

Before any of the sufferers could be raised from their horrible prison live coals from the car stove ignited the wreckage. Soon a flood of water was turned on the blazing pyre. The rescuers labored at their task and from the choking mist of steam and smoke brought out the dead and dying. Several were burned into a charred, unrecognizable mass. None had escaped the scorching blaze. Two bodies were observed standing upright, the men having been cremated where they were thrown at the first shock of the collision. One victim lost both legs in the fire and two others were burned about the arms and legs, their faces and bodies being spared the horrible mutilation of the fire.

Prompt Investigation.

Superintendent Mitchell conducted his investigation immediately. He stated last night that the cause of the collision was due to the flagman failing to protect the rear of the freight train, which was crossing over from the southbound passenger track. The accommodation train, he declared, was running on schedule time. Had it been five seconds late the freight car would have passed out of the way and the lives of the passengers would have been saved.

Paul Woodward Hanged.

Camden, N. J., Jan. 8.—Paul Woodward was hanged in the Camden jail yesterday. The drop fell at 10:05 and Woodward was pronounced dead 10 minutes later. Woodward was apparently the most unconcerned person in the party at the hanging and showed remarkable nerve.

Passed Final Trial.

Boston, Jan. 8.—The torpedo boat destroyer Lawrence, the first of her class built by the Fore River Ship and Engine company, successfully passed her final government trial yesterday in a straightaway dash across Massachusetts bay.

Fire at Mauch Chunk.

Mauch Chunk, Pa., Jan. 8.—The Central hotel building, the largest in the city, was gutted by fire yesterday. There were a dozen offices in the building and all were ruined by fire or water. Loss $35,000.

PEPSIN SYRUP CO. Monticello, Ill. Chicago, Ill., December 18, 1901.

Gentlemen,—Eating my food in a hurried and irregular way, sometimes taking only five or six minutes to finish a meal, brought on indigestion and sick headaches, which troubled me so much that I sought the doctor's advice. My skin was rough and pimpled and my eyes dull and heavy. The doctor said my blood and stomach were badly out of order, and advised me to take a regular course of treatment. I took his medicine for two weeks without getting any better. One of my friends who had been using

Dr. Caldwell's (Laxative) Syrup Pepsin

advised me to try that. I bought a bottle that same day, and began to get better at once. Within a month I was like a new being—felt light, happy and well, and I have enjoyed perfect health since, thanks to your excellent remedy.

Very truly yours, MAGGIE WHELAN, 554 W. Taylor St.

Miss Whelan is president of the Young Ladies' Sodality No. 3, Holy Angels Parish, the largest society of young ladies in the Roman Catholic Church.

F. F. EDWARDS, PROPRIETOR OF THE HOTEL EDWARDS OF EAST LIVERPOOL, O., RECOMMENDS

LIFE PLANT

FOR KIDNEY TROUBLE

—READ WHAT HE SAYS—

East Liverpool, Ohio, Nov. 19th, 1902.

The Life Plant Co., Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

FOR SALE BY ALL DRUGGISTS.

THE LIFE PLANT CO., CANTON, OHIO.

FOR SALE BY WILL REED, CHAS. CRAIG AND W. L. WILSON.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Library Board Meets — A meeting of the Carnegie library board will be held tomorrow evening, at which Miss Baker will be present and make report on the books for the past year.

New Brokers' Office—Edward T. C. Slease & Co., bankers and brokers, of Pittsburg, have opened an office in the Potters' National bank building, with a direct private wire to their Pittsburg office.

Preparatory Services—The Friday and Saturday evening class meetings of the First M. E. church will this week be changed into prayer meetings preparatory to the revival services which will be held next week by Rev. M. B. Pratt, pastor of the church.

Big Business Last Year—George H. Owen & Co., steamship agents, have received the annual report of William C. Moore, landing agent at Ellis Island, giving the number of trips made and passengers carried by the different lines of ocean vessels. The total number of trips were 992; steerage passengers, 574,276; cabin passengers, 139,848.

Good Sleighing Again — The snow which has been falling at intervals for the past two days has put the streets in excellent condition for sleighing and the owners of fast horses will be out in full force on the speedway tonight. Fifth street, from Market to the old cemetery, will again be used by the horsemen, the same as during the other snow.

Dr. Pratt's Next Lecture—Rev. Dr. Pratt, who is the lecturer for the series of Sunday afternoon meetings held in the opera house under the auspices of the Y. M. C. A., has announced his topic for the forthcoming lecture. It will be "The New Declaration of Independence," and the line of thought will be along that of the lecture of last Sunday. It is worth the while of every young man in the city to attend these meetings, as much benefit can be derived from them. No admission fee is charged.

HURT BY A FALL

A Slip Caused Andy Bandine to Take a Tumble Over the River Bank.

Andy Bandine fell over the river bank near the C. C. Thompson pottery shortly before noon today and sustained a serious injury to his left hand. He was walking along the river bank and slipped on the snow and ice, plunging headlong into a pile of broken crockery. Instinctively he extended his arms to protect his head, and by doing so probably saved himself from more serious injury.

The left wrist struck a piece of broken pottery, inflicting an ugly looking gash. Bandine hastened to the office of Dr. F. M. Laughlin, where he was given medical attention. It was found that one of the large veins in the wrist had been severed and that the wound, while painful, is not at all serious.

IN GREAT DEMAND

Elks Find the People Eager to Get Tickets For the Victor Herbert Concert.

The Elks have adopted a novel way of disposing of the tickets for the appearance of Victor Herbert's orchestra at the Grand opera house on the night of January 26. The entire body is acting as a committee of the whole and each member has been given tickets representing a row of seats in the opera house. At the benefit last year the tickets sold by the members had to be exchanged for coupon tickets and much inconvenience and annoyance resulted. This will not be experienced this year under the new plan.

There have been a great demand for these tickets and a crowded houses is already assured.

To Entertain Saturday.

Miss Catherine Brookes, daughter of Mr. and Mrs. J. H. Brookes, will entertain a number of her friends on Saturday, January 10, at her home on Pennsylvania avenue from 2 to 5:30.

to break it up. The result is that almost every member is either now in the Canton workhouse or in some other town out of the jurisdiction of the authorities here. It is very seldom that any of the old offenders who formerly appeared before the mayor with great regularity fall into the clutches of the law, and when they do they generally receive a sentence which puts them out of the way of the law-abiding citizens for a considerable length of time.

Public Installation of K. of P.

Lisbon, January 8.—(Special)—A public installation of officers of Brown lodge No. 190, Knights of Pythias in Lisbon last evening, was well attended and an interesting event. After the exercises Lodge Riddle concluded an address by presenting George Knaub, the oldest member of the lodge in the city, with an emblem. Mr. Knaub was initiated in 1867.

Old Judgment Revived.

Lisbon, January 8.—(Special)—Judgment has been revived in the case of Bart Burns, of Lisbon, versus Maggie Mounts, in which judgment was rendered in 1894 for $62 and $10 costs.

Musicians Elect Officers.

The election of officers of the American Federation of Musicians has been held and resulted as follows:

President, W. B. Toland; vice president, Frank Moore; secretary, Samuel Moore; treasurer, William Auld; sergeant-at-arms, Joseph Girard; chairman executive board, William Randolph.

Militia for Inauguration.

Harrisburg, Jan. 8.—A provisional brigade of the national guard of Pennsylvania will be detailed by Adjutant General Stewart to participate in the inauguration of Governor-elect Pennypacker, on Jan. 20. The brigade will be composed of the First, Eighth and Eighteenth regiments, three companies of the Fourth regiment and the Governor's troop, of Harrisburg, and will be commanded by General John C. Wiley, of the Second brigade.

Negroes Going to Liberia.

New York, Jan. 8.—In the steerage of the White Star line steamship Tunica, which sailed yesterday for Liverpool, were 32 colored men, 12 women and 10 children, who are going to Liberia to settle. They came from Irwin county, Georgia. One of the men said: "We are just poor farmers. Business was not very good with us, so we got together, sold our farms and are going out to Liberia to begin life again." The party have about $2,000.
